

Helicopters, Planes Try to Speed Rescue Of Missionaries

At Least 4 Persons Slain
By Congolese Guerrillas

BY ROBIN P. MANNOCK

LEOPOLDVILLE, the Congo (AP) — U.N. helicopters and missionary planes continued desperate efforts today to rescue Christian missionaries threatened by rebel guerrillas in the southwest Congo.

At least four missionaries, including an American woman, have been killed by bands of warriors armed with poison arrows, spears, homemade bombs and primitive guns.

About 150 Americans and Canadians, including several children, have been stationed at

Protestant missions in the threatened area. The U.S. Embassy in Leopoldville said 21 Americans and 14 Canadians, including 10 children, had been rescued.

Peking Blamed

As the terror spread, the Congo government said it had documentary proof Communist China is supporting the uprising. The leader of the rebels is former Education Minister Pierre Mulele, 34, who spent several months in Peking last year.

Mulele was ambassador to Cairo under the Communist-supported Stanleyville regime of Antoine Gizenga, who was imprisoned after the collapse of his secession. Mulele slipped back into the Congo last summer after a year and a half of exile.

Diplomats fear Red China may try to turn the jungle uprising into a major revolt by arming Mulele's men with modern weapons.

Terror Spreads

The rebellion is centered in agricultural Kwilu Province, 250 miles east of Leopoldville, but the terrorism is spreading to the neighboring Kasai and Kwango regions near the Angola border. Fewer than 600 government troops are in the province opposing several thousand guerrillas.

U.N. helicopters airlifted 16 persons from a Catholic mission at Kisandji Monday in the third mercy flight since the attacks began. Unconfirmed reports say a priest and nun were killed at Kisandji last week.

The confirmed victims of the roving bands were three Belgian Roman Catholic priests and an American Baptist missionary, Irene Ferrel, 43, of Jerome, Idaho.

Miss Ferrel was killed by a rebel's arrow at the Baptist mission's center in Mangungu last Friday night.

A companion, Ruth Hege, 58, of Wellington, Ohio, was wounded in the arm during the attack. Miss Hege sent a letter by African runner disclosing her friend's death and pleading for rescue.

Attempt Made to Burn Tivoli Guest House

PANAMA (AP)—An attempt to burn the Tivoli guest house in the Panama Canal Zone failed Monday.

The guest house, which is near the border of the zone, is a symbol of nationalist hatred because the 1903 Canal Zone treaty was signed there. It has been vacant since the violence on the Canal Zone border early this month.

Young, according to the Post, said he turned over a batch of some 10 letters to Sen. John L. Williams, R-Del., who has been instrumental in pressing the Baker inquiry.

The committee is investigating whether Baker, who resigned under fire on Oct. 7 as secretary to the Senate's Democratic majority, engaged in outside business and financial activities that conflicted with his official duties or involved other improprieties.

Baker's MGIC Holdings Eyed In Senate Quiz

Probers Want to Learn Reason for His Investment

BY JOHN CHADWICK

WASHINGTON (AP) — The Senate Rules Committee explores today how former Senate aide Robert G. Baker happened to invest in a Milwaukee insurance company whose stock skyrocketed and helped to finance his business dealings.

Max H. Karl, president of the Mortgage Guaranty Insurance Corp., was listed as principal witness for the public hearing. The committee, the Washington Post said today, has received new evidence bearing on another angle in the Baker investigation—the sale to a Baker associate of advertising time on the Austin, Tex., station KTBC-TV, a property of the Lyndon family.

The newspaper said the material is correspondence between Albert G. Young, president of the Mid-Atlantic Stainless Steel Corp., and officials of the station.

The Post quoted Young as saying the documents substantiate the account of insurance man Don B. Reynolds whose version of the transaction conflicted sharply with presidential assistant Walter B. Jenkins.

Denies Charges

Reynolds, a friend of Baker who sold President Johnson \$200,000 worth of life insurance between 1957 and 1961, told the committee Jenkins had persuaded him to buy \$1,208 worth of advertising time on the Austin station.

Jenkins emphatically denied the allegations in an affidavit to the committee.

Reynolds said he had no use for the advertising time so assigned it to Young, a neighbor in Silver Spring, Md.

Young, according to the Post, said he turned over a batch of some 10 letters to Sen. John L. Williams, R-Del., who has been instrumental in pressing the Baker inquiry.

The committee is investigating whether Baker, who resigned under fire on Oct. 7 as secretary to the Senate's Democratic majority, engaged in outside business and financial activities that conflicted with his official duties or involved other improprieties.

Dave Beck's Appeal For Parole Rejected

SEATTLE (AP) — Former Teamsters' Union boss Dave Beck's bid for parole has been turned down.

Beck, 68, who is serving a five-year sentence on charges of filing fraudulent tax returns for the union's Joint Council 28 Building Association in Seattle, is in McNeil Island Penitentiary in Puget Sound.

He would have been eligible for release Feb. 20 if his parole request Friday had gone through. Now he won't be up for reconsideration until July.

Beck has been in prison since June 20, 1962.

Red China Expects France To Break Nationalist Ties

Some Negroes Clap Their hands and shout as others lie in the street a block from a segregated restaurant in Atlanta, Ga. About 50 of them locked arms and

officers had difficulty in unscrambling the mass. Several were arrested earlier in the night as they protested against the restaurant's policies. (AP Wirephoto)

Mass Arrests Made During Atlanta's Worst Outbreak in Years on Race Issue

U. S. Considers Need for Sending Force to Cyprus

WASHINGTON (AP) — The United States is seriously considering sending a contingent of troops to Cyprus, as proposed by Britain, but U.S. officials said today more information will be needed before they can make a final decision.

The State and Defense Departments are asking the British for precise information on the number of men they think should be assigned to the mission and how long they might be involved in the troubled Mediterranean island.

British leaders reportedly feel they have enough troops on the island to take care of minor problems but not enough to handle an outbreak of serious trouble. Conferences involving Greek and Turkish elements are underway in Britain but a full solution of the dispute between the Greeks and Turks of the Cyprus population is not in sight and the British government is afraid the situation could blow apart at any time.

Civil Rights Leaders Pledge More Segregation Protests

BY DON MCKEE

ATLANTA, Ga. (AP) — Militant civil rights leaders planned today for more mass protests of segregation after more than 100 persons went to jail Monday in street demonstrations.

A siege of the downtown area for the third night by marching, milling demonstrators, mostly Negro students, heightened the worst racial crisis in years for this city.

Despite mounting arrests, now nearly 200, youth leaders said they would continue the mass onslaught, centered on a segregated restaurant.

Whites Cheer Arrests

Police officers declared a state of emergency Monday night in the busy downtown area surrounding Lebe's, a restaurant which refuses to serve Negroes.

NATO's Commander Visits Turkey, Greece

PARIS (AP)—Gen. Lyman L. Lemnitzer, NATO's supreme commander for Europe, left today for a short visit to Turkey and Greece.

Officer Says He Knew of Bribe Offer

CHATTANOOGA, Tenn. (AP) — A nervous Nashville policeman admitted today he knew of an attempt to bribe a juror in James R. Hoffa's 1962 conspiracy trial. But, he said, he did not report it to his superiors.

James T. Walker, the policeman, was cross-examined by defense lawyers in the jury tampering trial of the Teamsters Union president and five other men. All are accused of trying to influence jurors in the earlier trial in Nashville.

Referring to conversations he said he had with Thomas Ewing Parks, one of the six on trial, Walker said: "Parks told me: 'We'd be willing to pay up to \$10,000 to Mr. Fields.'"

Walker referred to Grain Fields, a juror who was removed during the 1962 trial. He did not identify "we." Walker, Parks and Fields all are Nashville Negroes.

Asked by Parks' lawyer, Jacques Schiffer of New York, if he reported the conversation to Nashville police superiors, Walker replied, "No."

Then, turning to U.S. Dist. Judge Frank Wilson, Walker said he did tell federal authorities about the meetings he said he had with Parks.

He explained that he did not report the matter voluntarily because, he said, nothing illegal occurred in his presence.

Rusk Pledges Continued U. S. Support to Formosa; Raps Peking's Militancy

TOKYO (AP) — Red China served notice today it expects France to break relations with Nationalist China as the price of establishing diplomatic ties.

In the first comment on the simultaneous announcements on Monday that Red China and France were establishing diplomatic relations, Peking said it does not recognize a two-Chinas concept.

Thus Peking seemed to blow up President Charles de Gaulle's hope of maintaining relations with both the Communist and Nationalist regimes under a two-Chinas policy.

A Red Chinese Foreign Ministry statement broadcast by Radio Peking said Red China, in agreeing to enter into diplomatic relations with France, understood that Paris would break with Nationalist China.

Reassures Nationalists This is contrary to what French official sources had said. They insisted Peking had not asked to end relations with President Chiang Kai-shek's regime on Formosa.

Nationalist China denounced French recognition of Red China, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China: "We have no doubt about the militancy of Peiping (Peking). We think it would be a serious matter for the authorities in Peiping to believe that a policy of militancy pays dividends."

Indiana U. Head Urges Stoughton Atom-Smasher

CHICAGO (AP) — The president of Indiana University continued the campaign today to bring a \$150 million super atom-smasher to the Midwest by insisting that Stoughton, Wis., would be the ideal spot for it.

An advisory committee of the Atomic Energy Commission recommendation was rejected by President Johnson.

Elvin J. Stahr said "a very careful survey showed that an area near Stoughton would be the best place."

"We have a tremendous stake in the future of high energy physics in the Midwest," said Stahr, after a meeting of members of the Midwest Universities Research Association. (MURA).

Stahr also revealed that his group of Midwest university scientists will collaborate with the Argonne National Laboratory and with a group at Brookhaven National Laboratory (Long Island, N.Y.) in the design of a new accelerator of very high energy.

na, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China:

"We have no doubt about the militancy of Peiping (Peking). We think it would be a serious matter for the authorities in Peiping to believe that a policy of militancy pays dividends."

U. S. Expects to Reduce Forces In S. Viet Nam

McNamara Hints At Action Despite Military Setbacks

BY FRED S. HOFFMAN

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara expects more U.S. military men to be withdrawn from South Viet Nam this year despite some serious reverses to Vietnamese forces in the war against Communist guerrillas.

This was disclosed today by sources close to McNamara after the defense chief acknowledged to a House committee that the Red Viet Cong had made considerable progress since a Vietnamese military junta overthrew the Diem regime in early November.

Situation Not Bright McNamara's description of the military situation as "grave" cast his evaluation of the Vietnamese war in a pessimistic light.

Informants said the defense secretary's congressional testimony recognized that there have been setbacks but did not reflect any deepening gloom.

Recent field reports to the Pentagon have told of a slowdown in Viet Cong operations after a high point of terrorism and attacks during the weeks after the early November coup.

Rightly or wrongly, the informants said, U.S. military men in Viet Nam continue to tell McNamara that the Viet Cong are not capable of maintaining a high level of operations.

Sources noted that the Mc-

Pope Sets Feb. 16 For Start of Reform In Church's Liturgy

VATICAN CITY (AP)—Pope Paul VI today set Feb. 16 for the start of the broad reform in Roman Catholic public worship promulgated in the Vatican Ecumenical Council's decree on liturgy.

Some of the reforms, in the greatest changes in Roman rite liturgy since the third century when Latin replaced Greek in the Western church, becomes effective immediately on Feb. 16.

Others will be worked out in detail by a special commission which the pontiff announced today would be set up. Its work might take months or years before other reforms can be put into effect.

The liturgy decree includes the power for a national council of bishops to decide whether and how much modern language should be put into the mass in place of Latin.

Bad Day to Carry Your Umbrella

Fox Cities — Partly cloudy tonight with low near 7. Clear and warmer Wednesday. High near 32. Light southwest winds increasing to moderate Wednesday.

Appleton—Observations at 10 a.m. today. Temperatures for the 24-hour period: High 17; low 1. Wind velocity: 3 mph west. Barometer: 30.40 and rising. Relative humidity: 85 per cent. Dew point: —2. Temperature: 9. Skies: Clear. Precipitation: Trace. Sun sets at 4:56 p.m., rises Wednesday at 7:16 a.m.

'Forgot to Pull Plug'

Mistake by Crew Forces Delay in Attempt to Launch 2-Stage Saturn I

BY HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) —The first two-stage Saturn I, believed to be the world's most powerful rocket, sits on its launching pad today because somebody forgot to pull a plug.

Monday's mistake, which caused postponement of the test launching until Wednesday, also cost American taxpayers several thousand dollars.

Exact Cost Not Estimated Neither the National Aeronautics and Space Administration nor the Air Force could produce the exact amount the neglect cost the taxpayers. Estimates of salaries involved for the 200-man launching pad team was \$18,000.

The Air Force, which oper-

ates the Atlantic Missile Range, said it cost the space agency about \$20,000 an hour for use of the range—fuel, range safety, tracking and other support facilities during the final hours of the countdown.

The operation ties up five Air Force Service aircraft assigned to recover performance-recording cameras which are to be ejected from the rocket during flight. No estimate was available on the cost.

The Air Force emphasized that all agencies which use the missile range are geared to absorb such costs because of the number of missile shot postponements, caused by technical or weather reasons.

The countdown on the Saturn I, which is to boost the heaviest

satellite ever sent aloft, had been under way 11 hours when it was discovered that a line which funnels liquid oxygen oxidizer to the fuel tanks was not delivering. Technicians then found that someone had forgotten to remove a test device called a "blind flange."

Team Careless The flange, an aluminum plate, was inserted in the line two or three days previously during a line pressure leak check.

"It was carelessness on the whole (200-man) team, a human error," said Rocco Petrone, a project official. "It was a routine procedure that we've done many times before. This time, we didn't do it. We make mistakes."

Reapportionment Study Sidetracked

Legislative Council Fails to Include Proposal in Projects

Post-Crescent Madison Bureau
MADISON—The fate of a proposed study of reorganization of county boards to provide a population basis of representation remained in doubt today following the failure of the urban problems subcommittee of the Legislative Council to list it as one of its study projects. The urban studies committee failed to act on a conference was organized here Monday at its first meeting, with the selection of Assemblyman Harold Clemens of rural Waukesha County, veteran Republican legislator, as chairman. The members indicated that the development of a reapportionment plan fair to the cities, versus subject of county board for the consideration of the next reapportionment later in the year, if the legislature ignores the proposal again when it meets in April. Fox Valley representatives last year had offered a study proposal to the legislature, at the request of civic leaders in the growing cities of that region. But the issue was caught up in the traditional rural vs. urban rivalry and was side-tracked in November when the law-makers failed to act on a conference report which represented an attempt to compromise the differences of rural and city spokesmen. In its original form, the legislative study would have required the development of a reapportionment plan fair to the cities, versus subject of county board for the consideration of the next reapportionment later in the year, if the legislature ignores in 1965.

Peking Expects Paris To Cut Formosa Ties

CONTINUED FROM PAGE 1
that it is profitable because on that issue may turn the peace of the world." Pledges Violated Rusk accused Red China of violating its pledges to keep the peace in Southeast Asia. In his speech to the Japan-America Society, Rusk declared the United States recognizes only Nationalist China and "will never abandon the 12 million people on Taiwan (Formosa) to Communist tyranny." Red China's foreign ministry statement noted that "according to international practice, recognition of the new government of a country usually implies ceasing to recognize the old ruling group overthrown by the people of that country." Rusk spelled out the U.S. attitude towards Peking's Red rulers at a dinner winding up a U.S. - Japan Cabinet conference on trade and economic problems. "Peking still insists upon the surrender of Taiwan as the sine qua non of any improvement whatever in relations with the United States," Rusk said. "We are loyal to our commitments to the government of the Republic of China." Agreements Violated In a detailed indictment of the Communist regime, President Johnson's No. 1 Cabinet official declared: "Peking has violated the Geneva agreements of 1954 on Indo-China and the Geneva agreements of 1962 on Laos. It incites and actively supports aggression on Southeast Asia. "Peking attacked India and occupies a position from which it continues to threaten the sub-continent of South Asia. "Peking is attempting to extend its tactics of terror and subversion into Latin America and Africa. Contempt for Peace "In other words, Peking is demonstrating every day that it has nothing but contempt for the most elementary condition of peace: namely, leave your neighbors alone. "Free nations must not reward the militancy of Peking or give Communists anywhere any ground for hope of profit from the use or threat of force." Rusk said the American people have deep sympathy for the plight of the people on the Chinese mainland and "look forward to the time when it will be possible to resume our historic ties of friendship with them." Rusk Sees Ikeda "When mainland China has a government which is prepared to renounce force, to make peace and to honor international responsibilities, it will find us responsive," he said. Rusk met with Japanese Prime Minister Hayato Ikeda earlier today but there were conflicting reports over how deeply they went into the Red China issue. A U.S. spokesman said Rusk and Ikeda agreed to state publicly that they discussed "the French recognition of Communist China." Yasumi Kurogane, secretary of the Japanese Cabinet, told newsmen the recognition question was not raised since it had been examined by Rusk and Foreign Minister Masayoshi Ohira. No Accord on Recognition The conflicting reports supported belief that the United States and Japan do not agree on what to do about French recognition. Rusk has made two unsuccessful attempts to convince Ohira of the desirability of working together to prevent the spread of the recognition move. The Japanese government has expressed hope that French recognition will not upset the unity of the anti-Communist world. It indicated it has no intention of breaking relations with Nationalist China but said it will pursue an independent policy toward Red China. Lawyer Satisfied With Jurors in Evers Murder Case BY BILL CRIDER JACKSON, Miss. (AP) — Byron de la Beckwith's murder trial resumes today with the prosecutor satisfied he had seated 12 jurors who "believe it is a crime for a white man to kill a Negro." Beckwith, 43, a dapper ex-Marine from Greenwood, Miss., is accused of lying in ambush for Negro civil rights leader Medgar Evers and shooting him in the back at Evers' home here last June 12. Dist. Atty. William L. Waller, 37, accepted 12 white male jurors at the end of a night ses-

Moments After a Bomb Exploded under the hood of his auto outside Chicago's Criminal Courts building Monday, Louis Barbe, 32, co-defendant in Cosa Nostra fraud trial, writhes in pain while a policeman attempts aid. Barbe is a witness in the case whose other defendants include Marshall Caifano, held under the name 'Sam Marshall' for extortion. Photo was made by Chicago Sun-Times' Jack Lenahan. (AP Wirephoto)

Barbe Said Satisfactory After Bombed With 6 Dynamite Sticks

Victim Is Chief Witness Against Chicago Cosa Nostra for Criminal Insurance Fraud

CHICAGO (AP) — An insurance agent who turned informer on Chicago's Cosa Nostra was reported in satisfactory condition today after a dynamite bomb planted in his car exploded near the Criminal Court building on the city West Side Monday. The bomb exploded when Lewis C. Barbe, 32, switched on the ignition. The blast threw Barbe from the car onto the street, severely mangling his right leg.

Police said the bomb, composed of at least six sticks of dynamite, was apparently planted while Barbe made a court appearance. Barbe was in court 30-40 minutes. The explosion shattered 50 windows in a nearby building and blew the hood of Barbe's 1963 model car 200 feet over the roof of a building. Chief Witness Barbe is considered the prosecution's chief witness against reputed Cosa Nostra leader, Marshall Caifano, 52, and six other alleged racketeers. Barbe last year told police he had evidence linking several Chicago hoodlums with insurance fraud schemes. Barbe was indicted with Caifano and six other men for conspiracy to commit theft of \$48,000 by defrauding an insurance company. Caifano now is on trial in Los Angeles on extortion charges under the name of Johnny Marshall.

A heavy police guard was assigned to Barbe's hospital room. It was reported that another prosecution witness—Allen Widmark, president of Chicago Rolling Mill Products Co.—told police of receiving telephoned death threats. A police guard was assigned to his home. Barbe drove up to the Criminal Court building at mid-morning Monday for a court appearance involving the insurance case. After the case was continued to Feb. 6 to await the end of the Los Angeles trial in which Caifano is a defendant, Barbe left the building and returned to his car. As he switched on the ignition, the bomb exploded, ripping off the car door and ejecting Barbe into the street. He remained conscious until he was removed to a hospital some 15 minutes later. A crowd gathered as Barbe lay writhing on the street. Barbe screamed to a policeman: "Get the stuff out of my car. Take care of my briefcase." At the hospital, a team of surgeons worked three hours on Barbe's shattered leg. A spokesman said later Barbe would recover and that amputation was unnecessary. The blast blew Barbe's shoes from his feet, tattered his clothing and singed his hair. Asked if he knew who planted

Dodge Will Includes 9 Cars, Castle and Photograph of Nude

DETROIT (AP) — An inventory of Horace E. Dodge's estate, which has been described as nearly impossible to estimate, was filed Monday and included a foreign castle, a photograph of a nude and nine cars. Dodge's attorney, Douglas L. Patterson, filed the inventory in Wayne County Circuit Court. The playboy-sportsman heir to an automobile fortune wrote at least ten wills. Items in the inventory included a castle and 99 acres of land in Berks County, England, known as St. Leonards, and a 28-room villa in Cannes, France. St. Leonards, of which Dodge is named sole owner, is valued at \$500,000. The villa, described as a business enterprise with Dodge and his widow, the former Gregg Sherwood, one-time showgirl from Beloit, Wis., as stockholders, is valued at \$800,000. The nude photograph, a gilt-framed and 8 by 10 inches in size, is of a woman seated at a table. The inventory list does not identify her.

Speakers Hit Racine Human Rights Group Commission Charged With Exceeding Its Authority

RACINE (AP) — The Racine Human Rights Commission has been exceeding its authority, two speakers said Monday night at a meeting called to consider a \$750 cut in the agency's already approved appropriation for \$1,850 for 1964. The commission's opponents at the meeting which drew 200 persons claimed the agency fostered "subversive ideas" and helped usurp property rights. Defenders said the claims were baseless and described the commission as "the only recourse for wronged minorities." Chiropractor Helmer L. Harper, spokesman for the Citizens' Civic Committee and one of the leading critics of the human rights agency, said he resented having his tax money used to operate the commission. He said the commission helped to violate "a natural constitutional right to own and control property." "If we cannot choose to whom we are going to sell and rent our property," Harper said, "we are in danger of a totalitarian take-over of property rights. I have the right to discriminate and be discriminated against." Gerald H. Janca, vice president of the National Association for the Advancement of White People, said the Human Rights Commission was dominated by the NAACP, the National Association for the Advancement of Colored People. Sloan Williams, president of the Racine chapter of the NAACP, defended the commission saying it had helped to discourage "widespread unsophisticated racial prejudice." By unsophisticated, he said, "I mean they tell you when you go to rent 'I won't rent to you because...'" Williams said that if the commission's activities were halted, the city would be "courting trouble because minorities have no recourse but violence." Mayor William H. Boyer joined in the defense of the commission, saying he supported its work "one hundred per cent." A decision on the budget reduction will be made at the Feb. 4 meeting of the Common Council.

Band Music Highlight Of Oshkosh Program

Former Neenah Man, Ronald Rogers, Performing With Paul Lavallo's Group

BY JINGO
There will be a lot of memories at the Oshkosh Civic Auditorium tonight as Paul Lavallo brings his band to the Town and Gown Series audience.

Lavallo and his Band of America are something of a tradition that spans almost all of the electronic entertainment era. It's really not surprising that Lavallo and his outfit have had such staying power. There's nothing that can beat a really good band and there is no music that has such universal appeal as good martial airs.

For the Fox Cities, the Band of America appearance will have a special attraction because of Lavallo's guest star, Ronald Rogers. Rogers is a Neenah boy who has made the stage pay.

His big baritone has been heard on both sides of the Atlantic. He's performed musical comedy in tents, bandstands and huge halls, as well as intimate theaters. He's "played it straight" in the legitimate theater and has thrilled the bistro crowds. He's even shared his talents with watchers of the boob tube. The Town and Gown Series has provided — and will provide — some very fine entertainment this season, but Jingo feels tonight's performance is going to be something of a highlight—a pinnacle among an Alps of fine attractions.

Another "poll" has reached Jingo's desk. This one is the questionnaire that went out to 443 radio and TV critics, feature writers and editors throughout America and its results have picked the "All American Awards of the Year" in TV and radio.

There's an ironic twist to the results. Andy Williams and Judy Garland were named Man and Woman of the year in TV. Andy has had his TV appearances slashed during the season and Judy is on her way off the air.

Vocal Awards
Andy also was dubbed for his Musical Show of the Year and was named Vocalist of the Year — Male. Leslie Uggams won the female vocalist laurels.

There's an interesting twist in the choice of the best orchestra on TV and on radio. The New York Philharmonic won the TV nod and Percy Faith the radio kudo. What's the dis-

Tom Tryon Plays the title role in "The Cardinal," opening Wednesday at the Viking Theater in Appleton and the Raulf Theater in Oshkosh. The movie, an Otto Preminger production, is based on the bestseller by Henry Morton Robinson and concerns the story and conflicts of an American priest. Told against a background of two wars, the movie was filmed in New England, the South and in Vienna and Rome. Other notables in the cast are Romy Schneider, Carol Lynley, John Huston, Dorothy Gish and Burgess Meredith.

Garry Moore Showcases Carol Burnett

BY TV SCOUT

9-10 (Channel 2)—Carol Burnett guests on The Garry Moore Show, and that's good news. To welcome Carol back, Garry has compiled a series of film clips of some of her rougher past appearances. Then she appears in a gentle skit about a wife who can't remember anything, including her husband's name. Shani Wallis sings "I've Been Around." Jackie Mason talks about national and international politics.

6:30-7:30 (Channel 11)—Combat has another taut vignette, well worth viewing. Vic Morrow, Pierre Jalbert and Conlan Carter are captured by Mark Richman, an Ivy League Nazi who boasts of his American education. He plans to use our heroes to escape American-held territory.

6:30-7:30 (Channel 4-5)—A good portrait of a sensitive young man who covers up his feelings by acting the campus clown gives Mr. Novak a good episode. Peter Helm, a winning actor, plays this lad.

7:30-8 (Channel 11)—McHale's Navy has the delicious idea of putting Binghamton (Joe Flynn) in an hypnotic trance brought on by Parker (Tim Conway) using his correspondence school course in hypnosis. A complete character change for nasty Binghamton follows.

8-9 (Channel 4-5)—"First Sermon," on The Richard Boone Show, seems to be trying to get a message across, but it is completely obscured in an unrealistic plot. Guy Stockwell is a young priest to whom Robert Blake confesses a maybe murder.

8-9 (Channel 11)—The Greatest Show on Earth has a comedy with some pleasant moments. "The Show Must Go On—To Orange City" sends the troupe into a mad melee with a charity beauty contest, run by Martha Hyer. She refuses to vacate the arena in time for the circus to open.

8:30-9 (Channel 2)—The Jack Benny Program is one long joke about Jack's stinginess. Bobby Darin is the guest, playing Bob-bey Darin actor, Bobby Darin impersonator and Bobby Darin singer.

9-10 (Channel 4-5)—The wit-sophistication, elegance and

To Your Good Health

Slip in Reply to Child's Sex Query Not Failure

BY JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My problem is a common one I suppose, but it does concern me very much. I have waited for some time for my daughter to ask how a baby gets in the mother.

Although she has asked other questions and I have answered them as honestly as I can, she seemed to avoid that one. I just hoped that when she finally would ask, I could answer her honestly and in a way that wouldn't worry or scare her.

Well, she asked this morning and my mind just went blank. I'm so ashamed that I couldn't handle it better. I put her off with the excuse that I was afraid she would be late for school, and I'd talk about it when we had plenty of time.

My daughter is 12 years old and very easy to talk to, as we have discussed all sorts of things concerning growing up. She knows how a baby is born (I had a new baby a few months ago).

I would appreciate any advice you can give. Or maybe I am making a big problem out of nothing.—MRS. R. L.

It seems to me as though you had a case of "buck fever," like the hunter who looks forward to his first shot—and then freezes. Or the person who prepares for a speech or a concert or whatever, and is so well prepared (and so keyed up) that he is briefly paralyzed when the awaited moment finally comes.

Yes, I think you are making

just plain pretty music of Cole Porter gives The Bell Telephone Hour a lively, melodic outing. Ethel Merman is hostess and premiere chanteuse. Pianist Peter Nero, John Raitt and Martha Wright, Gretchen Wyler and Jillana round out the cast. (Color)

9-10 (Channel 11)—The Fugitive has an off-night as David Janssen gets mixed up with a spoiled brat of a vamp who tosses herself at every man she

too much of the incident. Children, being logical, are almost always easy to talk to when their parents conscientiously try to be honest and sensitive.

One little stumble doesn't destroy that! Your bright daughter will ask again when the question crosses her mind, and that will be that.

You've fallen victim to what I think is the one big failing of so much that is written and said about bringing up children.

We put so much emphasis on this or that point that we lose our perspective. To be sure, lack of frankness or honesty with a child has its consequences. He or she gets an idea that one "mustn't ask questions" about something or other, and stops asking.

But that doesn't come from just a single incident.

So, Mrs. R. L., relax. Thus far you've done very well.

Dear Dr. Molner: Can Addison's Disease be cured? If neglected until the skin has become bronze (almost black) can the patient expect to regain good health and vitality? What are the chances of survival when a thyroid deficiency complicates the case?—D.B.

Addison's Disease is not cured in the sense of complete recovery—like measles or pneumonia. Yet with cortisone-type drugs and adequate salt intake, it can be controlled, just as diabetes can be controlled but not cured. In many cases the presence of the tuberculosis germ (in the adrenal glands rather than in the lungs) is a causative factor. Hence the future prospects depend on controlling this germ.

Thyroid deficiency can be one of the complications in this disease, and should be treated with appropriate doses of thyroid substance.

Dear Dr. Molner: I have heard that a person can go to a doctor for a "shot" every

Molner

day and, along with diet, lose weight only where necessary. Can you give me any information about this?—L.M.
It isn't true. Sorry. When you lose weight, your dimensions decrease in all areas of the body.
Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Young Women From 17 High Schools Learn Secretarial Fine Points at Saturday Seminar

The number one reason a secretary is dismissed from her job is not the lack of know-how or skills or education. "It is simply the lack of ability to get along with other people," Miss Loraine Rentner, president of the Appleton Fox Cities Chapter of National Secretaries Association (International) told high school girls at the Saturday Workshop at the Conway Hotel. She went on to tell the young women, all interested in secretarial careers, that those entering the secretarial field need more than just a typing and shorthand certificate when they start out.

Miss Rentner said she did not mean to underestimate the importance of secretarial ability, but to explain that potential employers expect an applicant to possess rudimentary office skills. The young woman wishing employment should be courteous and friendly, speak clearly and slowly and must develop a good telephone personality. Strict attention to English and grammar are vital. A secretary should know punctuation and grammar, Miss Rentner advised. She should also develop a good vocabulary so that when she speaks, it is with the voice of culture and education.

First Impression
Appearance is also important, the speaker stated, as it is the only means by which

people can judge at first glance. She advised neatness about everything — clothing, hair, hands and feet. Neat, simple, smooth shiny hardoes are best for office wear and the natural look is best in make-up. Perfect grooming should be the goal, from head to toe. Buying good clothing will save money in the long run, she stated.

A good secretary owes it to her employer to watch her health. Absenteeism costs the company money and a tired, inefficient secretary affects the entire office.

Attitude Components
The proper attitude is absolutely essential, Miss Rentner told the young women. If the right one is developed at the start, the going is much easier. First, a secretary

should be sure she is doing the work that is right for her; she should be loyal to her boss and the company and give others the impression they are the best in the world; she should practice economy, not wasting equipment and supplies, she should develop the right attitude toward her boss, trying to understand him and make things easier for him, not taking things personally and turning on the tears; and she should learn that confidential matters are her trust and should not be revealed to anyone.

The best attributes a secretary can bring to her job are dependability, industriousness, tact and courtesy, serenity under pressure, poise and digni-

ty, initiative, promptness, loyalty, discretion, and common sense.

Mrs. Leslie Romberg, chairman of the Seminar, welcomed 200 students from 17 high schools and several teachers to the second High School Business Students Seminar, which opened at 1:30 p. m. Saturday at the Conway Hotel.

Participated in Panels
After Miss Rentner's address, the girls attended various panel discussions. Two were led by members of the Outagamie County Chapter of the American Association of Medical Assistants.

Committee chairmen planning the workshop were Mrs. Romberg, Neenah; Miss Carol Schulze, co-chairman; Miss Patricia Van Hulle, brochure; Mrs. Ron Wenninger, registration; Mrs. Leo Van Dreasek, Kimberly, handouts; Miss Martha Welhouse, Kaukauna, tea committee; Mrs. C. J. Anderson, finance, and Mrs. James H. Kranzusch, publicity.

Visiting at the Speakers Table at the National Secretaries Association Saturday workshop for high school girls, held at the Conway Hotel, are Ruel P. Falk, Neenah, a teacher; Miss Loraine Rentner, president of the sponsoring organization; Mrs. Leslie Romberg, Neenah, chairman of the seminar, and Sr. M. Dennis, O. P., Little Chute, also a teacher. Seventeen high schools were represented at the event, the second sponsored by the Fox Cities Chapter.

Mrs. C. T. Anderson and Mrs. Leo Van Dreasek register student Victoria Poppe, Elaine Ebbesen and Christine Peeters, all of St. John High School, Little Chute. At left, talking about careers in the secretarial field are Sue LaFond, Neenah, Jean Rader, Appleton, and Mrs. William Gloude-mans, Appleton. At right, Miss Donna Schultz, Menasha, a secretary at St. Elizabeth Hospital, and Mrs. Ronald Leist, Appleton, members of the American Association of Medical Assistants, conduct a panel during the afternoon program. (Post-Crescent Photos)

Engagement Announced

WINNECONNE—Mr. and Mrs. Paul Falk, Winneconne, have announced the engagement of their daughter, Elizabeth Ann, Madison, to Kent H. Newell, son of Mrs. Luella Newell, DeForest.

Miss Falk, graduate of Madison Business College, is employed at the University Hospitals, Madison. Her fiancé is stationed with the Army at Fort Jackson, S. C.

A late summer wedding is planned.

Stardusters Begin Fifth Dance Season

"For Me and My Shadow" will be the theme of the Stardusters Dance Club party when

the group begins its fifth season Saturday evening at the Conway Hotel.

Get-acquainted parties preceding the dance will be held at the homes of Mr. and Mrs. Roy Ciske, Mr. and Mrs. Lee Loughran, Mr. and Mrs. Walter Stahl, Mr. and Mrs. Robert Stumpf and

Mr. and Mrs. Melvin Tummel. Mr. and Mrs. Fred Steckelberg are chairmen of the dance.

They will be assisted by Mr. and Mrs. Lyle Bauknecht, Mr. and Mrs. William Fisher, Mr. and Mrs. Clifford Merkle, and Mrs. Jerome Spaay and Mr. and Mrs. Ruben Tummel.

Miss Judy Brandt

Fall Wedding Planned by Engaged Pair

Mr. and Mrs. Howard Brandt, 1609 Charlotte St., have announced the engagement of their daughter, Judy Ann, to Donald H. Duke, 131 S. Oneida St. He is the son of Mr. and Mrs. James Duke, route 2, Kaukauna.

The bride-elect and her fiancé are students at Appleton High School. Miss Brandt is employed at Appleton Memorial Hospital. Mr. Duke is employed at Elm Tree Bakeries.

A Sept. 5 wedding is planned.

Grow Greenery in Water

Here's a way the working wife and busy mother (PTA, Scouts, etc.) can get a splash of greenery that is virtually a requisite in every room setting today, with very little time needed for maintenance.

Simply grow certain plants in water.

An indoor water garden is an excellent way to decorate a warm water. Then plants may home with plants that are sturdy, long-lived, and lushly dramatic. Plants capable of forming roots and thriving when they are kept in ordinary water include philodendron, miniature and variegated ivies, Chinese evergreen, silver pothos, and wandering Jew.

To start an indoor water garden, remove healthy plants carefully from pots. Soil should be gently broken from the roots, and the rest of the earth flushed away by rinsing under lukewarm water. Then plants may be arranged in containers, and dy, long-lived, and lushly dramatic. Plants capable of forming roots and thriving when they are kept in ordinary water include philodendron, miniature and variegated ivies, Chinese evergreen, silver pothos, and wandering Jew.

To keep water sweet and

clear, add a small piece of charcoal.

Extremely unusual decorative effects can be obtained through careful selection of plants, accessories, and containers. One suggestion is lush philodendron in a tall, tapering green-tint glass bottle. Another has silver pothos in a glass-block type vase partially filled with sea shells, or in a giant brandy snifter containing glass slag.

Maximum Beauty
Of course, for wall decorations, few decorative effects can be as attractive as miniature ivy cascading from a small clear glass container, available in literally hundreds of different shapes and sizes.

For an attractive indoor water garden, choose from a large variety of plants and accessories that gives maximum beauty with minimum care.

Soap Eyebrows Before Plucking
To find the natural line of your brows after plucking, rub them with soap.

Then, with clean hands and tweezers, pluck stray hairs from under the brows and across the bridge of the nose. After tweezing, apply a dab of witch hazel.

Parents Tell Betrothal of Miss Pietz
MARION — The engagement of Miss Sally Jean Pietz to Roger Griepentrog has been announced by her parents Mr. and Mrs. Emil Pietz. Mr. Griepentrog is the son of Mr. and Mrs. Delbert Griepentrog, Tigerton.

The bride-elect is employed by Hansen Glove Corp., Clintonville. Her fiancé is employed at FWD Corp., Clintonville.

No wedding date has been set.

New Members of the VNA Board who attended the annual meeting Thursday morning at Visiting Nurse headquarters are, standing, Richard Stack and Charles Paul, and, seated, Mrs. Elmer Mokros, new president;

Miss Wunderlich Feted at Party

Miss Ida Wunderlich was honored at a surprise birthday party Sunday at the home of Mrs. Bessie Brehm, 608 N. Division St. Miss Wunderlich will mark her 98th birthday anniversary Wednesday.

Bay Leaf

Both bay leaf and basil benefit tomato dishes.

VNA Board Hears '63 Annual Report

Miss Inez Davis, Nurse Director, reported that 3,722 VNA visits were made during 1963 when the Visiting Nurse Association held its annual meeting Thursday at the organization's headquarters at Peabody Manor. She also reported that 948 patients were served during the year and over 100 hours of industrial nursing were provided. Also included in the annual report was information about audiometric testing, loan closets, items and dressings distributed for the American Cancer Society.

Mothers' classes were attended by 542 women, it was announced. Reports were also given by Mrs. Elmer Mokros, finance

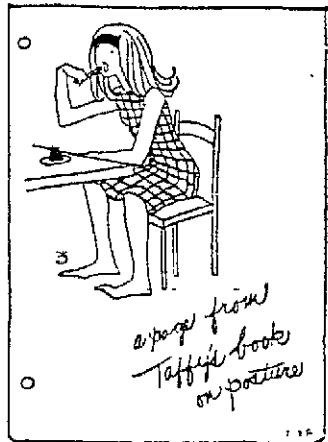

Mrs. Earl Miller, and Mrs. William Zuelke Jr. An accounting of the work of the association during 1963 was given at the meeting. Mrs. T. A. Howells presented the president's report. (Post-Crescent Photo)

Sheinwold Finesse Away From The Table

Certain plays are hard to work out at the table. Learn them from your favorite bridge column and you can execute them nimbly at the table without pain or loss of time. West opened the jack of spades and continued the suit until South ruffed the third round. Declarer then had to hold the loss in clubs and trumps to one trick. This seemed easy enough. South led a club to dummy's ace and returned the queen of hearts from dummy. That's just

TAFFY'S TIPS

By Dolly Martin

South dealer East-West vulnerable NORTH K 7 3 Q 9 5 10 7 4 A 6 4 3 WEST J 10 9 6 2 Q 9 8 2 J 10 8 7 SOUTH A J 10 4 3 A K K Q 5 2 South West North East 1 Pass 2 Pass 4 All Pass Opening lead — A J

how nine out of ten bridge players would tackle the trumps — and all nine of them would be wrong. To begin with, East is too smart to cover the queen of hearts with the king. If South plays a low heart on dummy's queen, he will have to win the next trump in his own hand. There will be no way to get back to dummy for a third trump finesse, so East will get a trick with the king of hearts. Cannot Unblock South cannot afford to unblock by dropping the ten of hearts under dummy's queen. When declarer next leads the nine of hearts from dummy, East covers with the King. South can take the ace and jack of hearts, but East will make a trump trick with the eight. Memorize the right way to play such a trump suit so that you can zip right through it the next time you encounter this common holding in actual play. Begin the trumps by leading dummy's nine instead of the queen. East cannot afford to cover the nine, so dummy holds the trick. Now you can afford to lead dummy's queen. If East covers, you draw trumps with the ace, jack and ten. If East plays low, you stay in dummy and lead a third trump through East.

Daily Question Partner opens with one heart, and the next player passes. You hold: S A Q 8 4; H K 8 7 6; D J 6 5 3; C 9. What do you say? Answer: Bid three hearts. This jump shows strong trump support, with 13 to 16 points counting distribution. In this case you have 10 points in high cards and 3 points for the singleton.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50 cents to Bridge Book, Box 3318, Grand Central Station, New York 17, N. Y.

Bars Are Bars KEY WEST, Fla. (AP) — A cell block from the abandoned city jail here is being converted into cages for a zoo which will be established elsewhere in town.

Childhood Heroes Are Important

Children need heroes, like vitamins to grow on. The more inspiring the hero the more inspired the child.

In one study done on heroes as many as 36 per cent of the boys and 40 per cent of the girls couldn't name a single person that they would like to resemble. It seems that children have few real heroes.

Heroes Change

A hero can be anybody, real or imagined, but is probably an adult or older youngster whom others regard with awe and admiration. At one time heroes were presidents and statesmen but the trend today seems to be toward actors, baseball players and astronauts.

George Washington was, until recent years, the American hero. He was worshipped and immortalized through the naming of our capital city, a state, 33 counties, 257 townships, several colleges and thousands of streets.

Today, nearly everybody can be given a hero's image for a day, week or a month. A parent can give some guidance so that the sensation of the moment doesn't become a hero. The quality of achievement should matter.

New Officers of Trinity Lutheran Church Women held their first board meeting Wednesday morning at the home of President Mrs. Laverne C. Gallitz, 1815 S. Memorial Drive. The preparation of the year-

book was undertaken at the meeting. Talking over plans for the coming year are Mrs. Harold Lovdahl, vice president; Mrs. Otto Bytof, treasurer, standing; Mrs. Gallitz and Mrs. Arthur Snell, secretary.

Guide Selection

When James Dean, a young movie actor, was killed in an auto accident a few years ago he became a hero of greater proportion than he had ever achieved in his lifetime.

To choose and identify with good heroes children need guidance. Lacking real direction from the popular culture and from his age-mates, a child can only learn who is admirable from his parents, teachers and other adults.

Tomato Sauce

A little canned tomato sauce leftover? Add it to ground beef you are going to make into hamburgers.

Engaged Pair Plans Spring Wedding Rite

A May 30 wedding is planned by Miss Sherry Lee Fischer and Bruce Kranzusch. The couple's engagement was announced by her parents, Mr. and Mrs. Robert J. Fischer, 713 S. Fairview St. Mr. Kranzusch is the son of Mrs. Frederick Kranzusch, 712 S. Jackson St., and the late Mr. Kranzusch.

The bridegroom-elect is employed as a mechanic at Rector Oldsmobile Co.

White Plastic May Be Washed, Waxed

How do you clean a white plastic covered chair?

To clean white plastic use a solution of detergent in warm water. You may need to rinse and repeat the process.

When the plastic is washed, rinsed and dried you may apply a coat of water base wax to give protection from further soiling. Use of a paste wax or a solvent base wax may cause discoloration of the plastic.

A Lovelier You

By Mary Sue Miller

Make-Up Tricks

There's more beauty to be had from cosmetics than most women get. For a greater share, be sure to include these tricks in your repertoire:

Keep your loose powder in a shaker. Those small glass spice jars with perforated tops are fine for the purpose. Through shaking, loose powder stays fluffy and gives the super-translucent look, now in high favor.

pigment and waxy textures won't work.

If lipstick makes a habit of running into the little grooves above the lipline, brush on a "stop sign." Simply dip a clean lipstick brush into skin astringent and ring the lips, just where the color ends.

Apply dry rouge with a wide artist's brush. It gives a lovely blush!

Do you have a hand problem? Send today for Lovelier Hands, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the bands with poised grace. To obtain your copy, write Mary Sue Miller in care of this newspaper, enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

Jackie Kennedy Part of Quiet Dinner for Four

WASHINGTON (AP) — Mrs. John F. Kennedy dined on Monday night with her sister, Lee Radziwill and actor Marlon Brando at a restaurant on Embassy Row.

It was a quiet occasion in which the group, with Brando's business manager, George England, making a fourth, had a corner table.

As they left after their three-hour dinner they tried to avoid newsmen and photographers.

The former first lady and her sister left together in a chauffeur-driven limousine Brando and England left a few minutes later.

Sought Anonymity

An obvious attempt was made to keep the small dinner party from attracting the attention of other guests in the restaurant, which specializes in French cuisine.

Secret Service men assigned to protect Mrs. Kennedy since the assassination of President Kennedy last Nov. 22 remained close by. Other diners came and left. From all appearances they failed to notice that Mrs. Kennedy and friends were at a corner table.

Earlier in the evening, Mrs. Kennedy had received at her nearby Georgetown residence Queen Frederika of Greece and the queen's daughter, Princess Irene.

The queen and the widow of the assassinated president met last October when Mrs. Kennedy was on a vacation trip to Greece and the off-shore Greek islands.

Betrothal of Daughter Announced

LITTLE CHUTE — The engagement of Miss Barbara Van Gompel to Jerome P. Elliott has been announced by her parents, Mr. and Mrs. Richard R. Van Gompel, 1208 E. Lincoln Ave. Her fiancé is the son of Mr. and Mrs. George Elliott, 904 E. Main St.

The bride-elect is employed in the office of H. C. Prange Co. Mr. Elliott is in the Army, stationed at Aberdeen, Md.

No date has been set for the wedding.

Parents' World 17-Year-Old Girl Alters Interests With Boyfriends

BY DR. EVE JONES

Dear Dr. Jones: Every time my 17-year-old girl starts dating a new boy, she develops a new interest. That is, she goes crazy over. Then she drops it as soon as she stops being interested in the boy. In the past year, she went through skiing, being a hockey fan, reading poetry, playing the guitar, and raving about foreign movies.

I tell her she should know her own mind and not be thus suggestible. But it doesn't help. How long will it be before she stops this?

MRS. F. G.

This is one of the ways healthy youngsters develop new interests. So don't ridicule her or make her self-conscious. She'll be more stable when she becomes an adult in a few years. But even adults should continue to explore new activities that aren't harmful or illegal. Why not try something new yourself?

Dear Dr. Jones: I'm worried about my little boy. He will be 4 years old next week and he has plenty of sense and knows everything. But he still doesn't talk, although he can almost say a few words. What must I do?

MRS. D.A.

It isn't uncommon for some children to be slow in learning to talk. But ask your physician to give your boy a thorough check-up, including a hearing examination.

This may rule out the possibility that some physical or emotional ailment is causing him difficulty in speech.

If your son's health is fine, try to increase the amount of natural stimulation for his talking. Give him extra opportunities to be with other children. And remember to talk with him during the day — it's easy for mothers to get so wrapped up in their own thoughts while they're working that they forget to say much to their children.

Don't try to bribe or force your son to talk. When he says something, repeat it correctly, but without making a big fuss. That way, your son will have practice in hearing the words he's trying to say.

Above all, give him the kind of daily life that is something he'll be glad to talk about. The book whose name I'm sending you should help you clear up minor daily problems that may be making your son feel glum and unhappy.

Dr. Jones replies personally to every letter she receives from her readers. Send your questions, enclosing a stamped, self-addressed envelope, to Dr. Eve Jones, care of this newspaper.

Your Problems

Little Sports Cars Present Problem to 'Statuesque' Gals

BY ANN LANDERS

DEAR ANN LANDERS: I'm 23, a blue-eyed blonde, 5'10" and love to think of myself as statuesque. To be honest, when I have to get in and out of these teeny-weeny sports cars I'm afraid I look like a hippopotamus.

I am dating three men who have sports cars and these cars were not designed for the likes of me. I feel as if I'm sitting on the floor. My knees are right up under my chin and it's altogether most unladylike.

The worst part is getting out. There must be a dignified, graceful way for a female to alight from a sports car. Do you have any suggestions? If so, I will be forever grateful — as will countless suffering sisters who share my problem.

Board Walk Betty

Dear Betty: I'm 5'2" and I feel like a moose when I try to extricate myself from those iddy-biddy vehicles, so my heart goes out to you tall gals.

I know of no way for a lady to alight with grace from a sports car. She will appear less cow-like, however, if she keeps her knees together, scootches as near the door as possible, then exits sideways, offering her right hand to the gentleman who will be there — if he's a gentleman.

of that roughneck." Rosemary said she did not hit the girl back, but just walked across the street and came home. Her father said, "I'm ashamed of you. You should have stood up to her and knocked her block off."

After Rosemary went to bed I told my husband I didn't agree with him, and that I was sorry he had encouraged his daughter to get into a brawl on the street. He said I was wrong, that children should be taught to defend themselves against bullies. May we hear from you on this? — L. M. N.

Dear L. M. N.: Your husband gave the girl poor advice and I hope he will reverse himself.

The 12-year-old who socked

Rosemary in the eye is indeed a roughneck. If your daughter had returned the wallop she would have put herself on the same level — way down here.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Margaret Chase Smith, Maine senator, told the nation at a Women's National Press Club luncheon Monday, "I have decided." The onetime Skowhegan, Me., telephone girl, will seek the Republican presidential nomination. She calls herself a moderate Republican. (AP Wirephoto)

Margaret Chase Smith a Formidable Political Foe

WASHINGTON (AP) — Only one politician in the family did Sen. Margaret Chase Smith defer to a man in politics, and he was her husband.

Since then the senator from Maine, who announced her candidacy yesterday for the Republican presidential nomination, has beaten every man and woman in 24 years of political contests.

Shortly after her marriage in 1930 to Clyde H. Smith she considered running for the state Republican committee. But, she said, Smith didn't want her to run because "he didn't like hav-

ing two politicians in the family."

Her husband died in 1940 during his second term in the U.S. House. Mrs. Smith has carried on the tradition of his long political record without defeat, adding four terms in the house and three in the senate.

She has rolled up victory margins unequalled in modern Maine politics. In winning re-election in 1960, she defeated state legislator Lucia M. Cormier by 97,000 votes, a state record.

The late President Kennedy described her as "a most formidable political figure."

Formidable Foe
"I would think if I were a Republican candidate," he told a news conference last fall, "I would not look forward to campaigning against Margaret Chase Smith."

Being the first woman to seek the presidential nomination of a major party is only one of several precedents set by the 66-year-old senator.

She is the first woman to be elected to both branches of congress; the first woman elected to the senate without a prior appointment to fill a vacancy; the first Republican woman in the senate; and the first woman to head an investigating committee.

But Mrs. Smith rejects the label of a suffragette.

She says she is merely practicing what she has always preached—if women can qualify for government service or other positions their sex should not be a disadvantage.

No Quarter Asked
"I want to be regarded as a senator, not just a woman senator," she once said.

A rose has become her hallmark, but she also is known for her independence, which at times has ruffled Republican feathers.

Once she remarked that her own party sometimes was "too formal and stiff; . . . you can't be uppercrust and hope to get the votes of the people."

And in her famous "declaration of conscience" during the controversial period of the late Sen. Joseph McCarthy, R-Wis., in 1950, she said:

"The nation needs a Republican victory, but I don't want to see the Republican party ride to victory on the four horsemen of calumny — fear, ignorance, bigotry and smear."

One Republican said: "Margaret doesn't need the party, the party needs Margaret."

Mrs. Smith was born in Skowhegan, Maine, the daughter of a barber. Her formal education ended at high school.

She clerked in a 5-and-10-cent store, taught school for a while, and was a telephone operator. She then became office manager of the Weekly Independent Reporter where she met her husband.

Damage was limited to the motor.

Volunteer Firemen Summoned to Mill
KIMBERLY — Volunteer firemen were called at 4:45 p.m. Saturday to the wet machine room at Kimberly-Clark Corporation when an electrical motor overheated.

Damage was limited to the motor.

Live Within Your Income

Room, Board Costs Include More Than Food, Shelter

BY MARY FEELEY

Consultant in Money Management

I am a widow drawing \$95.70 a month Social Security. I live with one of my children. I pay around \$14.72 on insurance per month. What per cent should I pay for my room and board?

Mrs. V.M.M., Muncie, Ind.

Dear Mrs. M.:

Maybe you'll think I'm being tough on you when I suggest you pay \$10 a week for your room and board. I realize this amounts to half your income, after insurance is paid. And I admit I often suggest one-fourth or one-third for room and board, when the situation involves a child living at home. But experience with family relationships over the years has taught me that when an older person lives permanently with younger members, it's so wise to establish a mutually profitable arrangement.

As the years go on, more than merely food and shelter come into the picture. Two points of view must be meshed harmoniously. Young people's needs and wants are expanding, while those of the senior members are contracting. At the

same time, as money becomes less important to you, your need for the emotional security as well as physical care your daughter can provide will increase. I'm not being cynical when I say that adequate financial contribution to the household over these years will help to smooth everybody's path.

Then, too, keep in mind all the little extra costs that are involved with the addition of even one more person under the same roof. They may seem too minuscule to count — but they eventually do mount up on the household bills. While your individual food costs may range anywhere from \$5 to \$8 a week, what's left of your weekly \$10 bill will easily be absorbed.

* * *

Dear Miss Feeley:

Could you please tell me what income places people in the "middle class"? Is there a low, medium, and high "middle class"?

R. B., Chicago

Dear R. B.:

Money alone doesn't place people in a certain class. In our society today, the term "middle class" takes in a broader scope. Other factors besides money to consider are occupation, education, source of income, the general area in which a person or family lives, and even the type of house occupied. A sociological study might also involve such finer points as personal and family reputation in a community, and civic attitude.

As far as money alone is concerned, the breakdown is simpler. For instance, recent surveys show these estimates:

Low income — under \$4,000. This category accounts for about 31 per cent of families in this country today.

Middle income — from \$4,000 to \$8,000, accounting for about 39 per cent.

Upper middle income — \$8,000 to \$10,000, or about 11 per cent.

Upper income — \$10,000 and over, or about 19 per cent.

If you're wondering just where you fit into the nation's economy, there's your yardstick.

Dear Miss Feeley:

This may not seem like a real budget question, but I would like your opinion anyway.

Does it really pay to move? I plan a move 2,800 miles away, taking only the best pieces of furniture which would include a new bedroom suite, dining set, living room tables, dryer, electrical appliances, and other articles. Stove, refrigerator, washer and TV can be replaced there, through friends who have an appliance store.

As used furniture would bring practically nothing and these pieces, while some years old, aren't cheap furniture. I was wondering what advice you could give me.

H.E.S., San Jose, Calif.

Dear H.E.S.:
I'd take the furniture along. As you say, used furniture brings a mere fraction of its worth when you try to sell it. If you had to replace all those things, all at one time, the cost would really throw you.

Why don't you see what sort of arrangement you can make with a company who already has a van scheduled for that locality? Your belongings may just possibly complete a full van load, and a price adjustment might be made. If your move can be timed to take advantage of such a situation, I'd say you'll come out ahead financially.

World's Fair Preview Seen In Film Show

Renderings of more than 200 exhibit pavilions to be located on the 646-acre New York World's Fair site at Flushing Meadows were previewed by members of the American Home Woman's Club Thursday afternoon at the home of Mrs. Richard Plant.

The program was a film account of the Fair, to open April 22, 1964, and remain open for two six month periods. Included in exhibit previews were a Swiss skyride, an aquacade, and the House of Tomorrow in the Better Living Pavilion.

Mrs. Walter Gross was program chairman for the event.

Today's Etiquette

BY LOUISE DAVIS

PIANIST OVERWORKED

Dear Louise: I am employed as a pianist in a dancing studio. When I am with friends at informal parties, they are always asking me to play for singing or dancing. I hate to let them down by saying no, but I would much rather do anything but keep on working at the keys. I guess I have never learned how to say no gracefully. Have you any suggestions?

Davis

Perhaps right now is a good time to make a rule for yourself to stay away from the piano when friends get together. You can be gracious but firm by saying, "Please excuse me. I have spent several hours on the piano job today and my hands need a rest." Eventually, your friends would know that you mean business. It is strange that they don't realize that people shouldn't ask professional musicians to perform.

COUPLE IN NEED

Dear Louise: A couple, married only two years, will soon move to a small apartment. Would it be permissible for the young man's family to give a miscellaneous shower for them? They need so many things for a start.

Louise Davis Answers:
It would not be correct for any relative of the couple to give a shower unless the party is confined to members of the families. Perhaps some close friend will be inspired to give a house warming or a shower.

Miss Bette Ann Forrer, 803 N. Morrison St., became the bride of Robert L. Thies at 4 p.m. Saturday at Zion Lutheran Church. The bride is the daughter of Mr. and Mrs. Walter Forrer, Three Lakes. Mr. Thies' parents are Mr. and Mrs. George Thies, 1115 N. Drew St. The newlyweds are honeymooning in Mexico. (Rohde Photo)

Human Rights Panel to End Lecture Series

Final Session Will Discuss Situation in Fox River Valley

A panel of Fox Cities residents will discuss "Human Rights in the Fox River Valley" tonight at the final session of the human rights lecture-discussion series sponsored by the Fox Cities vocational and adult schools.

The meeting will be at 7:30 p.m. in Lincoln School.

Fox Cities panelists will include Paul Groth, administrative superintendent of the Neenah Paper Mill, Kimberly-Clark Corp., and president of the Neenah Board of Education; the Rev. Alfred Lison, spiritual director of Xavier High School; the Rev. John Bouquet, pastor of First Presbyterian Church, Neenah; and Jack Stanley, instructor in religion at Lawrence College.

Also on the panel will be Emory Via, a member of the Fox Valley Ford urban team and the acting director of the School for Workers, University of Wisconsin.

Discussion Leader

Mrs. William Schutte, Appleton, will serve as discussion leader.

Dr. Bouquet is a graduate of Princeton Theological Seminary and has done graduate study at Auburn and Union Theological seminaries. He held pastorates in Pennsylvania. As a chaplain in the U.S. Army he served overseas for two years. He has been president of the National Board of Christian Education and a member of the general council of the United Presbyterian Church in the United States.

Father Lison has been at Xavier for two years. A native of Green Bay, he graduated from St. Norbert College. He served in the U.S. Army Infantry, spending two years with the Chinese Nationalist Army and serving on the faculty of the Infantry School, Ft. Benning, Ga. He studied theology at St. John University, Collegeville, Minn., was assigned to Sacred Heart Seminary, Oneida, for six years, and was an assistant to the Most Rev. John B. Grellinger, auxiliary bishop of Green Bay, for two years.

Denver Native

The radioactive material is stored in the lead shielded container in the foreground. (Post-Crescent Photo)

Education Board Protests Inaccurate Picture Caption

Minor Injuries Reported to Two In Auto Mishap

KAUKAUNA — Two persons suffered minor injuries in an accident at Lawe Street and Wisconsin Avenue about 10:15 p.m. Sunday.

Mary Ebben, 16, 615 N. Monroe St., Little Chute, suffered a cut mouth and loosened front teeth and Joseph Schaefer, 15, 207 Whitney St., Kaukauna, suffered a bruised knee.

Both were passengers in a car driven by Joyce M. Schumacher, 17, 300 E. North St., Little Chute. According to police Miss Schumacher was traveling south on Lawe when a car driven north by David Hammen, 17, 925 Jefferson St., Little Chute, attempted to make a left turn.

Claims Distortion of Facts, Inference of Neglect of Duty

The Appleton Board of Education Monday unanimously supported a statement protesting "unfair pressure" from an inaccurate caption on pictures accompanying an article on federal aid to education in the Sunday Post-Crescent, and demanded a retraction.

The statement, presented by board member Franklin L. Nehs and passed on a 5-0 vote, demanded a statement by the "Post-Crescent" that the implications engendered by these pictures and caption are without basis in fact or justification. The board postponed action on re-evaluation of its policy of opposition to all federal aid for education. The question will be considered again in a month or two after further study.

In presenting his statement, Nehs said he was "disturbed at the way this thing has been brought before the public." He said he was too disturbed to want to discuss or reach a decision on the federal aid policy at this time. Board member Dr. Roy Whitney supported his position.

Article Fair

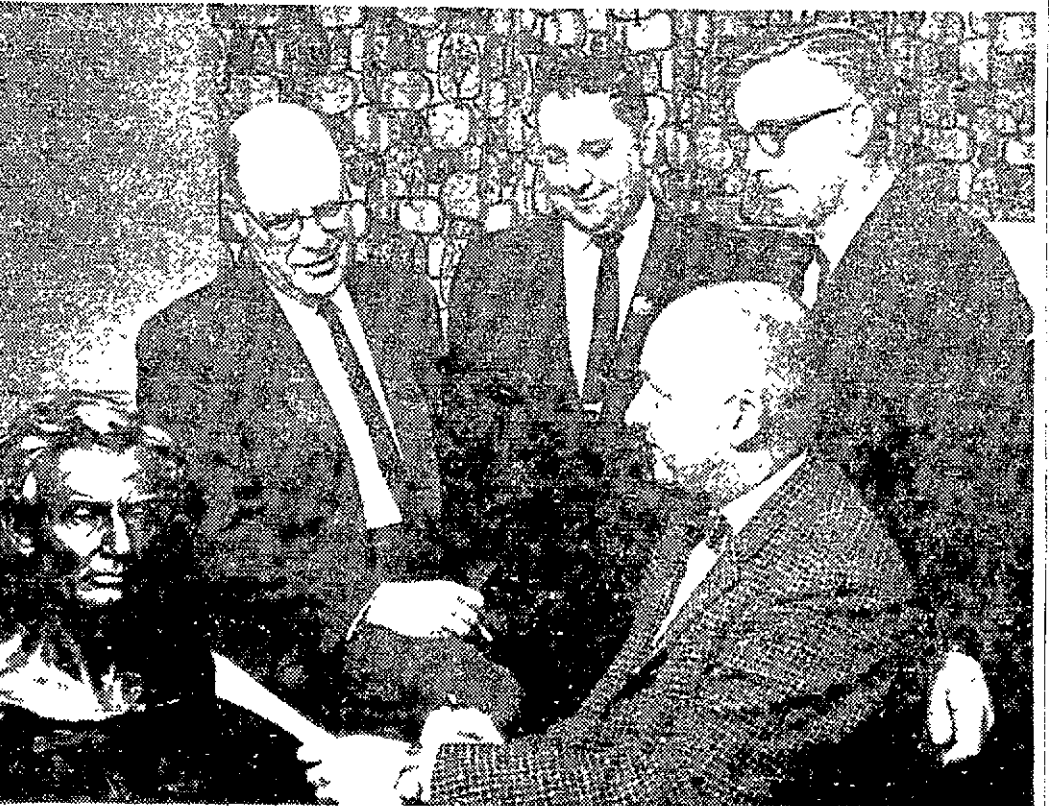

Board members said the article on the federal aid question in the Sunday Post-Crescent was fair, but objected to the picture caption.

The article reviewed the history of the board's stand on federal aid and the current proposal to re-evaluate the policy. The two pictures accompanying the article showed science laboratories in Madison Junior High School, Appleton, and Butte des Morts Junior High School, Menasha. NDEA (National Defense Education Act) funds were used in construction of an addition to the Menasha school. Board member Charles Buchanan has proposed the Appleton board ac-

Chilton Area Veterinarian Dies

CHILTON — A semi-retired veterinarian, Dr. James J. Demler, 66, 515 Memorial Drive, died shortly after being admitted to Calumet Memorial Hospital Sunday morning.

Dr. Demler was born Aug. 29, 1897 in Random Lake. He is survived by his wife, four daughters and three sons. Services will be at 10 a.m. Wednesday at St. Mary Catholic Church. Burial will be in St. member Charles Buchanan has proposed the Appleton board ac-

Appleton Teachers to Get \$150 Yearly Pay Increase

CD Communications Equipment Explained To County Committee

Phone Equipment, Radio System Shown by Director Lee Penney

Members of the Outagamie County-City (Appleton) Civil Defense Committee Monday toured the county's Civil Defense center in the Courthouse annex. CD Director Lee Penney led committee members on the tour, showing them various apparatus with which the center is equipped.

Equipment ranges from survival kits to a complex arrangement of radio equipment. Penney pointed out a series of telephone switchboards, designed to handle some 50 calls at a time in the event of disaster.

The Civil Defense director said the switchboards are only in service in time of emergency, in order to cut operational costs. Charges for the switchboard being in service are about \$144 a month, he said.

The switchboard is a series of booths, each equipped with 10 lines, set up so calls advance to the next number when one is busy.

Radio Equipment

Radio equipment in the center, Penney said, would serve as a supplementary communications center in time of national emergency.

Manned by members of the Outagamie County Amateur Radio Club, a group of radio amateurs in the area, it has facilities to tie in with local police bands, civil defense frequencies, Civil Air Patrol, and local radio amateurs.

Penney said it would take more than a year to train personnel—members of the club—to operate the radio equipment "as second nature."

Other emergency equipment includes "Handi-Talkies," portable two-way radios tuned to police frequencies.

'Good Communication'

Penney said these already have been used by police at various times, including several occasions when patrol cars were out of service, and "loaners" were not equipped with communications equipment.

The center also has a direct

lie-in with two local commercial radio stations which could be used in time of emergency.

"It is obvious a governmental structure for Civil Defense will be only as good as its channels of communications," Penney said.

"The reporting of situations, the call for help, the decisions made and the distributing of information, to all concerned, can best be effected when communications facilities are adequate, secure and stable," he said.

He pointed out normal means of communications may be interrupted or destroyed by disaster, natural or man-made. Telephone service, he said, would provide the primary means of communication. Radio would be used as a backup.

Natural construction of the annex, Penney said, provides the control center in the basement of the building with a protection factor of 78. Steel doors can be closed over windows to boost the factor to 1143.

Average Home

He said this factor for the average home shelter is 100.

In addition, Penney said sufficient supplies for 500 persons for a two-week stay are stored in adjoining rooms.

Should power sources be knocked out, emergency power would be provided by an automatic 10,000 k.w. generator in the courthouse garage.

A public open house is set for Feb. 16 and 19, Penney said.

Sales Manager for New London Firm Dies in Indiana Plane Crash

NEW LONDON — Delbert Drenk, Chicago - Midwest sales manager for Curwood, Inc., New London, was killed in a plane crash near Fowler, Ind., sometime Thursday, firm officials learned this week.

Drenk was flying his private plane. Conditions were reported as extremely foggy at the time. He was alone in the plane. Drenk's home was in Des Plaines, Ill.

Pay Boosts Also Granted to School System's Top Three Administrative Officials

Appleton public school teachers will receive a \$150 across-the-board salary increase for the 1964-1965 school year.

Teachers with 21 or more years of experience will receive an additional \$100 increase. The new salary schedule, approved by the Board of Education Monday, will have a base salary of \$4,900 for beginning teachers with a bachelor's degree.

The school board approved a \$150 increase in the base salary and the \$100 increment for career teachers, but turned down an Appleton Education Association request for an increase in board share of teachers' accident and health insurance.

\$4 More

The AEA welfare committee had requested a \$250 base increase, the 21st year increment of \$100, and assumption by the board of an additional \$4 per month on the cost of the insurance plan.

The salary increases, which take effect next September, will cost \$25,567.72 in 1964. The 1964 budget included provision of \$25,000 for possible changes in the teachers' salary schedule.

On an annual basis, the salary increases will cost about \$76,700.

The AEA's three proposals would have cost \$45,791.55 in 1964 and about \$137,375 on an annual basis.

AEA made two proposals for future consideration by the board: participation in a life insurance program for staff members, and aid for teachers attending summer school.

For Administrators

The school board also approved salary raises for the 1964-1965 school year for three top administrators who do not come under the salary schedule. The board okayed raises of \$550 for Assistant Superintendent William H. Spears, \$520 for Director of Business Affairs William R. Knuth and \$500 for Elementary Curriculum Coordinator James Retson. This will bring their annual salaries to \$13,300 for Spears, \$11,575 for Knuth and \$10,500 for Retson. The superintendent's salary will be discussed at a later meeting.

Board member Dr. Roy Whitney said the board had tried to improve the internal part of the teachers' salary schedule last year and had fallen a little behind in the base salary. He said the major effort this year should be in improving the base.

Last year the board approved a \$50 base increase and changes in the increments (automatic increases for each year of experience) which gave total increases ranging from \$210 to \$390 for individual teachers.

Board member Franklin Nehs said he believed the base salary should be decided almost entirely on a competitive basis, and attention should be given to strengthening the interior of the salary schedule in order to keep career teachers.

Career Teacher

"I would prefer as much as I can to direct our thoughts to the career teacher," Nehs said. "This is the one who is ultimately going to be the leader in our educational system for the next 20 years, and we should do what we can to foster that growth."

Asked if the \$4,900 base salary will enable the school system to maintain its competitive position in attracting teachers, Supt. Royce E. Kurtz said an AEA survey shows three school system Appleton competes with definitely will have a \$5,000 base, and \$5,000 has been proposed for Kimberly. Appleton's base salary was a little low last year, he said, and as a result there was some difficulty in attracting beginning teachers.

Mrs. George Munro, board president, said she would not want to see the 21st year increment deferred any longer, since it has been discussed for years. It was proposed by the AEA last

Federal Aid Policy Ruling Delayed by School Board

General Opposition Continues But Detailed Study Is Ordered

The Appleton Board of Education Monday postponed a decision on changing its policy of opposition to federal aid to education until further study has been made of the issue.

The board asked that a progress report on the study be placed on the agenda next month.

Dr. A. Neil McLeod, a former school board member, warned the board he believed it "has been used as a sounding board for a political point of view."

The proponents of federal aid have never articulated an educational philosophy, attempted to translate it into educational practice and then attempted to seek funds for this practice, he said. Their answer to problems is application of money, and this in the past has never proved a solution to problems, he said.

Strong Opponent

Dr. McLeod was a strong opponent of federal aid while he was on the school board. He drafted the policy statement rejecting all federal aid which the board adopted in August of 1960, and now is reviewing.

Board member Charles Buchanan, who asked the board to reevaluate its policy on federal aid and recommended that NDEA (National Defense Education Act) funds be accepted for Einstein Junior High School and other future school construction projects, told the board: "It is not true that I was motivated by a political philosophy. I was motivated by a personal philosophy, but I am not the sounding board of any political party."

Buchanan said he requested a review of the board's policy because he has received a number of questions from Appleton residents on why surrounding communities accept federal aid and Appleton does not.

Not Issue

"The issue is not whether or not we are going to get science equipment, because we are going to get it," Buchanan said. "The issue is whether or not we will take federal aid. The general consensus is that we are going to have as good equipment as other schools. The question is whether or not we are going to take federal aid to help pay for it."

He said there are various types of federal funds available, and the board should decide on the merits of each situation. He asked that it study the NDEA aid.

Seeks Information

R. G. Berryman, co-president of the Appleton PTA Council, told the board the council has not taken a position on federal aid, but wants "to help and to learn, and not to act as a pressure group." Several members of the council attended the meeting Monday.

Speaking as an individual, Berryman said there are two questions: whether federal aid will take federal aid. The general consensus is that we are going to have as good equipment as other schools. The question is whether or not we are going to take federal aid to help pay for it."

Man Guilty of Topsy Driving

Donald Loppnow, McNaughton, Fined \$175, Costs

OSHKOSH — Donald M. Loppnow, 35, McNaughton, this morning pleaded guilty of operating an auto while under the influence of alcohol and was fined \$175 and costs by County Judge James V. Siltner.

Loppnow was arrested at 7:15 p.m. Jan. 7 by state police who noticed him driving erratically on U. S. 41 in the Town of Nekimi.

Flames Destroyed a Garage at the Harold Ploffer home, 1906 N. Ballard Road Monday. Authorities today said estimate of the damage and the cause of the blaze have not been determined. For a time the fire threatened the Ploffer home, and a propane tank behind the home.

Mitchell, Buckley File for Mayor

Several More Alderman Races
Develop as Deadline Nears

BY WILLIAM C. CARREY
Post-Crescent Staff Writer

Mayor Clarence Mitchell and Ald. George Buckley (14th) made it official today — they will square off for the No. 1 post in Appleton government at the April 7 citywide election.

Both filed nomination papers for the office of mayor at the city clerk's office this morning. With no one else having taken

out nomination papers for mayor, it will be a two-way race for the position which will pay \$12,000 as of May 1, and \$13,000 a year after May 1, 1965.

Mitchell has been receiving \$10,500 as mayor in recent years. The common council recently voted the salary increase for the person elected the city's chief executive for the next two-year term.

Deadline Today

The deadline for filing papers for the spring election was 5 p. m. today.

Mitchell, 47, resides at 543 N. Appleton St. and has been mayor of Appleton for the past six years. In announcing his candidacy Nov. 27, Mitchell said he would seek a fourth term on his record and city progress.

Buckley, 47, 2204 N. Viola St., is an attorney completing his first term as 14th Ward alderman, having been elected to the common council in 1962. When declaring his intentions to run, Buckley said he would push for more economy and efficiency in city government.

When he ran for a third term in 1962, Mitchell defeated two opponents by a 2,500 vote margin, carrying the city's 20 wards.

All-Out Campaign

Both candidates have said they intend to go all out in their campaigning which is expected to pick up momentum in the coming weeks.

In other pre-election activity today, Keith M. Giese, 312 N.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes . . . Relief Lasts for Hours!

New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physician's leading asthma prescription—so safe when used as directed that now it can be sold without prescription in most states.

Knowles Asks Wisconsinites To be Active in Politics

Wants Residents to Join Crusade
To Restore Dignity to Government

NEENAH — Wisconsin Republican gubernatorial hopeful Warren P. Knowles asked the people of Wisconsin Monday night to become more active in two-party politics and to join with him in a crusade to restore the state government to dignity and purpose without "dominating our lives."

Speaking at the annual Neenah-Menasha Jaycees' Distinguished Service Awards banquet the former state lieutenant governor said.

"However, this remoteness is not necessary, if more people are willing to participate at the local level of government to see that we get representatives that we want."

Our present form of government, with the two party system, and our constitutional guarantees, are our last vestige of hope," he said.

"It's almost a matter of survival to become interested in a particular party."

Knowles continued, "I'm not advocating a particular party, but rather that you become informed and know the principles of your party choice."

"State government is not operated on magic. But our problems can be accomplished by a government where all the horses are headed in the same direction."

'Get Off Sidelines'

"I'd like to see this group recognize that the time has come to get off the sidelines and into the political party systems," he stated.

"I'm looking for people who will crusade with me . . . and formulate a program to restore Wisconsin government to dignity and to have it do the things we want it to do without dominating our lives."

"And I'm looking forward to the enjoyment and benefits of the things we have by participation and dedication in our government."

The importance of local government according to Knowles is best known when one realizes that the biggest problem of state government is found in the shared receipts with cities, towns and counties.

"Less than 20 per cent of the state's annual budget covers the executive, judicial and administrative agencies of the state government," he explained.

"Some communities need help . . . some people lack an adequate income, some are disabled and require state contributions to their care and support."

Knowles, however, cast an optimistic look on the over all Wisconsin economic scene. "We have a diversified form of economy with resort areas and a large industrial complex. Almost every city has an optimistic future," he said.

"But we all can still profit by growth and expansion of facilities in our communities."

Johnson, De Gaulle Meeting Is Remote

PARIS (AP)—The possibility of President Johnson and President Charles de Gaulle meeting this year seems to be remote, informed sources said Monday.

Diplomatic exchanges on a possible meeting were said to have stopped about three weeks ago. At that time Johnson declined a French suggestion that he go to the French island of Martinique to meet De Gaulle when he travels there in March after his trip to Mexico.

17th Ward Residents 'Howl' Over Trio of Barking Dogs

Some 17th Ward residents are starting to "howl" over noise caused by a trio of barking dogs owned by a Byrd Street family.

The common council's welfare-ordinance committee was told of the situation and asked

what could be done to solve the problem.

"I've been getting phone calls at home and the office from the neighbors complaining about the dogs," Ald. James Bayorgeon (17th) told the committee.

"I looked at an old ordinance book and didn't find anything that would cover the situation," he said.

New Clause

City Atty. Frederick Froehlich told Bayorgeon there was a clause in the revised ordinances dealing with barking dogs.

The Appleton Health Department received a complaint and ordered the dog owners to clean up the kennels within 10 days.

Neighbors, according to Bayorgeon, are losing sleep over the trio of canines.

Bayorgeon, an attorney, and Froehlich said they would combine efforts to arrive at a solution.

Forced Entry Checked

Police are investigating a report that American Screen Plate Co., 430 N. Island St., was entered sometime over the weekend. A rear door in the building was forced, but it is believed nothing was taken from the building.

Appleton May Boost Liquor Fees \$50-\$75

Increase in Cost
Of Licenses Will
Go Before Council

Increases of \$50 to \$75 in Appleton's liquor license fees were recommended Monday by the city council's welfare-ordinance committee.

The proposal to go to the council next week would raise the fee for a class A license from \$125 to \$200 a year, and class B from \$150 to \$200 annually.

The city's \$100 fee for a beer license is the maximum under the state law.

The committee did not say how it intends to handle the license fee policy for clubs, now \$100 a year and paid by at least four organizations.

A few committee members said there were no private clubs as such in Appleton. Whether the license fee is to be abolished or retained was not decided. Several weeks ago the com-

Tuesday, January 28, 1964 Appleton Post-Crescent B2

mittee suggested now fees for some municipal licenses. A delegation of tavernkeepers objected to any raises, claiming it would put many out of business.

Suggested increases at that time were for class A liquor to go from \$125 to \$500, and class B from \$150 to \$500.

The \$50-\$75 boosts represent the committee's compromise figures.

Other license fees to be increased include those for bowling alleys, street and sidewalk finishers, salvage dealers, bartenders, taxi drivers and amusement devices. Peddlers would have to pay a \$5 investigation fee and post a \$500 bond.

Building, plumbing, heating and electrical permit fees also may be hiked when municipal ordinances are recodified.

Time and one-half is to be paid for any hours worked on regular work day in a regular work week.

Time and one-half is to be paid for any hours worked in excess of the normal working hours in any regular work day.

Time and one-half is to be paid for any hours worked on regular days off.

Double time is to be paid in addition to holiday pay for any hours worked on paid holidays.

Overtime is to be paid to all city personnel except those in executive, administrative or supervisory positions.

No Overtime For Appleton Executives

The City of Appleton policy on wages and salaries has been clarified by another common council committee.

The policy prohibits overtime pay for city personnel in executive, administrative or supervisory positions.

Democrats Walk Out on Hazen

Half of Waupaca Crowd Leaves As Reynolds Aide Is Introduced

BY DICK McDANIEL
Post-Crescent Staff Writer

MANAWA — The rift which shook the Waupaca County Democratic Party two years ago was evident Monday night at the party's annual county meeting at Blue Haven Ballroom when about half of the 236 voting members turned their backs on Howard Hazen, former Manawa man who is now an administrative assistant to Governor John Reynolds.

When Hazen was introduced as the speaker, about half of the original turnout left the hall, leaving a slim audience to hear Hazen expound on the merits of Governor Reynolds.

The cool reception by almost half of the county's Democrats apparently failed to rattle Hazen. He blamed the Madison turmoil on the Republican senate and assembly, charging the legislators were attempting to make the governor bear the burden of their failures and claiming favorable legislation as that of their own initiative.

Attacks Newspapers

Hazen attacked the state newspapers and singled out the Appleton Post-Crescent for advocating a general sales tax and broadening the tax base while asking for tax exemptions. "The Post-Crescent, which has a representative here tonight, and other Wisconsin newspapers have been asking for a general sales tax and a broader tax base," Hazen said.

Hazen said "there is no such thing as a general sales tax." He said Senator Knowles pointed out on the senate floor "that newspapers in their ivory tower had better not editorialize on lobbying in Madison," insinuating the newspapers themselves were lobbying to remain tax exempt.

Hazen claimed Gov. Reynolds

AID ASSOCIATION FOR LUTHERANS

most to accompany the governor was six legislators.

He cited the overcrowding at the state's colonies for handicapped children. Northern Colony, he said, has space for about 900 children but has up to 1,600 occupants.

He said the legislature opposed the governor's \$669 million budget for the biennium, claiming it would bankrupt the state. The same senate and assembly in 1960 adopted a \$510 million budget which in reality rose to \$642 million because of pay increases to state employees and increased aids to schools, he said.

When the hassle was over, he said, the state adopted a budget calling for \$664 million, realizing the need for more expenditures.

Hazen said the governor asked for two infirmaries for Southern Colony. The legislators were afraid if they favored them, Reynolds would be re-elected and if they opposed them he would still be re-elected "so they decided to build six infirmaries," he said.

Adjourn Hearing On Trio Charged With Burglaries

OSHKOSH—Preliminary hearings for three Neenah men charged with six burglaries were adjourned today until Feb. 5 to permit the inclusion of more charges.

Facing the charges are John Bille, 25, 954 Cold Spring Road; Roman Koerber, 37, 208 Abbey Ave., and Karl Campbell, 21, 150 E. Forest Ave.

Bille is now charged with six of the break-ins, Koerber with four and Campbell with two. Authorities said 43 burglaries in eight counties are involved in the case. The adjournment was requested by Dist. Atty. Jack Steinhilber to permit inclusion of additional Winnebago County burglaries and the consolidation of those from the other counties with the Winnebago County cases.

Bond was continued at \$15,000 for each man.

Limited Paradise

Fletcher Christian, nine other sailors from the "Bounty" and 19 Polynesians left Tahiti in 1789 secretly to colonize Pitcairn Island. The initial settlement has grown to about 150 in the many years since.

Appleton Teachers to Get Salary Increases

CONTINUED FROM PAGE 1

year but turned down by the board.

The 21st year increment, in effect adds a step to the salary schedule. Teachers now reach the top of the schedule after 16 years. About 75 of the approximately 433 teachers will be eligible for the 21st year increment next fall.

The salary schedule approved for next year will range from \$4,900 to \$7,710 in 17 steps for teachers with a bachelor's degree, and from \$5,300 to \$8,190 for teachers with a master's degree.

Kenneth Johnston, Wilson Junior High School teacher and chairman of the AEA welfare committee, presented the AEA proposals.

In requesting aid for teachers attending summer school, he pointed out the board requires all teachers with less than a master's degree to earn a minimum of six semester hours of credit or the equivalent at least once in five years, and those with a master's de-

Fox River Paper Sets 1964 Program

Machinery, Equipment Plans Will Call for \$500,000 1964 Outlay

Fox River Paper Corp. is undertaking a new machinery and equipment program for 1964 totalling approximately \$500,000 after completing its 1963 program of \$520,000 including buildings, President Dr. H. Philip Dixon, said.

He said two changes in management responsibilities and the addition of two technicians to serve Fox River printer-customers have been made. Douglas

A. Morrissey becomes advertising manager and also will continue to exercise supervision over the copy preparation of Customark Corp., a Fox River subsidiary.

E. D. Roberts will give up advertising responsibility to devote full attention to managing the expanded activities of Fox River's printers service bureau. Pat Johnson and Gerald Zinn have completed six months as printing technicians and are making scheduled calls on the more than 4,000 printers who use this production and sales assistance.

Dixon said, "Fox River sales to the printing trade which this bureau serves have increased more than 50 per cent since it was established in 1959, and 1963 showed the greatest increase to date."

Preliminary experimental work on a half-million-dollar installation of new air drying equipment has been almost completed. This project will be started during 1964, Dixon stated. The company's 1963 program of considerably more than one-half million dollars comprised new machinery and equipment including a new pulper, new beater, new ream wrapper and other finishing equipment.

Principal items of new construction were the 30,000 square foot Lawe Street warehouse building along with remodeling and improving the exterior of an adjacent mill building. Also com-

Board Delays Ruling On Federal Aid Policy

CONTINUED FROM PAGE 1

would be continued, a matter that should be taken up with congressmen, and whether Appleton wants to partake of the benefits of established federal aid programs. He asked for information on the programs available and the federal control involved.

Superintendent of Schools Royce E. Kurtz said he knew of no case involving NDEA aids where any specifications of the school system were changed by the federal government, or the school system had been told how to use the equipment acquired with the help of federal aid.

Control by the government comes in terms of whether or not they approve the aid, but after approval there are no controls, he said. The state department of public instruction acts as an agent of the federal government in approving aids, he said.

Kurtz, who has worked in other school systems which accepted federal aid, said he feels federal controls vary with the type of project.

Feels Controls Resulted

Dr. Whitney, who is on the Institute of Paper Chemistry staff, said he has observed the development of federal aid in higher education, and believes a great deal of control has resulted.

"My experience would indicate the federal people are more concerned about federal control and the relinquishing of proper prerogatives by the college presidents than are the college presidents themselves," he said.

Federal aids encourage work in certain disciplines, he noted. "Is this control or is it not? They will tell you piously that it is not, but the fact is that certain disciplines are disappearing from the scene and others have affluence."

Dr. Whitney said he is "certain there is no dire plot underway to exercise control over the Appleton public schools," but that this is part of an overall picture which citizens must consider. The board is in no position to make a decision now, he said, asking for more study of the question.

Opposes Move

Board member Gregory Schulte was unable to attend the meeting but left a letter which was read by Mrs. George Munro, president. He recommended that the board not apply for federal aid, and that it take active means to recommend to Congress that it do away with it except in cases where the community cannot provide needed funds.

Philip Costello, 516 E. Frances St., told the board in other communities he has lived federal aid has been well-accepted. "It seems pretty silly to myself as a taxpayer that we don't accept it because of the high ideals of some people," he said.

Dr. McLeod said the board must be practical about the control aspect, pointing to the agricultural program which

pleted during the year were new loading-unloading docks at the mill.

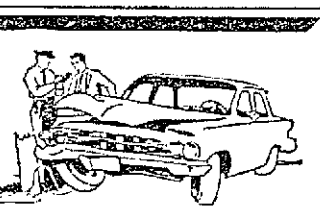

Panel to End Lecture Series

French Versus U.S. Views on Red China

De Gaulle Mistaken, U.S. Says

BY JOHN M. HIGHTOWER
WASHINGTON (AP) — U.S. officials argue that French President Charles de Gaulle is making a great mistake in establishing diplomatic relations with Communist China. They say he will be disappointed in the benefits he expects and that the result of his action will be to strengthen the Chinese Communists in their struggle for revolutionary influence around the world. U.S. officials reason this way:

President Charles de Gaulle's recognition of Communist China has raised a new challenge to American leadership of the free world and posed a divisive issue for the Western alliance. In these two dispatches, AP diplomatic affairs writer John Hightower reports U.S. arguments against the French action; Harvey Hudson of AP's Paris Bureau examines the reasons for De Gaulle's move.

The Chinese Communists are still in the stage of development in which their need for controls on their own people seems to require a policy of hostility toward non-Communist powers, particularly the United States. To counter this posture the best policy for the Western allies is to withhold — so far as they can — all trade and diplomatic relations until the Chinese Reds are willing to improve their behavior in exchange for the things they want from the world's great industrial and trading nations.

It is true that Britain and a few other allied countries recognized Red China years ago. The French action introduces a new element and opens up all kinds of possibilities to Peking's advantage.

Partial Blockade
It breaches the partial blockade which the United States has maintained with the cooperation of most allied powers for more than a decade. It confers a new degree of acceptability and prestige on Peking. It sets an example likely to be followed by other countries, particularly those responsive to French leadership. If the Red Chinese gave any indication of moderating their policy in return for French recognition, officials here say they have no evidence of it. Nor do they think De Gaulle will find important markets for French goods in China.

Johnson Seeks Jobs for All Heads of Family

Report Shows That 63 Million Affected By Unemployment

WASHINGTON (AP)—In the news from Washington: BREADWINNERS. President Johnson said today a successful war against poverty must begin by finding a productive place in the American economy for all family breadwinners.

The White House released a statement by Johnson along with a report prepared by the Labor Department analyzing labor problems of men and women primarily responsible for the support of families. The report estimated that the welfare of about 63 million Americans is affected by unemployment of family heads.

ECHO—The space agency isn't sure but thinks its new Echo II communications satellite may not be keeping its proper spherical shape.

It reported Monday that early telemetry records indicate the huge balloon has deflated more rapidly than anticipated.

Meanwhile, scientists continued to bounce radio signals off the 135-foot diameter balloon as a prelude to transmission of radio-telephone and radio-teletype messages via the satellite between the Soviet Union and the United States.

The satellite was launched Saturday from Vandenberg Air Force Base, Calif.

Bit in Forearm

Curator Says Snake Just Protecting Itself

BY PHIL KEIF

SALT LAKE CITY (AP) — "Don't blame the snake," said Jerry de Bary of the African puff adder that killed him Monday.

"It was only trying to defend itself," the curator of Salt Lake City's Hogle Zoological Gardens said from his hospital bed before he died.

De Bary, 37, was bitten Saturday night when he opened the cage to tend the snake.

Felt Pain
He said he felt faint after he opened the glass door and fell forward. He put out his left arm to catch his balance. The adder sank both fangs into de Bary's forearm.

Snake serum was administered by his wife within 15 minutes. He was rushed to Holy

Recognition Considered Inevitable

PARIS (AP)—For President Charles de Gaulle, the Chinese mainland is a reality of 700 million people, and the control of the Communist government is a fact.

He thinks the time has come to base France's diplomatic policy on reality.

Ultimate recognition of Red China has never been much disputed in France. But it couldn't be done during the Korean war, when France had a battalion in the lines. It couldn't be done during the Indochinese war, when Red China was openly encouraging the Viet Minh rebels against French colonial rule. It couldn't be done during the Algerian rebellion, when the Chinese openly encouraged the independence movement against France.

Roadblocks Cleared
Now all those roadblocks have been cleared away. De Gaulle obviously thinks there is more political advantage in acting now, than in waiting.

He is reported to believe that the ideological break between Peking and Moscow makes it important to have an observer in China to provide the possibility for detecting trends.

France's once great influence in Asia has been waning steadily since World War II. De Gaulle would like to reinforce France's cultural and moral influence in that part of the world to take a position of leadership in what he calls the "third world" of nations uncommitted to either of the two big East-West power blocs. Recognition of Red China would fit into this pattern.

air space over southern China Monday. Peking issued its 27th "serious warning" against the United States, the New China News Agency reported.

Byrnes to Attend \$100 a Plate Dinner at Milwaukee Wednesday

Favorite Son Candidate Is Expected to Discuss Plans

BY THE ASSOCIATED PRESS

Rep. John W. Byrnes, the choice of state Republican leaders to head a favorite son presidential campaign in Wisconsin's April primary, will fly to Milwaukee Wednesday to join in a \$100-a-plate GOP fund raising dinner.

State GOP chairman Talbot Peterson said Byrnes probably would arrive in time to meet with the party's executive committee. It was expected he would discuss plans for his fa-

Atomic Accelerator Reviewed During Budgetary Discussion

WASHINGTON (AP) — The proposed atomic accelerator for Stoughton, Wis., was among programs discussed by the chairman of the Atomic Energy Commission Monday when he reviewed cutbacks made for budgetary reasons.

Dr. Glenn T. Seaborg also mentioned four other programs which had not been advanced. He said reduction in the agency's budget was the reason for most of the program cutbacks.

James T. Ramey, an AEC member, said there was a possibility one project still may be added to next year's budget. He said this would be support for a nuclear reactor at Key West, Fla., to be used in converting sea water into potable water.

Explosion Kills 12

avorite son campaign, conditioned to the agreement of all major candidates or prospects for the GOP presidential nomination to skip the state primary.

Principal Speaker*

At the dinner, Byrnes will introduce the main speaker, Sen. John G. Tower, R-Texas. The guests also will hear other GOP figures, including former President Eisenhower, on a closed circuit television program.

Peterson was asked Monday if he had heard anything more from Sen. Margaret Chase Smith of Maine, who entered the GOP presidential race on Monday. He recalled she had written earlier she did not have the time nor the money to put together the kind of an organization a primary race in Wisconsin would require. She could not be reached for comment.

Wilbur Renk, seeking nomination as the Republican candidate for the U. S. Senate, said Monday that Sen. William Proxmire, D-Wis., was "on both sides of the fence" in the selection of a judge for the U.S. District Court at Madison.

Interim Appointment
David Rabinovitz of Sheboygan assumed the post earlier in the month under an interim

Today's Chuckle

Any man who has half a mind to get married is well equipped for the venture. (Copr. 1964)

appointment by President Johnson.

Renk said in a statement that Proxmire first "apparently backed James E. Doyle and then Rabinovitz." Doyle, a Madison attorney described by Renk as an "outstanding attorney," was backed by a number of persons for the appointment.

Proposal Abolishes Town Government in Wisconsin

MADISON (AP) — A proposal to abolish town government in Wisconsin as a means of streamlining governmental operations was forwarded Monday by Eau Claire city manager Douglas Weiford.

Weiford offered the suggestion at a meeting of the Legislative Council's Committee on Urban Problems, which delayed a decision on studies of local and county government reforms. A member of the committee, Weiford made his proposal while objecting to a bill that would set up multiservice districts as a new layer of government in the state.

"Conflict between governmental units engenders a deadening inertia," he said. "Existing units of government should be strengthened, particularly the counties. And that is impossible as long as towns exist."

Nation's First Primary May Cause Confusion Among the Candidates

March 10 Balloting Is Based On First-Come, First-Served

BY JACK BELL

WASHINGTON (AP) — Its dicted a full delegate slate for come-one-come-all aspects indicated today that New Hampshire's March 10 presidential primary may end up ranking first in confusion as well as first in the nation.

Sen. Margaret Chase Smith, R-Maine, 66-year-old veteran of somewhat more limited political wars, joined the overflowing list of GOP presidential nomination aspirants with the announcement Monday her name will go on the primary ballot.

Nixon Delegate
What was perhaps more disturbing to New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., was the filing of a delegate candidate for former Vice President Richard M. Nixon.

John L. Macdonald, a Man-

chester advertising man, predicted a full delegate slate for Nixon. The man who lost a hair-line decision to the late President John F. Kennedy has said he would accept a draft for a second nomination but wouldn't campaign for it.

Ballot List
With this in mind, Macdonald said that Nixon's name may not go on the preferential ballot list where those of Rockefeller, Goldwater, Mrs. Smith will be listed. But he added that there may be a write-in for Nixon.

The former vice president's name is well known in New Hampshire, where he polled 65,000 votes in 1960. Presumably he, Mrs. Smith and several others will provide alternatives for Republican voters who don't want either Rockefeller or Goldwater.

Supporters are talking of injecting Henry Cabot Lodge, the 1960 GOP vice presidential nominee, and Gov. William W. Scranton of Pennsylvania into the primary balloting. Former Minnesota Gov. Harold E. Stassen planned to file today.

University Plans To Build Small Launching Site

MILWAUKEE (AP)—The establishment of a small scale rocket launching site on the tip of the Keweenaw Peninsula, which juts into Lake Superior, is being planned by the University of Michigan.

Marquette University said Monday it had been invited to join in experiments when the program is started in the spring and is interested in outlining projects to be carried out on the range.

Plans call for the firing of small sounding rockets into the upper atmosphere to return measurements of radio signal. The rockets would drop back into Lake Superior.

The launching site would be established opposite Manitou Island, according to Russell Hellman, a Michigan State representative from Houghton. He said there are plans to set up some tracking facilities on St. Ignace Rock and Point au Sable. The largest rockets would be the Nike-Apache, costing about \$7,500. They would carry instrument packages worth up to \$10,000.

Cubans Demonstrate For Panamanians

HAVANA (AP) — More than 25,000 persons attended a demonstration Monday night at which leaders of the Cuban Workers Federation demanded that the United States get out of the Panama Canal Zone.

Union leaders proclaimed support for Prime Minister Fidel Castro's offer to help Panama if the United States cuts off aid.

Let's EXPLORE YOUR MIND
By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

The upper classes give us the majority of our most able persons. This does not mean that geniuses are not found in the lower classes. But usually, the brilliant child has more of a chance to develop his native abilities than does the genius born in an impoverished home. Even natural born geniuses need stimulation and opportunities to develop their capacities. One way to give us more geniuses would be to spot and encourage able youngsters from whatever types of families they come.

A girl marries a man and his family at the same time!

True False

A girl may feel that, when she marries, her man will be hers alone. But let the first baby arrive or the first Christmas come, and she finds herself in the middle of the three-fold family that her marriage has brought into being. There is the family she and her husband started. Second, there is her family with their interest in their daughter's home. Third is her husband's family with its ongoing concern for their son's marriage home life. The girl who is prepared to enjoy her mother-in-law as a person enjoys these stand-extended family connections. Such enjoyment is impossible for those with no place in their lives for in-laws.

Get more facts about this everyday problem by reading G. Laux, 29, 129 N. 12th St., the booklet, "How to Be a Good Mother-In-Law." To get a copy, send 25c and a stamped, return envelope to this column, where police after an accident at 7:15 a.m. Tuesday at Garfield Avenue and Wilson Street.

Make Your Own Cards for This Fun Spaceship Game

BY CAPPY DICK

The object of my new game which I call "Spaceship Base" is to acquire enough cards to get up a spaceship base. The player who establishes the most spaceship bases wins the game. Make your own cards, marking them like those in the illustration.

Prepare 50 cards, the same size as ordinary playing cards. The deck of 50 will include: Ten cards marked "SS" for "spaceship," as in Figure 1; 10 cards marked "LP" for "launching pad" (Figure 2); 10 cards marked "CP" for "cherry picker" (Figure 3); 10 cards marked "TS" for "tracking stations" (Figure 4) and 10 cards marked "A" for "astronaut" (Figure 5).

There may be two, three or four players. Shuffle the cards and deal five facedown to each player. Place the remainder of the deck face-up at the middle of the table. To set up a spaceship base.

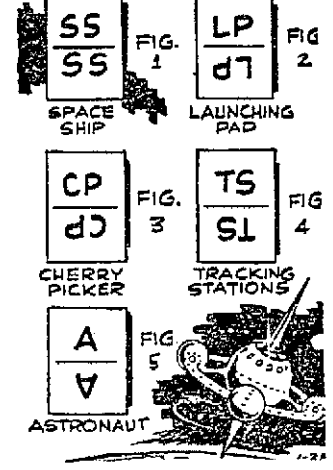

Look and Learn

BY A. C. GORDON

1. What percentage of the information received by a person's eyes is relayed on to his brain?

Answers

1. Only about one per cent.
 2. In 1891, in Bellefontaine, Ohio.

all five cards shown in the illustration above are necessary. Any player who is dealt those five cards at the beginning announces "Base!" when his turn comes and he places the five cards in a pile at his right side. He is then entitled to draw five new cards from the center stack, after which it is the next player's turn. If he cannot lay down five cards to represent a completed spaceship base, he must draw one card from the top of the center stack, add it to those in his hand and discard one card by placing it at the bottom of the center stack. It is then the next player's turn. The players continue to draw and discard until no cards remain in the middle stack. The player who has made the most spaceship bases wins.

Badgers, Warriors Will Clash Tonight

About 8,000 Expected to See Game

MILWAUKEE (AP) — The Marquette and Wisconsin basketball teams, with everything to gain in this season of distress, renew their rivalry tonight.

A tipoff of the status of both teams is the forecast of a far short of Arena capacity crowd of about 8,000 for the 60th game between the schools.

The Badgers, who will be returning to action after a break for examinations, hold a 39-20 lead in the series. The Badgers whipped Marquette twice last season, by 18 and 14 points.

Marquette has a 4-9 record, and has posted its only victories on the Arena floor. The Badgers are 6-7 for the season, getting two of their victories on the same court in winning the Milwaukee Classic Tournament in December.

Marquette Coach Ed Hickey said his Warriors would be ready.

'Lot of Angles'

"There are a lot of angles to a Wisconsin-Marquette game," he said. Some people read the state championship into it. The game has a great deal of importance for both of us."

Wisconsin Coach Johnny Erickson saw signs before the end of the first semester that his Badgers were beginning to take shape. He was hopeful about the last half of the campaign, saying, "We're green and green things grow."

Erickson regards sophomore Tom Flynn as Marquette's top man. Flynn, who has averaged 17.5 points a game, will be joined in the starting lineup by Willie Kingsley, John Stone, Jim Poulsen and Joe Mimlitz.

The Badgers' Bob Johnson suffered a cut hand in practice and is a doubtful starter. If Johnson is not able to play, his place will be taken by Ken Gustafson. The remainder of the lineup includes Mike O'Melia, Dave Grams, Mark Zubor and Dave Roberts.

While Erickson has given special attention to Flynn, Warrior Coach Hickey indicated he worried about all the Badgers.

"In a basketball game," he said, "any one of five boys can hurt you. We have much respect for Jim Bohen and O'Melia. They have great speed and a lot of hustle. The board play of Johnson and Roberts has been improving. Zubor has a fine touch."

Jerry West Breaks Thumb, Will Be Out for 3 Weeks

LOS ANGELES (AP) — The Los Angeles Lakers' hopes for a repeat as Western Division National Basketball Association champions were dampened Monday by word that star guard Jerry West broke a thumb and will be out three weeks.

It happened, West said, when his hand slapped against the leg of Wilt Chamberlain Sunday night as the Lakers played to a 108-96 win over San Francisco. To fill in for West, the Lakers recalled Mel Gibson from the Wilmington Blue Bombers of the Eastern Professional Basketball League.

A year ago West pulled a hamstring muscle and missed the final 25 games. Without him, the Lakers lost 15.

The Lakers, leading the Western Division by 2½ games as of Monday, play their next six games on the road, starting tonight against Detroit.

If Reinstated, Hornung Will Report Month Ahead for Drills

MILWAUKEE (AP) — Suspended Packer halfback Paul Hornung, a realist at 28, says if he's reinstated he will report to Green Bay one month early to work back into shape.

In Milwaukee for a speaking engagement at a church sports program Monday night, Hornung said in an interview he weighs 221 pounds, or six more than his 1962 playing weight.

Hornung was suspended indefinitely after the 1962 season for betting on National Football League games. The suspension will come up for review next month by NFL Commissioner Pete Rozelle.

"Sure I expect a difficult time getting back into the swing of things," he said. "But if I'm reinstated, I'll be up in Green Bay one month early (next summer) to work out."

"The big thing is getting used to being hit again and getting my legs in shape. It's a fact that I've got to be driven to play well and Packer Coach Vince Lombardi is the kind of a coach who can get the best results."

"A year off the field means I'm just one year older," Hornung said. "But I don't think 28 is too old to play pro football."

High Flying Gary Bradds, Right, towers over Michigan State's Fred Thomann, white uniform, as the Ohio State center lifts in a field goal in a Big Ten game at East Lansing, Mich. Monday night. Watching for a rebound is Buckeye Jim Shaffer (34). Michigan State scored a 102-99 win over Ohio State. (AP Wire-photo)

Michigan State Edges Buckeyes

Spartans Erase 11-Point Deficit; Bradds Hits 48 in Losing Cause

	W	L	Pct.
Michigan	5	0	1.000
Illinois	2	0	1.000
Ohio State	3	2	.600
Northwestern	3	2	.600
Minnesota	3	3	.500
Michigan State	3	3	.500
Iowa	1	3	.250
Wisconsin	1	3	.250
Purdue	1	3	.250
Indiana	0	3	.000

CHICAGO (AP) — All-American Gary Bradds kept up his assault on Ohio State's scoring records Monday night but the Buckeyes continued their fade-out in the Big Ten basketball race.

The Buckeyes, having won three straight titles before managing a tie with Illinois last year, suffered their second loss in five games to drop two games behind a league-leading Michigan.

Ohio State lost at Michigan State, 102-99, as the Buckeyes

squandered an 11-point lead in the last eight minutes. Bradds, who scored 47 points against Purdue, tied the school record held by Jerry Lucas with 49 against Michigan State.

However, the Spartans were given a tremendous boost as Bill Schwarz connected on eight points in the last 52 seconds to give MSU its third conference triumph in six games.

Schwarz finished with 22 points for MSU but Marcus Sanders led the Spartans with 27 points. Bradds' tremendous output included 15 field goals and 18 of 20 free throw attempts.

The game was the only one scheduled in the Big Ten although Indiana's Hoosiers returned to action after a mid-semester layoff and suffered an 85-78 loss at DePaul.

Wisconsin visits Marquette tonight in the only other action involving Big Ten teams until Saturday when Indiana goes to Purdue. Michigan State plays at Michigan, Northwestern travels to Illinois for a regionally televised game, Wisconsin plays at Minnesota and Iowa returns to action and meets Loyola of Chicago in a Chicago Stadium doubleheader.

George Halas Calls Packers the Team To Beat in '64 Race

CBS Plans to Televis 5 or 6 NFL Doubleheaders This Fall

BY JACK HAND

MIAMI BEACH Fla. (AP)—Less than a month after his Chicago Bears won the National Football League title, owner-coach George Halas is worrying about next season.

"I am conditioning myself to take a lot of defeats," said the hardy, 68-year-old Hall-of-Famer today as the NFL meetings opened.

"It's nice to win," said Halas, "but you always have to realize when you win a game in the Na-

tional Football League it lasts almost a whole week. When you win the championship it might be good for a few months."

Halas said he expects the toughest race in the history of the NFL.

"Green Bay still is the team to beat," said the man who beat the Packers twice last year. "The first time we surprised them, the second time we played our greatest game."

"I don't expect any problems with complacency. The Bears don't think they are world beaters by any means. They realize how difficult it is to repeat."

Improve Offense

Halas said he was going to concentrate on improving his offense next season.

"We should be able to do it," he said. "It took us two years to build up our defense, first against passes and then against running. Next comes the offense. We may pass a little more next fall."

Halas mentioned tackle Dick Evey of Tennessee, end Billy Martin of Georgia Tech and quarterback Larry Rakestraw of Georgia as draftees with possibilities.

"Every might make us an offensive tackle," said Halas. "Martin can play either spread end or closed end. Of course, we have a pretty good closed end in Mike Ditka. We like Rakestraw as a quarterback for the future."

The Bears coach said he didn't agree with those who claimed the New York Giants would have beaten his Bears in the title game if Y.A. Tittle had not been injured.

"It would have been a question," he said. "You can't say positively. The game was played and we did win it. True."

Little Chance Of A's Going To Oakland

Finley Plans to Ask Club Owners For Another Meeting

OAKLAND, Calif. (AP)—The Oakland City Council has invited Charles Finley and his Kansas City Athletics to play American League baseball here next season.

The council seemingly has about as much chance of success as a starry-eyed girl asked for a commanding officer to let her boy friend out of the Army so they can get married.

Finley, like the boy friend, is willing.

But the American League, like the officer, apparently isn't.

And so Oakland-Athletics wedding bells aren't expected.

Finley, faced with a league ultimatum that he sign a stadium lease in Kansas City by Feb. 1, spent Monday with the Oakland council and came away with an invitation that included a \$500,000 remodeling job for a temporary stadium on a city soft ball field.

Stadium Complex That proposed 27,500-seat structure—now the 20,500-seat home of the American Football League's Oakland Raiders —

Turn to Page 7, Col. 1

MU Board Refuses To Review Cases Of Four Cagers

MILWAUKEE (AP) — Marquette University's Athletic Board denied Monday a request to reconsider the cases of four basketball players dropped from the team for breaking training rules.

Dr. Thomas R. Abbott, chairman of the board, said in a statement.

"The athletic board supports and confirms the action of the Marquette University basketball coach with reference to the disciplinary measures taken by him relative to four members of the basketball squad."

Jim Warras, Con Yagodzinski, Paul Carbins and Joe Price were dismissed by coach Eddie Hickey after missing a 1 a.m. curfew in Louisville, Ky. on New Year's Eve.

Liston-Clay Bout To be Shown in Green Bay Arena

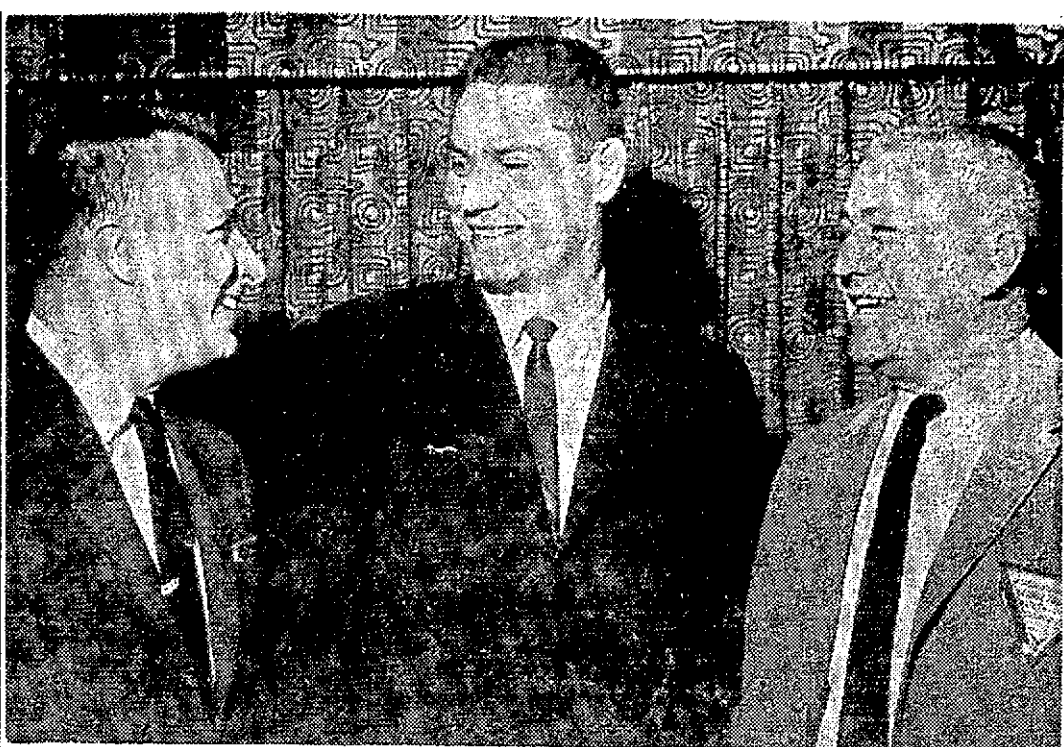

GREEN BAY — Theater Network Television, Inc., signed an agreement with the Brown County Veterans Memorial Arena to exhibit a closed circuit telecast of the Sonny Liston-Cassius Clay heavyweight championship bout, it was announced today by John P. Holloway, Arena manager.

The telecast will take place in the Arena at 9 p.m. Tuesday, Feb. 25. Reserved seat tickets at \$5, \$4.50, \$4, \$3.50 and \$3 will go on sale at Newman's of Green Bay, Berggren Brothers Sport Shop of Appleton, and at the Arena Box Office within the next week.

Skorich Added to Cleveland Staff

MIAMI BEACH, Fla. (AP)—Nick Skorich, who was fired as head coach of the Philadelphia Eagles last week, was named to the coaching staff of the Cleveland Browns Monday.

Owner Art Modell of the Browns said no specific duties had been assigned to Skorich, who has been coaching in the National Football League since 1954.

Dick Ellsworth (center), Chicago Cub pitcher, spoke Monday night at a meeting of the Appleton Y's Men's Club in the YMCA. Shown with him are Dave Weiland (left), program chairman, and George Peterson, club president. (Post-Crescent Photo)

2 Americans Among Top Seeded Men for Ski Test

Injuries Still Plague Teams For Olympics

First Gold Medal Will be Awarded in Figure Skating

BY LEE MEADE

INNSBRUCK, Austria (AP)—The biggest collection of ice figure skaters in sports history polished competition routines today in preparation for the opening of the Winter Olympics Wednesday.

Seventeen pairs and 29 women and 28 men from 15 nations are competing for the three Olympic gold medals.

The pairs competition in this glamorous sport will be the highlight of the opening day. The first 1964 Olympic gold medal will be awarded in this event Wednesday night.

Leading contenders among the ice princesses and princes are Germany's Marika Kilius and Hans-Juergen Baumeier; Russia's Ludmila Belousova and Oleg Protopopov and Canada's Debbi Wilkes and Guy Revell.

3 American Teams

The American entrants are three brother-sister teams — Judianne and Jerry Fotheringill of Tacoma, Wash., Vivian and Ronald Joseph, Highland Park, Ill., and Cynthia and Ronald Kauffman, Seattle, Wash.

Titles in women's and men's singles will be decided on Sunday, Feb. 2, and Thursday, Feb. 6.

The last arrival on the Olympic training scene was Charles Snelling of Canada. The 26-year-old doctor who ended a five-year retirement from competitive skating by winning the 1964 Canadian championship, delayed his arrival until he had delivered a baby in Welland, Ont.

While the favorites have been clearly established in each of the three divisions, attention has been focused on several aspiring title hopefuls who have been impressive in practice sessions.

Among them are Canada's Petra Burka and Wendy Griner America's Christine Haigler, of Colorado Springs, and Tommy Litz and Austria's Emmerich Danzer.

Miss Griner placed second to Holland's Sjoukje Dijkstra in the 1962 world championship.

Miss Dijkstra also was world champion in 1963 and is the favorite at Innsbruck.

Litz of Hershey, Pa., is one of three national men's champions on the U.S. team. He won the title in 1963. Scott Allen of Smoke Rise, N.J., is the current champion and Monty Hoyt of Denver was the 1962 title holder.

Litz was unable to compete in the 1963 world championships because of an ankle injury.

AFL Television Rights Will be Sold for \$12 Million, Says Paper

BOSTON (AP) — The Boston Globe said today the American Football League will announce within 72 hours the sale of its TV rights for a sum close to or about \$12 million.

The story, written by Sports Editor Jerry Nason, said it had obtained its information exclusively.

Antitrust Hearing On Baseball Slated

Senate Subcommittee to Invite
Athletics' Finley to Testify

BY G. MILTON KELLY
WASHINGTON (AP)—A Senate subcommittee announced today it will begin hearings Thursday on professional baseball's exemption from antitrust laws and the embattled Charles O. Finley will be invited to testify.

Sen. Philip A. Hart, D-Mich., said the subcommittee will begin hearings Thursday on professional baseball's exemption from antitrust laws and the embattled Charles O. Finley will be invited to testify.

Finley, who has been feuding with other American League owners over his efforts to move his Athletics out of Kansas City,

Loyola Posts 70-56 Victory Over Dayton

Unbeaten DePaul
Wins 13th, Tops
Indiana by 85-78

BY BOB GREEN
Associated Press Sports Writer

Most of the nation's college basketball teams would be delighted with a ranking as 10th best in the country. The Ramblers of Chicago Loyola, however, took it as something of an affront.

The Ramblers, who tumbled from third to 10th in the latest national rankings, started on the road back Monday with a 70-56 conquest of Dayton's Flyers.

Coach George Ireland's defending national champions had lost two straight, which cost them dearly in the national poll, before the rebound against Dayton for their 12th victory in 15 starts.

Within One Point

And it wasn't easy. Dayton had closed to within one point, 57-56, when the Flyers' 6-foot-11 Hank Finkel fouled out. The Ramblers took advantage of his absence to run off 13 straight points for the final margin.

DePaul, No. 9, was the only other ranked team in action and got by Indiana 85-78.

In other major games, Michigan State rallied for a 102-99 triumph over Ohio State and Tennessee took the lead in the Southeastern Conference by beating Georgia Tech 83-63.

DePaul's triumph was its 13th without loss this season. Key figures were 6-10 sophomore Dave Mills and Jim Murphy. Mills scored 25 points and Murphy broke a 60-60 tie and sent DePaul ahead to stay with two key free throws and a field goal. He finished with 23 points.

will be invited to testify, Hart said.

Finley's Situation

So far, the senator said, Finley has not yet asked to be heard. But Hart said he hoped the subcommittee would get an early fill-in on Finley's situation.

In a well-publicized battle, the American League turned down Finley's attempt to move his team to Louisville, Ky.

Not giving up, he announced Monday he would try to shift the club to Oakland, Calif., again, though, the move would be subject to league approval.

Hart listed George Selkirk, general manager of the American League's tail-end Washington Senators, as the leadoff witness Thursday.

Hart announced in advance the inquiry would be a "low pressure" probe which could embrace, among other things, any complaints from chronic tail enders in the various professional sports leagues about the help or lack of it received from the established clubs to improve their situations.

Hart has introduced legislation which would place all four of the team sports under limited application of the antitrust laws. This is the scheduled main topic for the witnesses.

Wichita Rises To No. 7 Sopt

UCLA Continues To Lead AP's Basketball Poll

BY DICK COUCH
Associated Press Sports Writer

Wichita, a frontier boom-town when gunslingers roamed its streets, is prancing again, thanks to a band of tall sharpshooters in sneakers.

The University of Wichita Wheatshockers are the new cut-ups and their game is high-calibre basketball.

Last week the Shockers bolted into the 1964 college championship picture with an 80-76 victory over Chicago Loyola, last year's titlist. The victory, Wichita's 14th in 17 games, lifted the Kansans from 10th to seventh place in The Associated Press' major college cage poll and helped shuffle the Ramblers from third position to 10th.

If the Missouri Valley Conference leaders keep winning, Wichita could be the No. 1 spot on the basketball map in March when the NCAA Midwest Regional playoffs are contested there.

15 Straight Wins

UCLA's unbeaten Bruins are still No. 1 in the AP poll of 40 writers and broadcasters. The Pacific Coast powerhouse, idle last week, received 22 first-place votes and 392 points. UCLA has won 15 straight games.

Michigan's Big Ten front-runners, 14-1 on the season, remained in the No. 2 slot after posting conference victories over Michigan State and Minnesota. The Wolverines collected five first-place votes and 345 points.

Davidson, also unbeaten in 15 games, advanced to third and picked up the remaining pair of first place votes. The Wildcats trampled Wofford, 105-73, in their only start last week.

The Top Ten, with place votes in parentheses, season records through Sat. (Jan. 25 and points on a 10-7-2-4-3-2-1 basis):

1. UCLA (13)	15	0	392
2. Michigan (15)	14	1	345
3. Davidson (12)	13	0	269
4. Kentucky (12)	12	2	271
5. Vanderbilt (11)	11	1	193
6. Villanova (11)	11	1	169
7. Wichita (11)	11	1	167
8. Duke (10)	10	1	168
9. DePaul (10)	10	0	161
10. Chicago (10)	10	0	153

Others receiving votes in alphabetical order: Creighton, Drake, Illinois, New Mexico, Ohio University, Oklahoma State, Oregon State, St. Bonaventure, St. Louis, Seattle, Texas A&M, Texas Western, Utah State.

**Liston Dissatisfied
With Ring Equipment
At Miami Beach**

MIAMI BEACH, Fla. (AP)—Sonny Liston looked over his training quarters Monday and approved them, but wasn't entirely satisfied with the ring equipment and ordered more.

Liston, who fights Cassius Clay for the title here Feb. 25, plans to start work today and his handlers said the equipment ordered from Las Vegas would arrive in time.

Liston trained at Las Vegas 31 from arriving here Sunday.

U. S. Skater, Russian Tie In Trial Race

Terry McDermott Boosts Hopes for Good Showing

INNSBRUCK, Austria (AP)—Terry McDermott, a fleet-footed barber from Essexville, Mich., shared victory with Russian speed skater Vladimir Orlov today in a pre-Olympic trial over 500 meters.

Both skaters were clocked in 40.5 seconds in a competition which pitted the top talent of 17 nations.

Americans in the 3,000-strong crowd at the Innsbruck speed skating ice oval cheered the 23-year-old U.S. athlete.

McDermott's performance was a welcome booster to U.S. Olympic hopes in this sport.

The Soviet Union's Rafael Grach was third in 40.8 seconds.

Tom Gray from Minneapolis, who has an unofficial time equalling the listed world mark of 39.5 seconds for the 500 meters (held by Russia's Evgeny Grishin) was timed in 41.2. This earned him fourth place along with Japan's Keiichi Suzuki, who had the same clocking.

Of the other Americans, Bill Disney of Rosemead, Calif., showed the best time with a clocking of 41.5 seconds for eighth place.

Wayne LeBomard of West Allis, Wis., was timed in 42 flat and tied for 14th. Roy Wallace of Alhambra, Calif., was far down the list in 43.8.

Bowling Bar Edges Dave's In Kaukauna

KAUKAUNA — Bowling Bar, Doering's Super Value and Kappell's Bar all won in second half play of the City Basketball League over the weekend to remain tied for first with 2-0 records.

Bowling Bar edged Dave's Sports, 70-67, fighting off a last-period rally. Vern Bowers hit 17 points and Bob Nicson and Jim Greiner each had 16 for the winners, while Bob Van Allen registered 21 for the losers.

Kappell's topped Shamrock, 66-57, with Pat Caspersen hitting 22 for the winners and Jerry Kobussen 14 for the losers. Super Value defeated Tony's Bar, 63-53, with Dave Lamers scoring 22 for the winners and Myron Zachowski leading the losers with 12.

The Eagles rolled to a 74-32 decision over Thileo with Pete Volt scoring 34 points. Powers' Pub swamped Badger Northland, 87-43, with Dick Promer scoring 27 points for the winners Marcel Lamers led the losers with 10.

**Foremost Volleyball
Team Takes Lead
In YMCA League**

Foremost Dairies (5-1) took over the sole lead of the Appleton YMCA Good Fellowship Volleyball League by scoring three straight wins over Appleton Coated Appleton Trophy (4-2) beat Riverside Paper thrice to move into second place. Marathon (3-1) won two of three games from Lakeview (3-3).

Chicago's Mikita Hull Ranks 1-2 In NHL Scoring

MONTREAL (AP)—Jean Beliveau's sprained wrist has slowed the great Montreal playmaker's bid for a National Hockey League scoring title while Toronto's dislocated offense has brought the defending NHL champs to a dead stop.

Beliveau, apparently headed for a banner season, injured his left wrist a week ago. With the big center sidelined indefinitely, Stan Mikita and Bobby Hull could turn the NHL individual point race into a Chicago family scrap.

Mikita overhauled Beliveau in the playmaking department with a pair of assists last week and Hull boosted his league-leading goals total from 30 to 32.

Mikita leads with 61 points, three more than Hull. Beliveau is third with 54, followed by the Hawks' Ken Wharram and the New York Rangers' Andy Bathgate with 47 each. Phil Goyette and Rod Gilbert of New York, Murray Oliver of Boston, Bill Hay of Chicago and Gordie Howe of Detroit complete the top echelon.

The leading scorers:

1. Mikita, Chicago	61	24	27	41
2. Hull, Chicago	54	32	26	58
3. Beliveau, Montreal	54	18	36	54
4. Bathgate, New York	47	25	22	47
5. Wharram, Chicago	47	15	31	47
6. Goyette, New York	47	15	31	46
7. Gilbert, New York	47	19	24	43
8. Oliver, Boston	47	16	27	43
9. Hay, Chicago	47	15	27	42
10. Howe, Detroit	47	15	27	42

Olympian Has New Hair-Drying Technique

INNSBRUCK, Austria (AP)—American girls at the Olympic Village have hit on a new way of drying their hair.

Lacking conventional aides, speed skating ace Barbara Lockhart from Chicago has been shaving her head into an electric clothes drier.

LSC and YMCA Triumph Over Menomonee Falls

Two Appleton teams defeated Menomonee Falls Swim Club units Sunday in the Lawrenceville College pool.

The Lawrenceville Swim Club won the girls' meet, by a margin of 116 to 88. The Appleton YMCA team won the boys' meet, 69-58.

In the 200-yard individual medley for 13-year-olds and above, the LSC combo of Jayne, Wesenberg, Neuman and Herrbold won in a time of 2:13.8.

The LSC had five freestyle winners: Van Newstrom in the 200-yard (13 and over) in 2:52.2; Downie in the 50-yard (11 and over) in 30.3; Germaine Herrbold in the 50-yard (13 and over) in 29.5; Schneider in the 100-yard (11 and 12) in 1:20.6; and Herrbold in the 100 in 1:08.

3 Medley Wins

LSC won the individual medley in each age group: Downie (10 and under), with 1:30.7 for the 100 yards; Downie, (11 and 12) with 1:18.8 for the 100 yards; and Neuman (13 and over) with 2:49.7 for the 200 yards.

The only LSC winner in the breaststroke was Neuman with freestyle relay (11-12 class) a time of 1:22.7 for the 100 yards in the 13-and-over group.

Lucas Leads In Accuracy

Chamberlain Holds Top Spot Among Scorers, Rebounders

NEW YORK (AP) — With Chamberlain still the National Basketball Association's top point pouter, but rookie Jerry Lucas and veteran Larry Costello are the new dead-eye department heads, according to the league's latest statistical report.

Lucas, Cincinnati's light-fingered first-year man, replaced the San Francisco giant as the NBA's field goal accuracy leader. Costello, Philadelphia's throwback to the game's two-hand shooting era, took over the top spot in free throw consistency from Cincy's Oscar Robertson.

St. Louis' Bob Pettit passed the 19,000 point mark and is closing in on Dolph Schayes' career record of 19,190. Still, more's Walt Bellamy, still seething over a \$400 assessment by Coach Bob Leonard for failure to hustle, gunned at a 33.2 clip last week and the Bulls won five games in a row.

But Chamberlain, 1,735 and 35.4, has a comfortable lead in both total points and per-game average, and holds a slim edge, 1,102 to 1,085, over Boston's Bill Russell in rebounding. Robertson the No. 2 scorer, is still far ahead in playmaking, with 536 assists.

Lucas has a field goal accuracy percentage of .526. Chamberlain's mark is .514. Costello leads Robertson, .589 to .588, from the foul line.

The leading scorers:

1. Chamberlain, S.F.	1,735	35.4
2. Robertson, Cin.	1,735	35.4
3. Pettit, S.F.	1,735	35.4
4. West, L.A.	1,735	35.4
5. Bellamy, Balt.	1,735	35.4
6. Bower, L.A.	1,735	35.4
7. Dischinger, Balt.	1,735	35.4
8. Greer, Phila.	1,735	35.4

Ray Doell Rips 289 Game in KCA League

Line Ranks as
Highest of
Appleton Season

Ray Doell pounded 10 strikes in a row and had nine pins and a spare in the 11th frame for a 289 game, highest individual effort of the season on Appleton lanes. Doell was bowling in the KCA General Office League at the 41 Bowl and finished with a 611 series.

Top series in the league was a 626 by Don Marshall. A and OSC (38-19) is the league leader.

Other honor scores included Olney McIntyre, 586; Don Anderson, 557; Paul Brietbach, 571; Russ Menning, 556; Dick Van Eyck, 577; Ken Parker, 557 and Len Schipferling, 566.

Fritz Ankerson slammed a 247 game and Allan Laux had a 246 line and 624 series to lead the Tavern League at Hahn's Lanes. Ankerson finished with a 581 set.

Other high scores included Duane Kassube, 603; D. Dyer, 584; Conny Knaus, 585; Ray Crane, 587; Al Gast, 582; F. Vandenberg, 566; Roger Blaes, 570 and R. Lutz, 555.

Hits 607 Set

Chet Steiner smacked a 234 game, and Lyle Austreng had a 607 series to share honors in the Sportsman's League at Hahn's. Steiner finished with a 572.

Others hitting honor scores included Dave Laux, 553; Ery Siewert, 553; Bernard Ernst, 583 and Jerry Eastman, 581.

Brad Coursen smacked a 234 game and 594 series for honors in the Universal League at the 41 Bowl.

The only other honor scores were Bob Duzak, 557; Emil Mueller, 557 and Harry Edwards, 551.

Mark Catlin had a 592 series for the top count in the Elks Major League on the Elks Lanes.

Wisconsin (30-24) won three games to move into first place with a one-game lead over Purdue.

Other honor counts included Carl Reetz, 590; Ed Rydell, 568; Wally Winter, 566; Joe Varena, 583; George Patterson, 567; Tom Massonet, 553 and Al St. Pierre, 550.

Rodriguez Wins Playoff by 1

Beats Don January In International Open Tournament

SAN FRANCISCO (AP)—If Chi Rodriguez ever runs out of golf shots he can still make a living on the night club comedy circuit.

The 120-pound Puerto Rican laughing man methodically beat Don January by one stroke Monday in their 18-hole playoff for the Lucky International Open Golf title—and then he whipped listeners into helpless laughter with 15 minutes of banter.

Rodriguez — whose proper name is Juan — consistently outdrove January en route to his 34-36—70 round over the par 36-35—71 Harding Park Municipal course. But he said his 250-yarders off the tee didn't come near equalling a five-iron shot he hit a few years ago.

Carries Ball

"I am playing in tournament and I lead by five strokes. I hit five-iron to green 250 yards away. The ball goes high and plane from Air Force base come low. Woosh—exhaust carries the ball 100 yards past the green. Three-hundred-fifty-yard shot. I chop back through the trees and lose by one stroke."

Remembering how he lost that event despite the big lead, Rodriguez said he never thought he had sewed up the match with January although he never trailed and at one point led by three strokes.

January, a lanky Texan who slipped into the playoff when he bogeyed the tournament's final hole Sunday, fell behind Monday when wood shots into the trees cost him bogeys at holes four and five.

Rodriguez' fine second shots set up short birdie putts at the seventh and ninth, more than canceling out a 18-foot birdie by January at the sixth. As it turned out, the match was as good as over.

Rodriguez stumbled to a three-putt bogey at the 14th but January could close no more until the 18th, when he birdied from 24 feet—hours late.

Don Schroeder Bowls 613 Couples Series

Don Schroeder socked a 613 series to pace the latest round of the Boozier Couples Bowling League at the 41 Bowl.

His best line — 228 — also led the league.

Youth Movement Still In High Gear for '64, Says Craft of Colts

Houston Manager
Claims Pitching
Is Strong Point

BY HARRY CRAFT
Manager Houston Colt .45s

INVERNESS, Fla. (AP)—The 1964 season will again be a building year for the Colts. Our youth movement is still in high gear, but the recent baseball legislation that permits the four expansion clubs to option out four additional first-year players has eased our situation.

Instead of having to protect nine of the 10 first-year players that were on our roster this winter, we may now have to protect just three or four of these players. This allows us to acquire players who will be of more service to the club in the

Glen Nau Slams 646 In Brotherhood Loop

Neon Sign Team Has 1,045 Game And 3,008 Series

Glen Nau fired a 247 game and 646 series to lead the Brotherhood League at Hahn's Lanes Monday night.

Clark Gas (37 1/2 - 25 1/2) leads Hueseman's Insurance and Priebe Insurance by a half game.

Other honor scores included Floyd Jahnke, 225 and 618 and Doug Bahr, 226 and 612.

Carl Lella smacked a 237 game, and Ed Jansen had a 233 line and 636 series to share honors in the Builder's League at Hahn's.

Van Wink TV (37 - 26) lost three games and fell into a 3-way tie for first place with

Hoffman Construction and F. Hoepner and Sons.

Appleton Neon Sign had a 1,045 game and 3,008 series to lead team scoring.

Honor Scores

Also hitting honor scores were Gene Kositzke, 598; Bill Lessel-young, 588; Bill Farquhar, 579; D. Bahcal, 559; Carl Heintz, 558; Wayne Neuman, 557; Wally Roeck, 556; Carl Bauer, 551; and Dick Rassmussen, 235.

Jim Agen blasted a 247 game, and S. M. Timmers had a 636 series to lead the Knights of Columbus American League at the 41 Bowl. Agen finished with a 595 set and Timmers had games of 245 and 242.

Fox Shell Oil (46-30) leads the league while Schreiter's turned in a high team game of 1,044. Other honor scores included Syl Bayer, 236 - 615; Babe Bayer, 233-606; Frank Briske, 555; Louis Dietz, 551; Mike King, 562; Rev. T. L. Keller, 618; Jim DeYoung, 594; John DeYoung, 240-634; Clem Williamson, 589; Joe Vanden Burgt, 581; Titus Heigl, 554 and Hank Brum, 581.

Pekel Hits 609

Bob Pekel slammed a 245 game and 609 series to pace the Knights of Columbus National League at the 41 Bowl.

Appleton Concrete Products (44 1/2 - 31 1/2) leads Blackie's Heating by 1/2-game. Also hitting honor scores were Gene Birchler, 235; Bob Otto, 551; John Dietz, 566.

Jim Hauert banged a 565 series for the top individual count in the Lutheran League at Hahn's.

Darboy Club (38-22) is the league leader with Appleton Auto Sales three games off the pace. The only other honor scores were a 553 by B. Reclor and a 554 by R. Kositzke.

Kimberly-Clark Takes Lead in 'Y' Olympics

INDUSTRIAL OLYMPICS Points
Kimberly Clark 500
Appleton Coated Paper 485
Marathon 425
Appleton Wire Works 330
Wisconsin Michigan Power Co. 320
Bergstrom 300
Institute 245
Appleton Mills 230
Riverside 195
Presto Products 145

Kimberly-Clark finished second in the skat tournament and third in rifle shooting to take over the team lead in the Appleton YMCA Industrial Olympics with 500 points.

Close behind, in second place, is Appleton Coated Paper with 485 markers. Marathon is third, with 425.

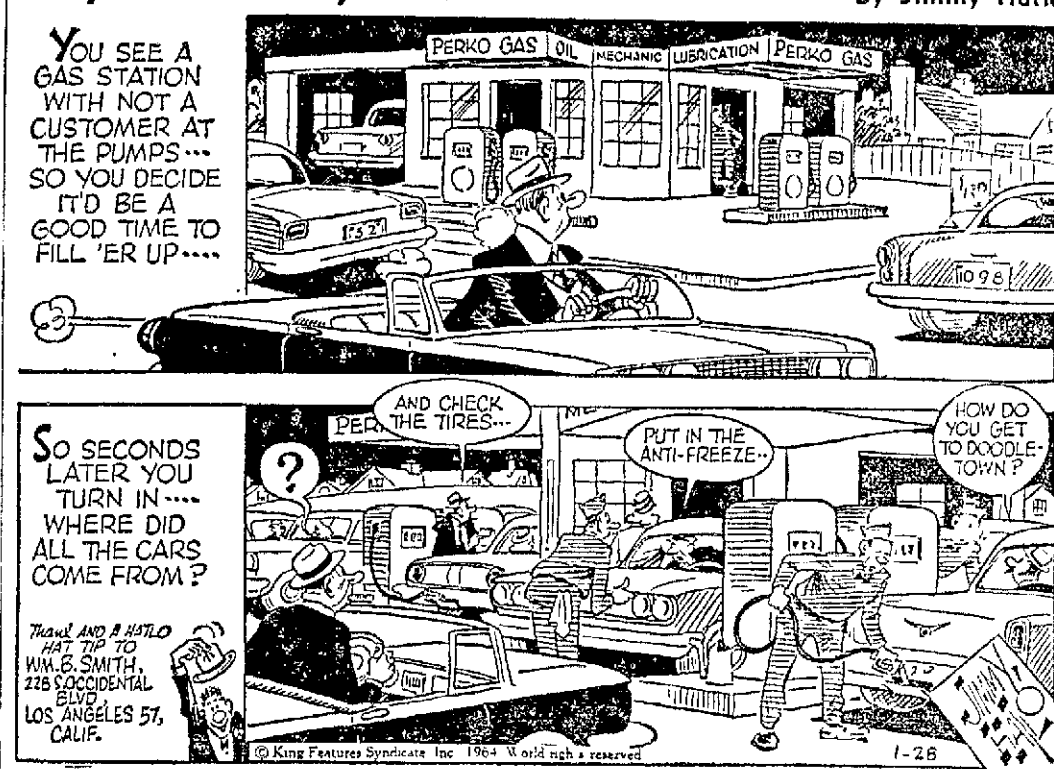

Marathon won the rifle shooting tourney with a team composed of Glen Derber, Ed Smirner, Walter Pommerenecke, Jim Gerrits and Richard Dahms. Institute was second in the meet.

Bergstrom won the skat tournament with 962 points in 36 hands. Kimberly-Clark placed second and Marathon was third.

Members of the winning Bergstrom team were Dick Powers, Howard Larson and Art Jackson.

This week's event is the ping pong singles.

They'll Do It Every Time

St. Joseph Knocked From Unbeaten List

BOYS CHURCH LEAGUE W L
St. Joseph 5 1 Zion-1
First Methodist 4 1 Zion-2
St. Bernadette 2 3 First English 1

Zion No. 1 knocked St. Joseph from the unbeaten ranks, 53-50, in an overtime Boy's Church Basketball League game.

In other games, Jerry Gunderson poured in 48 points to lead First English to a 96-78 victory over EUB and First Methodist topped Zion No. 2, 55-46.

Zion No. 1, which had only one victory in four previous games, battled St. Joe's to a 48-48 deadlock in regulation play and then notched five in the overtime while the league leaders were held to one bucket. Dave Antioia, Tim Bauer and George Baer had 18, 16 and 14 points, respectively for the winners. Joe Bowers was high for St. Joe's with 16.

Gunderson dumped in 23 field goals and a pair of free throws to lead First English to its first win of the season. Bill Fiend had 24 and Jim Krueger scored 20 for EUB.

First Methodist led all the way in the win over Zion No. 2. Four players scored in the double figures for the winners.

KRA Archers Score Second Straight Victory

KIMBERLY — The Kimberly Recreation Association archers scored their second straight victory in the State Mail Match tournament by defeating North Fond du Lac by a 3,116 to 2,900 score.

Don Bodway paced the KRA with a 792 score. Glen Peterson had 780. Chris Wildenberg had 778 and Ken Bodway recorded a 766.

Don Wendt paced North Fond du Lac with 737 and other scores included A. C. Baer, 728; Don Wolk, 724 and Elmer Remel, 711.

Henke Signed as UP Coaching Aide

STOCKTON, Calif. (AP)—Ed Henke, a 14-year veteran of professional football, is a new assistant football coach at University of the Pacific, the school announced Monday.

Henke, 36, announced his retirement from the pro game at the end of the 1963 season when he was player and assistant coach for the St. Louis Cardinals of the National Football League.

Lawrence Drops 11-3 Decision To Hornet '6'

The Green Bay Hornets, of the Wisconsin State Hockey League, defeated Lawrence College, 11-3, Sunday in the preliminary to the Bobcat-Waterloo game in the Brown County Arena.

Mike Funk scored three goals and two assists. Dick Dier, former Bobcat, was another standout for the Hornets.

Bob Duncan scored two goals for Lawrence, and Dan Lindsay got the other. Vike goalie Steve Blair made 40 saves in his 2 1/2 periods of play.

Lawrence, coached by Kinsey Flagstad, now has a 2-2 record. Its next scheduled foe is the Mayville hockey club.

Tom Albers Fires 598 Couples Set

Tom Albers blasted a 598 series to lead the men, and Shirley Betters pounded a 204 and a 518 to lead the women in the Couples Fish League at Jerry's Lanes, Kimberly.

Gerry Albers hit a 516 count for the lone other honor score.

Dave Williamsen rolled a 232 game and a 559 series in the Businessmen's League at Little Chute Recreation.

Paul Hietpas hit a 562 set and Bob Verbeten a 225 game.

In a women's league at Little Chute, Gert Marquardt rolled a 193 singleton.

Halas Terms Packers Team To Beat in '64

(Continued from Page 5)

I have to look to see if the score was right when I read some of the reports.

Halas and the other owners are expected to turn down a proposal to count tie games as one half game won and one-half game lost in the standings. That was one of the amendments to be considered at the meeting.

The new \$28 million television contract still was a subject of wide discussion.

5 or 6 Sundays.
Bill McPhail, vice president of the Columbia Broadcasting System, revealed Monday that the network planned football television doubleheaders on five or six Sundays next fall by following an East Coast game with a West Coast game in cities where the clubs were on the road.

The new policy would result in headon collisions with the rival American Football League which normally televises its games at a time when there was no direct conflict with the NFL.

"We plan to bring a West Coast game into Eastern cities after an East Coast game is over and vice versa," said McPhail.

"For instance if New York is at Pittsburgh the game would be seen in New York followed by a California game from San Francisco or Los Angeles. We would do the same thing for the West Coast, preceding their game with an Eastern contest," he said.

Rozelle and McPhail emphasized that in all cases there would be no games telecast early or late in the city when the club is home.

Rozelle lined up against the proposal to conduct the annual draft of college players from the league office by telephone rather than at a special draft meeting. Despite lengthy delays in last year's selection that lasted 23 hours, 41 minutes, Rozelle said, "I like the draft system as it is."

Sampsons Win Father-Son Pin Test in Kaukauna

KAUKAUNA — A total of 51 father-son (or partner) teams participated in the recreation department sponsored 2 - game bowling tournament at Bowling Bar over the weekend. Richard Sampson and son Ron finished first with an 825 total.

Second high series was hit by Marvin Hooymann and son Mike (with 754). Third place went to Dave Hardy and senior partner Gene Schaefer with 727. High single game was 450 by the Sampsons. High game and series by a father was 233 and 304 by Ben Bloy.

High single game by a son was Ron Sampson with 233. Mike Hooymann had a 226; Ron Sampson, 217. Dennis Hilgenberg, 201 and Dave Hardy, 199.

Bowling Tips

BY DON CARTER AND MARION LADEWIG

Deep Freeze Problem

Concentration is important, but don't stay in your "getting set" position so long that you freeze. Failure to stay relaxed will do irreparable harm. Muscles that are tense will not respond the way you want them to.

Start planning your shot as you take the ball off the rack. Take care in finding your starting position, but avoid aiming so long that you become overly tense.

I elaborate on this in greater detail in my pocket- or purse-sized pamphlet, "Control Tips For Beginners." A copy's yours for 10 cents and a stamped, return envelope sent to me, Marion Ladewig, care of this paper.

Pond's Hikes Major A Lead To Two Games

MAJOR A CAGE LEAGUE W L
Pond's 7 1 Dag's 2
Police 5 2 CAC 2
Bill-John's 4 3 DeMolay 0

The Pond basketball team stretched its lead in the Major A League to two games Sunday with a 60-49 victory over runnerup Police.

Mark Felthelm and Bill Feind scored 23 and 15 points, respectively, as Pond's posted its seventh straight win. Tom Joosse hit 13 for the losers.

Bill and John's outscored CAC, 62-54, as Baer and Malcolm McIntyre scored 19 and 14 points, respectively. Brautigam scored 21 for the losers.

Joe Bowers and Rick Martinek scored 19 and 15 points, respectively, to lead Dag's to a 58-52 win over DeMolay. Nissen tallied 27 for the losers.

cause three league clubs—Philadelphia, Chicago and Pittsburgh—will play in parks that have no lights.

2 Americans Among Top Seeded Skiers

(Continued from Page 5)

Olympic representatives can persuade its government to amend its racial policies in relation to selection of teams.

Site for 1968

The major item today was a scheduled announcement by the IOC on the site of the 1968 Winter Games. Six nations have entered bids, with Calgary, Canada, the favorite. Others are Lake Placid, N.Y.; Lahti, Finland; Grenoble, France; Oslo, Norway, and Sapporo, Japan.

After first rejecting an American protest about the seedings procedure in the downhill race, the International Ski Federation reversed itself and placed Kidd and Werner in the first group to go down the steep, dangerous course at Mt. Patscherkofel. In the second draw, the 20-year-old Kidd drew the No. 1 position and Werner No. 8.

The Americans had protested on the ground that races in the United States were not given proper consideration. The U.S. skiers received low ratings because they did not compete in major European events last year.

The seedings are vitally important since skiers make their runs on that basis. After the first 15 or 20 have made their runs, the course is usually badly chewed up and later competitors have a difficult time making fast runs.

Second Class

Chuck Ferries, Houghton, Mich., and Annibale Orsi, Stockton, Calif., the other two American downhill skiers, remained in the second classification.

The dangerous course, which claimed the life of 19-year-old Australian Ross Milne last week counted four more injured among its casualties Monday.

They included France's Emile Viollet, who broke his left collar bone, and Austria's ace, Gerhard Nennig, who tore his cheek, both in falls. A Greek and a Czech were slightly injured.

In addition, Norway's No. 1 skier, Harold Groenningen is suffering from influenza and Germany's Barbi Henneberger is troubled with an old foot ailment, making both doubtful competitors.

Czech '6' Triumphs

INNSBRUCK, Austria (AP) — A powerhouse Czechoslovakian hockey team swamped Japan 17-2 at Innsbruck's Messhalle ice rink today to advance into medal play at the IX Winter Olympic games.

DOCTORS KNOW:
Merely "shrinking" hemorrhoids is not enough!
Advanced new formula gives more complete, longer-lasting relief. . . . works 5 ways!

If you suffer from hemorrhoids, you have probably discovered that products which promise to "shrink" hemorrhoids do not always give prolonged relief. For as doctors will tell you, merely "shrinking" may not be enough to relieve discomfort.

That's why Mentholatum Laboratories set out to develop a more complete home treatment for hemorrhoids. The result is new M.P.O. — a remarkable medication which works five ways to give faster, longer-lasting relief. Here's how:

1. Starts to ease pain faster. M.P.O.'s advanced formula contains more pain-relieving ingredients, including Benzocaine, than the preparation you may now be using.
2. Shrinks hemorrhoids sooner. Quickly releases the proven vasoconstrictor, Ephedrine Sulfate, to reduce swollen tissues.
3. Speeds relief of embarrassing itch. M.P.O.'s medication is homogenized for faster absorption, faster relief.
4. Gives longer-lasting relief. An exclusive temperature-stable base enables M.P.O. to concentrate its soothing medication against inflamed tissue, thus assuring more prolonged comfort.
5. Fights danger of infection. M.P.O.'s formula includes the proven germ killer Hexachlorophene to combat bacteria. M.P.O. is available at all drug counters in stainless ointment or suppository form. Satisfaction guaranteed, or money back.

The Mentholatum Company, Buffalo, N.Y.

Fads Are a Key Factor In Sales on Pet Market

BY SYLVIA PORTER

We spent more than \$550 million last year just for dog and cat food — 2½ times what we spent for baby food and firmly established pet foods as one of the greatest growth categories in the giant food industry.

In few other spheres are major economic forces in the U. S. today — the surge toward the suburbs, growing leisure time, record incomes, mounting emphasis on nutrition and health — more evident than in the pet market.

The pampered pet is no longer an insignificant customer of the food industry. Our dog — cat population alone now totals over 55 million and when other pets — fish, birds — are counted, the total rises to an astounding 730 million "customers." The potentials for quality products are emerging to the point where the biggest names in the food industry are battling for a share of the profits. Fads in pets are changing at a pace challenging the shrewdest marketing men.

Item: Our purchase of pet supplies in 1963 cost us \$621 million, up 9½ per cent in 12 months. Our purchases of dog supplies alone are running 30 per cent ahead of a year ago at \$455 million.

Item: Grocery Dollars

Nearly \$1 of every \$100 of our grocery dollars goes for pet food and, says the Pet Food Institute in Chicago, the slice is increasing emphasis on nutrition widening dramatically each year. In grocery stores, we are now buying over 3 billion pounds of pet foods a year, making the pet feeding industry twice as big as regular coffee, three times larger than ready-to-eat cereals.

Item: Foods are a key factor in the pet market and as a spokesman for the American Pet Products Manufacturers Assn. puts it, "Pets are not just companions. They are conversation pieces." Pedigreed dogs and cats are on the rise and it's estimated that one dog in four today is pure-bred. Among the most popular pure-breds are poodle, beagle, Chihuahua, German Shepherd, dachshund.

Among the "new" cat breeds are Abyssinian, Manx, Burmese, Himalayan. In the pet bird world, finches are "in" and some of the 20 million fish fanciers who own 650 million fish spend up to \$300 apiece for new varieties of fancy fish.

What are the reasons for the pet boom and what is the pet outlook?

A basic force, of course, is the trend toward suburbia and exurbia. In these areas, pets are as commonplace as children (or more so). Proper care of the pet is actually a status symbol.

Another basic force is our growing leisure time. It's easier to own pets in this era of long weekends and vacations than it was in the past when time off was much more limited.

A third force is our affluence which we showered on our pets this past Christmas as never before. Presents included not only the usual dog beds and rhinestone-studded collars but also such exotica as terrariums for snakes and lizards with built-in greenhouses; ferris wheels and punching bags for our 25 million net birds; special rafts for our 300,000 turtles we buy each year.

a whole range of delights for our 8,000 domestic, de-scented skunks, for our thousands of squirming iguanas, for our hundreds of millions of tropical fish.

Health Emphasis

A fourth force is our obviously increasing emphasis on nutrition and health. There is no missing trend in dog and cat food toward more variety of products, more nutritious products, more "pet - pleasing" palatability. Price was the key factor in pet food sales for a long time butly underdeveloped and there are now the rising demand for quality and variety is unmistakable.

In any food store, you can see shelves stocked high with pet products which are wet and dry, canned or packaged, semi or completely prepared, etc.

The size of the pet market is

\$550 Damage in Clintonville Crash 1/5 of Circuit Salary

Counties Giving More Annually to Judge Pay

CLINTONVILLE — Damage estimated at \$550 resulted from a collision at 1:20 p.m. Saturday at 16th and Anne involving cars driven by Arthur W. McHugh, 57, Caroline, and Ronald R. Kautz, 17, 43 S. Park St., Clintonville.

Police said damage to the Kautz car amounted to about \$250 while damage to the McHugh vehicle is expected to total \$300.

astounding even those in the field. Yet with so "ready-made" a market," says R. Parker Long, chairman of the Pet Food Institute, "we still are significantly underdeveloped and there are now provides for a salary of \$15,000 a year from the state and nearly all of the larger counties provide supplementary payments up to \$18,000 and court salary budget last year of \$19,000 in the larger counties, about \$1,600,000, the counties and up to \$21,000 in Milwaukee paid slightly more than \$200,000, County, where the county board the council found.

County treasuries are increasingly contributing to the salaries of the state circuit judges of Wisconsin, the state Judicial Council said in a volume of statistics showing the nature and scope of trial court operations last year. Virtually every circuit judge in the state now gets a supplementary payment from the state courts several years ago in the judicial reorganization. The state law now provides a basic state salary for the county judges of \$12,500. A majority of the counties, and nearly all of the larger ones, provide supplementary payments up to \$1,120, but it will last 60 years if maintained properly. Devon reed remains intact for 25 to 40 years, wheat straw 10 to 20.

Hearing Set on Interference in Businesses

State Architects Board Accused by Some Corporations

Post-Crescent Madison Bureau

MADISON—A legislative committee will hold a hearing here Feb. 4 to inquire into complaints that the state board of architects and engineers has improperly attempted to interfere with the operations of some Wisconsin corporations.

Legislators will consider objections to the proposed rule of the board against use of the word "engineering" in the corporate name of some enterprises.

Some long-established manufacturing and other corporations have protested the objective of the professional board to limit the use of such descriptive to professionally licensed engineers.

The hearing will be held in the state capitol at 10 a.m. Feb. 4.

Taxpayer Complaints

The committee also will explore complaints of some taxpayers that penalties of the state department of taxation for late filing under state sales tax laws are unnecessarily harsh.

The committee recently heard angry testimony from spokesmen from automobile dealers about the costly penalties for technical filing violations, including one dealer who said he paid a 10 per cent penalty, plus interest, and was denied his dealer's percentage on sales, because he was two days late in sending his return to Madison.

George Corning, state tax commissioner, has replied the department has no choice in such matters since the penalty provisions are set out in state law.

Quality Tells

A roof of Norfolk reeds, the most durable thatching, costs up to \$1,120, but it will last 60 years if maintained properly. Devon reed remains intact for 25 to 40 years, wheat straw 10 to 20.

Minding Your Business

By Cyrus Barrett, Jr.

MORE ACCOUNTANTS NEEDED AS TAX SPECTRE HOVERS OVERHEAD

DEAR CY: America needs more accountants, Henry. But, leave Grandpa's green eyeshade in the attic trunk.

DEAR CY: Even those who make a career of thievery have to know their push buttons these days. With over one million dollars in precious stones, the New York jewel hijackers were stopped because they weren't able to push the right button to get their automobile going.

DEAR IRVING: Police communications and scientific crime detection techniques have curtailed proper on-the-job training for jewel heisters. The get-away car in the recent Manhattan haubale botch was equipped with a manual gear shift. With push buttons, the rock heisters would undoubtedly have backed into Car 54 or the East river.

DEAR CY: While watching television, I got the idea for a teleplay. I submitted it to a television producer in Hollywood and got back a letter asking for \$160. For this, my idea would be further developed, copyrighted, and filed for use by other producers who buy from the firm's television idea library. Before doing anything of the kind, may I ask if this is the usual procedure for selling television plays? Will I recover my investment?

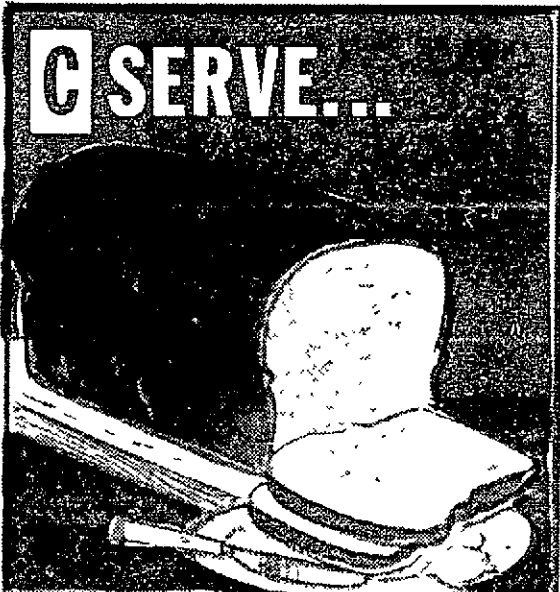

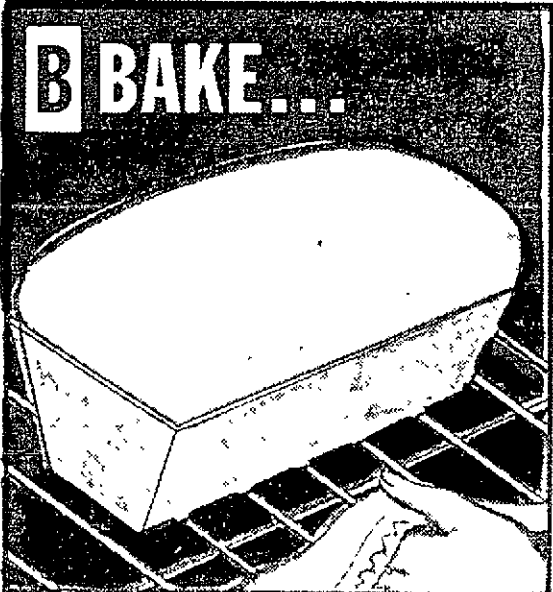

LIANA B.

DEAR LIANA: Save your money! You won't recover your donation. This is a standard procedure with film-budgeting and control, or system TV producers. Legitimate terms and procedures. Public accountants usually concentrate on later.

For answers to Your Personal Business Questions, write Cyrus Barrett, care of this newspaper, include stamped, self-addressed return envelope.

LEOPOLDVILLE, the Congo (AP) — U.N. helicopters and missionary planes continued desperate efforts today to rescue Christian missionaries threatened by rebel guerrillas in the southwest Congo.

Baker's MGIC Holdings Eyed In Senate Quiz

Probers Want to Learn Reason for His Investment

BY JOHN CHADWICK
WASHINGTON (AP) — The Senate Rules Committee explores today how former Senate aide Robert G. Baker happened to invest in a Milwaukee insurance company whose stock skyrocketed and helped to finance his business dealings.

Max H. Karl, president of the Mortgage Guaranty Insurance Corp., was listed as principal witness for the public hearing. The committee, the Washington Post said today, has received new evidence bearing on another angle in the Baker investigation—the sale to a Baker associate of advertising time on the Austin, Tex., station KTBC-TV, a property of the Lyndon Johnson family.

The newspaper said the material is correspondence between Albert G. Young, president of the Mid-Atlantic Stainless Steel Corp., and officials of the station.

The Post quoted Young as saying the documents substantiate the account of insurance man Don B. Reynolds whose version of the transaction conflicted sharply with presidential assistant Walter B. Jenkins.

Jenkins emphatically denied the allegations in an affidavit to the committee.

Reynolds said he had no use for the advertising time so assigned it to Young, a neighbor in Silver Spring, Md.

Young, according to the Post, said he turned over a batch of some 10 letters to Sen. John L. Williams, R-Del., who has been instrumental in pressing the Baker inquiry.

The committee is investigating whether Baker, who resigned under fire on Oct. 7 as secretary to the Senate's Democratic majority, engaged in outside business and financial activities that conflicted with his official duties or involved other improprieties.

Dave Beck's Appeal For Parole Rejected

SEATTLE (AP) — Former Teamsters' Union boss Dave Beck's bid for parole has been turned down.

Beck, 68, who is serving a five-year sentence on charges of filing fraudulent tax returns for the union's Joint Council 28 Building Association in Seattle, is in McNeil Island Penitentiary in Puget Sound.

He would have been eligible for release Feb. 20 if his parole request Friday had gone through. Now he won't be up for reconsideration until July.

Beck has been in prison since June 20, 1962.

Red China Expects France To Break Nationalist Ties

Rusk Pledges Continued U. S. Support to Formosa; Raps Peking's Militancy

TOKYO (AP) — Red China served notice today it expects France to break relations with Nationalist China as the price of establishing diplomatic ties.

In the first comment on the simultaneous announcements on Monday that Red China and France were establishing diplomatic relations, Peking said it does not recognize a two-Chinas concept.

Thus Peking seemed to blow

na, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China:

"We have no doubt about the militancy of Peking (Peking). We think it would be a serious matter for the authorities in Peking to believe that a policy of militancy pays dividends."

Turn to Page 10, Col. 1

France Will Not Change Position

PARIS (AP) — A French spokesman today said France has no intention or desire to break relations with the Chinese Nationalist government of President Chiang Kai-shek.

The spokesman said France is standing on the text of the communique issued Monday in which Peking and Paris announced their decision to establish diplomatic relations.

The spokesman said as far as France is concerned, there were no conditions or strings attached to this statement.

up President Charles de Gaulle's hope of maintaining relations with both the Communist and Nationalist regimes under a two-Chinas policy.

A Red Chinese Foreign Ministry statement broadcast by Radio Peking said Red China, in agreeing to enter into diplomatic relations with France, understood that Paris would break with Nationalist China.

Reassures Nationalists

This is contrary to what French official sources had said. They insisted Peking had not asked to end relations with President Chiang Kai-shek's regime on Formosa.

Nationalist China denounced French recognition of Red Chi-

U. S. Expects to Reduce Forces In S. Viet Nam

McNamara Hints At Action Despite Military Setbacks

BY FRED S. HOFFMAN
WASHINGTON (AP) — Secretary of Defense Robert S. McNamara expects more U.S. military men to be withdrawn from South Viet Nam this year despite some serious reverses to Vietnamese forces in the war against Communist guerrillas.

This was disclosed today by sources close to McNamara after the defense chief acknowledged to a House committee that the Red Viet Cong had made considerable progress since a Vietnamese military junta overthrew the Diem regime in early November.

Situation Not Bright
McNamara's description of the military situation as "grave" cast his evaluation of the Vietnamese war in a pessimistic light.

Informants said the defense secretary's congressional testimony recognized that there have been setbacks but did not reflect any deepening gloom.

Recent field reports to the Pentagon have told of a slowdown in Viet Cong operations after a high point of terrorism and attacks during the weeks after the early November coup.

Rightly or wrongly, the informants said, U.S. military men in Viet Nam continue to tell McNamara that the Viet Cong are not capable of maintaining a high level of operations.

Sources noted that the Mc-

Indiana U. Head Urges Stoughton Atom-Smasher

CHICAGO (AP) — The president of Indiana University continued the campaign today to bring a \$150 million super atom-smasher to the Midwest by insisting that Stoughton, Wis., would be the ideal spot for it.

An advisory committee of the Atomic Energy Commission recommendation was rejected by President Johnson.

Elvin J. Stahr said "a very careful survey showed that an area near Stoughton would be the best place."

"We have a tremendous stake in the future of high energy physics in the Midwest," said Stahr, after a meeting of members of the Midwestern Universities Research Association (MURA).

Stahr also revealed that his group of Midwest university scientists will collaborate with the Argonne National Laboratory and with a group at Brookhaven National Laboratory (Long Island, N.Y.) in the design of a new accelerator of very high energy.

He explained that he did not report the matter voluntarily because, he said, nothing illegal occurred in his presence.

Asked by Parks' lawyer, Jacques Schiffer of New York, if he reported the conversation to Nashville police superiors, Walker replied, "No."

Then, turning to U.S. District Judge Frank Wilson, Walker said he did tell federal authorities about the meetings he said he had with Parks.

He explained that he did not report the matter voluntarily because, he said, nothing illegal occurred in his presence.

Civil Rights Leaders Pledge More Segregation Protests

U. S. Considers Need for Sending Force to Cyprus

WASHINGTON (AP) — The United States is seriously considering sending a contingent of troops to Cyprus, as proposed by Britain, but U.S. officials said today more information will be needed before they can make a final decision.

The State and Defense Departments are asking the British for precise information on the number of men they think should be assigned to the mission and how long they might be involved in the troubled Mediterranean island.

British leaders reportedly feel they have enough troops on the island to take care of minor problems but not enough to handle an outbreak of serious trouble. Conferences involving Greek and Turkish elements are underway in Britain but a full solution of the dispute between the Greeks and Turks of the Cyprus population is not in sight and the British government is afraid the situation could blow apart at any time.

NATO's Commander Visits Turkey, Greece

PARIS (AP)—Gen. Lyman L. Lemnitzer, NATO's supreme commander for Europe, left today for a short visit to Turkey and Greece.

Whites Cheer Arrests

Police officers declared a state of emergency Monday night in the busy downtown area surrounding Leb's, a res-

taurant which refuses to serve Negroes.

Demonstrations began with about 50 pickets walking around the block on which Leb's is located.

When they refused to disperse they were hauled off to jail. Cheers and applause came from hundreds of white spectators.

Three hours later, demonstrations resumed.

About 150 circled city jail twice, then walked several blocks to join about 50 others in marching around the block at Leb's for nearly two hours. Police stopped them.

Resist Arrests

Chanting and singing, the demonstrators massed in a narrow street a block from Leb's. Paddy wagons drew up and near-bedlam ensued.

Some of the crowd leaped eagerly into the vehicle.

When the next paddy wagon pulled up, demonstrators went limp. Hoisted bodily into the vehicle by white and Negro policemen, the demonstrators kicked, screamed and struggled wildly.

They pounded and kicked inside the paddy wagon.

Policemen were hard pressed to keep their balance as the mass surged and milled about them with yells and chants.

Hundreds of white spectators milled about the sidewalks. Policemen kept them moving.

Demonstrators staged protests later at the jail and some were arrested. Police threw a cordon around entrances to jail property.

Negro comedian Dick Gregory, jailed Sunday and released on his signature, was arrested again.

Miss Ferrel was killed by a rebel's arrow at the Baptist mission's center in Mangungu last Friday night.

A companion, Ruth Hege, 58, of Wellington, Ohio, was wounded in the arm during the attack. Miss Hege sent a letter by African runner disclosing her friend's death and pleading for rescue.

Attempt Made to Burn Tivoli Guest House

PANAMA (AP)—An attempt to burn the Tivoli guest house in the Panama Canal Zone failed Monday.

The guest house, which is near the border of the zone, is a symbol of nationalist hatred because the 1903 Canal Zone treaty was signed there. It has been vacant since the violence on the Canal Zone border early this month.

Mrs. Marina Oswald, Wife of accused assassin Lee Harvey Oswald, is shown during a television interview Tuesday in Dallas.

KRLD News Director Eddie Barker is at right. Mrs. Oswald said the facts tell her that her late husband shot and killed President John F. Kennedy. This picture was made by KRLD Photographer Joe Scott. (AP Wirephoto, Copyright by KRLD 1964)

'Forgot to Pull Plug'

Mistake by Crew Forces Delay in Attempt to Launch 2-Stage Saturn 1

BY HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — The first two-stage Saturn 1, believed to be the world's most powerful rocket, sits on its launching pad today because somebody forgot to pull a plug.

Monday's mistake, which caused postponement of the test launching until Wednesday, also cost American taxpayers several thousand dollars.

Exact Cost Not Estimated

Neither the National Aeronautics and Space Administration nor the Air Force could produce the exact amount the neglect cost the taxpayers. Estimates of salaries involved for the 200-man launching pad team was \$18,000.

The Air Force, which oper-

ates the Atlantic Missile Range, satellite ever sent aloft, had said it cost the space agency been under way 11 hours when it was discovered that a line the range—fuel, range safety, which funnels liquid oxygen tracking and other support facilities during the final hours of not delivering. Technicians then found that someone had forgot-

ten to remove a test device called a "blind flange."

Team Careless

The flange, an aluminum plate, was inserted in the line ing flight. No estimate was two or three days previously available on the cost.

The Air Force emphasized check that all agencies which use the missile range are geared to ab-

error," said Rocco Petrone, a number of missile shot post-ponements, caused by technical or weather reasons.

The countdown on the Saturn we didn't do it. We make mis-

I, which is to boost the heaviest takes."

In-Service Training Conducted Today

Specialists in Communicative Arts Speak at 1-Day Appleton Panel

An in-service training program focusing on the language arts is being held today for Appleton public school teachers.

Specialists in communicative arts research were featured speakers for the one-day session. The aim of the program is to consider the responsibility of all teachers to develop the ability of their pupils to communicate, according to William Spears, assistant superintendent of schools and director of instruction.

For too long, communication in this area has been considered to be the responsibility of the language arts (English) teachers only, he said in a bulletin to faculty members. References to the "language of mathematics" and the "language of science" and communication is not a segmented part of the curriculum, but is such a fundamental skill that instruction in it is the responsibility of teachers in all parts of the curriculum.

Morning Speakers
Speakers at the morning session in Appleton High School for junior and senior high school teachers were Dr. Leonard Kosinski and Dr. Herbert Klausmeier, both of Madison.

Dr. Kosinski, associate director of the English - language arts curriculum center of the State Department of Public Instruction, spoke on "Trends in the Communicative Arts."

Dr. Klausmeier, a professor of educational psychology in the Learning Laboratory and Research Center of the University of Wisconsin department of educational psychology, spoke on "Trends in Education as Supported by Research."

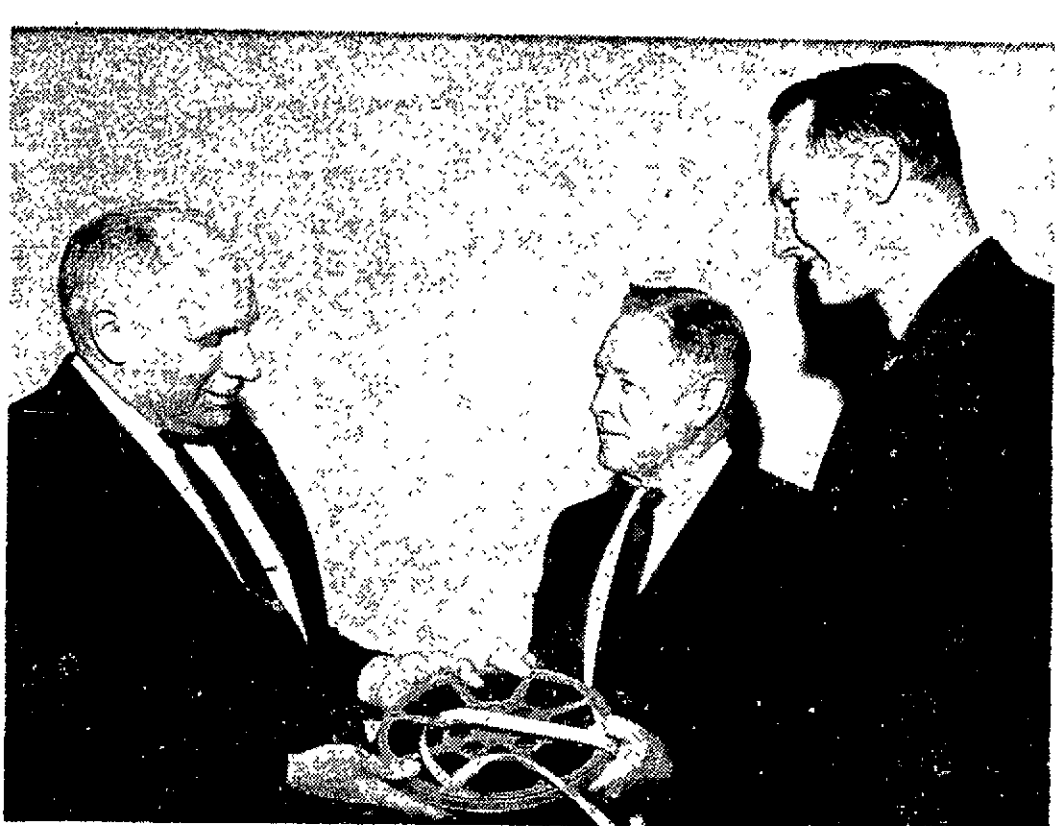

A panel discussion of "Trends and Direction in the Communicative Arts During the Next Decade" was conducted this afternoon in Madison Junior High School for secondary English, and speech teachers and librarians and the elementary communicative arts curriculum committee.

Today's Panelists
Panelists were Dr. Kosinski, Dr. Klausmeier, Dr. Bernice Wolfson, an elementary language arts professor from the University of Wisconsin - Milwaukee; Miss Lois Smith, elementary communicative arts coordinator; Mrs. Jack Burroughs, Appleton High School English teacher, and James Retson, elementary curriculum coordinator, as moderator.

All junior high school teachers with the exception of those in communicative arts met at Madison this afternoon for a panel discussion on homework, pupil evaluation, promotion and retention.

Senior high school teachers in other areas held departmental meetings this afternoon.

Elementary teachers and principals held curriculum meetings centering around the communicative arts Monday morning in the individual schools. Dr. Wolfson addressed all elementary teachers this morning in Lincoln School.

The Appleton Board of Realtors presented a film on the selling of real estate to Appleton Vocational and Adult School Director Carl Bertram for use in the School of Business sales and marketing program. From left are William Sense, chairman of the realtors' education committee; Bertram and Dobbie Robertson; board president. (Post-Crescent Photo)

Plea Changed in Income Tax Case

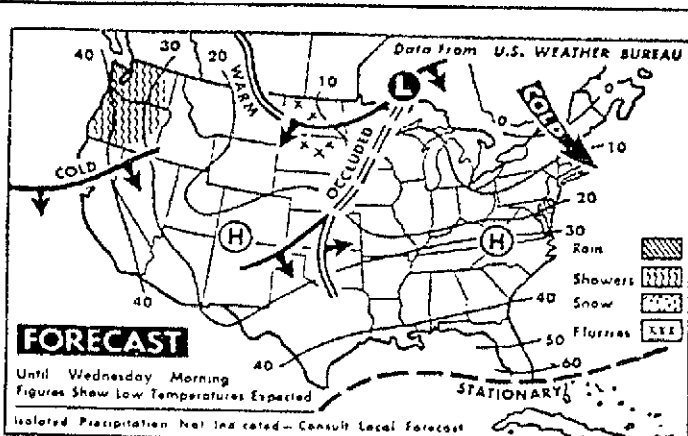

MILWAUKEE (AP) — A former Fall Creek attorney, Robert M. Bair, now of Middleton, changed his plea from innocent to no contest Monday in U.S. District Court to a charge of filing fraudulent income tax returns for clients in 1956 and 1957. He was convicted by Judge Kenneth P. Grubb, who ordered a presentence investigation. The indictment charged that Bair, without the knowledge of his clients, prepared returns and kept \$637, the difference between what he said he owed and what he paid.

There Will be Scattered showers through the Pacific northwest coast states tonight with some snow over the inland areas and higher elevations as well as in portions of the northern plains. It will be colder in most areas east of the plains with little change west of the continental divide. (AP Wirephoto)

Playwright Wins Drama Medal

NEW YORK (AP) — Playwright Lillian Hellman has been awarded the 1964 Gold Medal for Drama by the National Institute of Arts and Letters.

Malcolm Cowley, president of the institute, announced the award today in New York. It is given once every five years and is awarded for over-all achievement instead of any single work.

Miss Hellman won her reputation 30 years ago with "The Children's Hour." Her latest play was "My Mother, My Father and Me," produced last year.

Vital Statistics

Today's Deaths

Cheryl Opperman, 5-month-old daughter of Mr. and Mrs. Reinhold Opperman, route 2, Tigerton.

Mrs. Anna Grishaber, 81, 1112 S. Lawe St., Appleton.

Deaths Elsewhere

Harold Day, 60, Van Bernardino, Calif., son of Mrs. Emma Day, 1003 1/2 W. Lawrence St., Appleton.

Mrs. Thomas M. Hinnenthal, 25, Wayzata, Minn., whose husband is a former Appleton resident.

Mrs. Norbert Kronschnabel, 47, Memphis, Tenn., a former Appleton resident.

Today's Births

Appleton Memorial:
Daughter to Mr. and Mrs. Jess A. Will Jr., 217 E. Byrd St., Appleton.

St. Elizabeth:
Daughters to:
Mr. and Mrs. William Besan, 1409 N. McDonald St., Appleton.
Mr. and Mrs. John Schinke, 121 S. Durkee St., Appleton.

Theda Clark:
Sons to:
Mr. and Mrs. Edwin Kalfahs Jr., 403 E. Peckham St., Neenah.

Mr. and Mrs. Jerry Kuemper, 754 Harding St., Menasha.
Mr. and Mrs. Wayne Noffke, 744 1/2 Warsaw St., Menasha.

Association to Ask Gov. Reynolds for U. S. 45 Changes

Highway Unit Seeks Improvement Of Marion-Oshkosh Road Section

NEW LONDON—U.S. 45 Expressway Association will petition Gov. John Reynolds to improve the section of U.S. 45 between Oshkosh and Marion.

The decision to recommend this improvement coincides with the first of five forthcoming improvements listed in an announcement by the governor. The announcement was in the form of a letter to the Association.

Improvements scheduled for U.S. 45 in the next four years include engineering investigations in the New London, Hor-

tonville, Clintonville areas to determine the type and extent of improvement necessary to properly serve the traffic in this area.

In connection with the announcement, Harry S. Emans, executive secretary of the New London Chamber of Commerce reported the proposed bypass west of New London, recommended by the firm preparing a master plan for the city.

Early Plans
Myron Hanke, Eagle River also reported he has seen preliminary plans of the New London area prepared by the State Highway Department. These maps include routes east and west of the city, he said, and as far as he knew the east route was favored by the highway department. Hanke did not elaborate on the exact location of the route, Emans said.

All other improvements listed in the governor's letter were from State 29 north to the Michigan state line.

Another recommendation made by the association for construction of an overhead directional sign at the junction of Highways 45 and 41 near Oshkosh. This recommendation was sent to the State Highway Commission.

The meeting also included an organizational session. Officers elected to head the association include Walter Goldworthy, Three Lakes, president; Frank Mulrooney, Eagle River, vice president; Harvey C. Wolter, Eagle River, treasurer and Mrs. T. C. Estes, Three Lakes, secretary.

The directors of the organization will be elected by local Chambers of Commerce or similar civic organizations in each community along the highway.

KC Council To Conduct Fitness Test

Physical Evaluation In Seymour Area Is In Diocesan Program

SEYMOUR — The Bishop Rhode Council, Knights of Columbus, has been called to conduct a physical fitness testing program among Catholic parochial school students in the five-parish area it serves.

Details of the program were outlined by District Deputy Victor DeCleeve, De Pere. It is being sponsored by the Green Bay diocesan department of education. The survey is about 75 per cent completed in the diocese, DeCleeve said.

No date was set for the survey at the three parochial schools in the council's area — St. John, Seymour; St. Joseph, Oneida, and Immaculate Conception, Vans Valley south of Oneida.

Father Mauthe, coordinator of the Newman Center on the Green Bay UW Extension campus, will speak at the February meeting. KC councils in Green Bay, De Pere, Algoma, Pulaski and Seymour are asked to pledge financial support to the center. The local council will vote on the measure in March.

DeCleeve announced three evenings of recollection for men who made retreats last year will be in Neenah Feb. 6, Green Bay Feb. 11 and Oconto Feb. 13. Council meetings will be at Immaculate Conception parish hall during Lent. The next communion will be in Isaac March 29.

Correspondence Course Enrollment at UW From Fox Valley Reported

A total of 439 persons in Outagamie, Calumet and Winnebago counties enrolled in University of Wisconsin correspondence instruction during the 1962-63 fiscal year, an annual report shows.

Of these study-by-mail students, 234 took courses for high school credits, 171 took university credit courses and 34 took non-credit courses.

Total in Wisconsin who learned at home last year was 7,601. Thousands more outside the state, in 24 countries, all 50 states — some through the U.S. Armed Forces Institute — took advantage of University instructors guidance through mail.

Kimberly Man Charged With Robbery

A warrant charging James Busch, 36, formerly of Kimberly, and recently released from Waupun State Prison, with armed robbery in Appleton was issued this morning by Dist. Atty. Nick F. Schaefer.

Busch was arrested by Appleton police Sunday afternoon in connection with a robbery of \$100 at Andersen's Club Bar, 205 W. College Ave., Saturday night.

Police said Busch has denied the robbery.

Busch is scheduled to be arraigned in Outagamie County Court, Branch 2, this afternoon. He has been held in city jail since Sunday.

Police believe it was Busch who pulled a gun on bartender Henry Staszak about 5 p.m. Saturday night, then ordered Staszak into the tavern basement.

The gunman eluded a police dragnet Saturday night, after taking the money from the cash register.

Chilton Area Veterinarian Dies

CHILTON — A semi-retired veterinarian, Dr. James J. Demler, 66, 515 Memorial Drive, died shortly after being admitted to Calumet Memorial Hospital Sunday morning.

Dr. Demler was born Aug. 29, 1897 in Random Lake.

He is survived by his wife, four daughters and three sons.

Services will be at 10 a.m. Wednesday at St. Mary Catholic Church. Burial will be in St. Mary cemetery. Friends may call at Pfeiffer Funeral Home.

Candidates Nominated by the Waupaca County Democratic Party executive committee all were elected by narrow margins Monday night at the annual meeting at Blue Haven Ballroom. Manawa. Seated, from left, are Mrs. James LaSage Jr., Waupaca, secretary-treasurer, and Gerald Murphy, New London, county chairman. Standing, from left, are Clair Fitzgerald, Clintonville, first vice chairman; Francis Rondeau, Mosinee, Marathon County chairman and a member of the state Democratic administrative committee; Robert Bergman, Waupaca, second vice chairman, and Howard Hazen, Madison, Seventh District Democratic party chairman. (Post-Crescent Photo)

Waupaca County Democratic Posts Go to Endorsed Men

Gerald Murphy Tips Del Beno For Chairman's Job, 130-106

MANAWA—County party candidates endorsed by the Waupaca County Democratic Party executive committee won by narrow margins Monday night at the party's annual meeting.

Gerald Murphy, New London, was elected county chairman by a 130-106 vote over Del Beno, New London, in an election refereed by Francis Rondeau, Mosinee, Marathon County chairman and a member of the State Democratic Administrative Committee.

Dennis "Dave" Sexton, Royalton, former member of the county executive committee, allowed both Beno and Murphy to select his own election teller. Beno named Atty. Edward R. Macklin, New London, former county acting district attorney, as his teller, and Murphy named Wally Wandtke, Manawa, as his teller.

When results of the election were announced, Macklin told party members there was a shortage of about 26 votes from the eligibility list prepared at the door when the members arrived at the meeting.

Macklin claimed because of the closeness of the vote, if all eligible members voted, the election results could be reversed. There were 236 on the eligible list and 210 voting, leaving 26 undecided.

While tellers were counting the votes for party chairman, Sexton called for nominations for the office of vice chairman. Clair Fitzgerald, Clintonville, and Peter Drivas, Waupaca, were nominated, and Fitzgerald won 131-96.

Both Murphy and Fitzgerald were nominated by the party's nominating committee headed by James Nolan, Marion.

When the results of the chairman race was announced, Nolan's nominations of Robert Bergman, Waupaca, as second vice chairman, and Mrs. James LaSage Jr., Waupaca, secretary-treasurer, were adopted without opposition.

During Murphy's acceptance address, he said, "Little Waupaca County ranks 14th in the state in memberships and fourth in the state in \$100 memberships."

A party township chairman, Henry Willis, claimed that while the party is inviting people to join the \$100 club and the \$10 club, it is not inviting the \$2 members to county meetings.

He said he was a Democrat for as long as he could remember, but still was not invited to attend county meetings. Murphy said there must have been a "slip-up some place."

He said he ordered and sent cards to all 1963 members of the party. Outgoing county officers are Philip Mork, Scandinavia, chairman; Fitzgerald, first vice chairman; Maurice Van Adeline, Manawa, second vice chairman, and Murphy, secretary-treasurer.

Prange's Plans Office Building Costing \$60,000

Construction of a \$60,000 two-story office building for the H. C. Prange Co. has started.

The building, located on Washington Street, will be a part of the firm's huge parking structure complex.

Prange's intend to occupy some of the office space for executives, and lease the remainder to local business and professional men.

The office building will be of masonry construction, fronting on Washington Street. It will be 168 feet long, 20 feet wide and 29 feet high.

General contractor for the project is Quasius Brothers Construction Co. of Sheboygan, the firm also putting the finishing touches to the huge parking ramp.

Permit for the office building was issued recently by Building Inspector Charles Magnette.

I. Bahcall, Inc., 925 N. Meade St., has obtained a permit to construct a foundation for a metal works warehouse the firm will have erected by P. G. Miron Construction Co. of Appleton. The foundation will cost an estimated \$8,500.

Bond Set for Rural Appleton Woman

OSHKOSH — Bond of \$1,000 for further proceedings this afternoon was set for Mrs. Arthur Strong, 25, route 1, Appleton, charged with writing a \$175 worthless check. She allegedly cashed the check at a Neenah bank Dec. 16.

County Democrats Walk Out on Hazen

3 Seeking New London Mayor's Job

NEW LONDON—A three-way race for mayor developed Monday when James Collier, 315 State St., filed his nomination papers with Mrs. Melva Rickaby, city clerk.

Collier, a 10-year veteran of the city council, will oppose incumbent Wilmer Schlafer, who is completing his first term at the helm of the city. Walter Fredericks, who served a two-year term as mayor before being unseated by Schlafer, also is running.

Collier represented the city's Second Ward on the city council from 1947 to 1957. During this time, he served as president of the council from 1949 to 1955.

After leaving the city council, he served two and one-half years on the New London Board of Education when still under city jurisdiction.

Deadline for filing nomination papers is 5 p.m. today.

Minor Injuries Reported to Two In Auto Mishap

KAUKAUNA — Two persons suffered minor injuries in an accident at Lawe Street and Wisconsin Avenue about 10:15 p.m. Sunday.

Mary Ebben, 16, 615 N. Monroe St., Little Chute, suffered a cut mouth and loosened front teeth and Joseph Schaefer, 15, 207 Whitney St., Kaukauna, suffered a bruised knee.

Both were passengers in a car driven by Joyce M. Schumacher, 17, 300 E. North St., Little Chute. According to police Miss Schumacher was traveling south on Lawe when a car driven north by David Hammen, 17, 925 Jefferson St., Little Chute, attempted to make a left turn.

CD Communications Equipment Explained To County Committee

Phone Equipment, Radio System Shown by Director Lee Penney

Members of the Outagamie County-City (Appleton) Civil Defense Committee Monday toured the county's Civil Defense center in the Courthouse annex.

CD Director Lee Penney led committee members on the tour, showing them various apparatus with which the center is equipped.

Equipment ranges from survival kits to a complex arrangement of radio equipment.

Penney pointed out a series of telephone switchboards, designed to handle some 50 calls at a time in the event of disaster.

The Civil Defense director said the switchboards are only in service in time of emergency, in order to cut operational costs. Charges for the switchboard being in service are about \$14 a month, he said.

The switchboard is a series of booths, each equipped with 10 lines, set up so calls advance to the next number when one is busy.

Radio Equipment
Radio equipment in the center, Penney said, would serve as a supplementary communications center in time of national emergency.

Manned by members of the Outagamie County Amateur Radio Club, a group of radio amateurs in the area it has facilities to tie in with local police bands, civil defense frequencies, Civil Air Patrol, and local radio amateurs.

Penney said it would take more than a year to train personnel—members of the club—to operate the radio equipment "as second nature."

Other emergency equipment includes "Handi-Talkies," portable two-way radios tuned to police frequencies.

"Good Communication" Penney said these already have been used by police at various times, including several occasions when patrol cars were out of service, and "loaners" were not equipped with communications equipment.

The center also has a direct tie-in with two local commercial radio stations which could be used in time of emergency.

"It is obvious a governmental structure for Civil Defense will be only as good as its channels of communications," Penney said.

The reporting of situations, the call for help, the decisions made and the distributing of information, to all concerned, can best be effected when communication is in time of emergency.

About Half of Turnout at Waupaca Meeting Leaves as Reynolds Aide Is Introduced

BY DICK McDANIEL
Post-Crescent Staff Writer

MANAWA — The rift which shook the Waupaca County Democratic Party two years ago was evident Monday night at the party's annual county meeting at Blue Haven Ballroom when about half of the 236 voting members turned their backs on Howard Hazen, former Manawa man who is now an administrative assistant to Governor John Reynolds.

When Hazen was introduced as the speaker, about half of the original turnout left the hall, leaving a slim audience to hear Hazen expound on the merits of Governor Reynolds.

The cool reception by almost half of the county's Democrats apparently failed to rattle Hazen. He blamed the Madison turmoil on the Republican senate and assembly, charging the legislators were attempting to make the governor bear the burden of their failures and claiming favorable legislation as that of their own initiative.

Attacks Newspapers
Hazen attacked the state newspapers and singled out the Appleton Post-Crescent for advocating a general sales tax and broadening the tax base while asking for tax exemptions.

"The Post-Crescent, which has a representative here tonight, and other Wisconsin newspapers have been asking for a general sales tax and a broader tax base," Hazen said.

Hazen said "there is no such thing as a general sales tax." He said Senator Knowles pointed out on the senate floor "that newspapers in their ivory tower had better not editorialize on lobbying in Madison," insinuating the newspapers themselves were lobbying to remain tax exempt.

Hazen claimed Gov. Reynolds was the first governor to visit all of the state institutions to personally determine their budget needs. He said the senate and assembly were invited to take part in the tour but claimed the most to accompany the governor was six legislators.

Cites Overcrowding
He cited the overcrowding at the state's colonies for handicapped children. Northern Colony, he said, has space for about 900 children but has up to 1,600 occupants.

He said the legislature opposed the governor's \$669 million budget for the biennium, claiming it would bankrupt the state. The same senate and assembly in 1960 adopted a \$510 million budget which in reality rose to \$642 million because of pay increases to state employees and increased aids to schools, he said.

When the hassle was over, he said, the state adopted a budget calling for \$664 million, realizing the need for more expenditures.

Hazen said the governor asked for \$664 million, realizing the need for more expenditures.

Infant Burned By Hot Coffee

NEW LONDON — An eight-month old New London girl was burned over 20 per cent of her body when she tipped a pot of hot coffee over herself Thursday.

Lisa Suprise, daughter of Mr. and Mrs. Dale Suprise, 512 Lawrence St., was taken to Community Hospital where she is reported in satisfactory condition. The burns, which are classified as first and second degree, are on her arms, the right side of her body and both feet.

U.S. 45, near Bear Creek.

Cedarburg Man Fined \$25 for Drunkenness

WAUPACA—William A. MacDonald, 43, Cedarburg, pleaded guilty of drunkenness and was fined \$25 Monday before Municipal Justice George Whalen.

MacDonald was arrested by county police when he was found on his arms, the right side of his body and both feet.

U.S. 45, near Bear Creek.

A Testimonial Dinner was held at the Hotel Marson, Clintonville, for William Luedke, retired president of Clintonville National Bank, and Max Stieg, president of the Dairyman's State Bank, who has retired as an active employee of the bank. Framed citations were presented the guests. From left are Milton Boehlke, Clintonville, president of the Waupaca County Bankers' Association, master of ceremonies, Luedke, Stieg, and Clarence Sturm, Manawa, guest speaker. (Larb Photo)

New Officers of the Brillion Chapter Order of Eastern Star were installed Monday evening at ceremonies at Masonic Temple. From left are C. A. Pagel, worthy patron; Mrs. Pagel, worthy matron; Mrs. Norman Bechlem, Chilton, installing officer, and Louis Siegrist, Hilbert, installing officer. (Albert Photo)

Clintonville Curlers Win Bonspiel Event

Club Host Over Weekend to 16th Invitational Match

CLINTONVILLE — A Clintonville rink skipped by Coy Deming won the first event in the 16th annual invitational bonspiel sponsored by the Clintonville Curling club.

Deming won over another Clintonville rink skipped by Ed Wanta 13 to 8.

The second event was won by the Miller rink of Medford 10 to 7 over Stanchfield rink of Wausau. In the third event the winner was Jenkins rink of Portage 10 to 5 over McConley rink of Clintonville.

Sixteen rinks were entered in the bonspiel which began Friday noon and concluded late Sunday afternoon. John Monty was the general chairman.

First Round

In the first round McConley defeated Stanchfield, Wausau, 13 to 5. Barrington, Waupaca, 9 and Jenkins, Portage, 4; Deming, Clintonville, 10, and Hausmann, Madison, 9; Pope, Waupaca, 10, and Dan Mullarkey, Wauwatosa, 8; Wanta, Clintonville, 10, and Bammel, Waupaca, 7; Collier, Clintonville, 9, and Miller, Medford, 5; Whittier, Wauwatosa, 12, and Sanford, Clintonville, 3, and Reinke, Clintonville, 11, and Brachmann, Wausau, 5.

Barrington, 9, and McConley, 7; Deming, 9, and Pope, 7; Reinke, 9, and Whittier, 8; and Wanta, 13, and Collier, 5; and in the second event, Stanchfield, 11, and Jenkins, 6; Mullarkey, 10, and Hausmann, 7; Miller, 11, and Bammel, 7; and Sanford, 10, and Brachmann, 6; and third event, McConley, 9, and Pope, 4; Collier, 10, and Whittier, 9; Jenkins, 10, and Hausmann, 8; and Brachmann, 11, and Bammel, 8.

Semi-finals in the first event were Deming, 11, and Barrington, 8; and Wanta, 11, and Reinke, 4; second event semi-finals, Stanchfield, 11, and Mullarkey, 10; and Miller, 10, and Sanford, 1; and third event semi-finals, McConley, 11, and Collier, 6; and Jenkins, 11, and Brachmann, 5.

Calumet 4-H Leaders Discuss Project Plans

CHILTON — Calumet County 4-H leaders last week discussed conducting project training for new members.

The 60 leaders who attended were given a description of the types of 4-H clubs in which the top winning members generally enroll.

Prize winning clubs usually have leaders who take part in more community activities such as schools, churches, and PTA. The projects for 4-H usually are planned for variety and education, and the meetings are planned well in advance.

County policy on enrollment, achievement, record book requirements and exhibiting also were discussed. No action was taken because of the eligibility of 9-year-olds in 1964.

The possibility of limiting the annual 4-H pikermata to one day was brought up by Russell Gasech, committee chairman.

Wittenberg Cubs Present Skits

WITTENBERG — "Family Alert" was the January Pack Nite theme for Cub Scouts and their families Thursday at the grade school.

An improvement skit was given by parents Bob Alberg, Edmund Hart, Don Fisher, Earl Pawlchek and Dr. Gordon Gavin. Displays on "Family Alert" were made by all dens.

Opening ceremony was by Den 3. Boy Scouts Larry, Doug and Mark Snead, John Stou, Harry Krumrie gave a first aid demonstration.

Mrs. Gordon Gavin was appointed food committee chairman for the Blue-Gold banquet Feb. 27 in the grade school gym. Assisting her will be Mrs. Marlin Block, Mrs. Donald Hake and Mrs. Gordon Schlender.

Zable's Service Wins Team Event

CLINTONVILLE—First place in the Clintonville-Marion Men's Bowling Association tournament for team events went to Zable's Service Station, Clintonville, with a score of 2,807. Team events ended Sunday at Donaldson's Alleys here. Singles and doubles events will begin Feb. 2 at the Marion alleys.

Other team event winners are Much's Candy, Marion, 2,771; Buick Garage, Clintonville, 2,737; Spiegel Chevrolet Sales, Marion, 2,710, and Wanta's Floral, Clintonville, 2,708.

Clintonville Quintets Win Over Weyauwega

CLINTONVILLE—St. Martin Lutheran basketball teams were victorious Sunday afternoon in their games against teams from St. Peter Lutheran School, Weyauwega.

The A squad won 37-20 and the B squad posted a 19-14 win.

New London Legion

NEW LONDON — The American Legion Post will meet at 7:30 p.m. today starting with a house committee meeting and the regular meeting at 8:15.

Accident Leads to \$20 Fine for Caroline Man

CLINTONVILLE — Arthur W. McHugh, 57, Caroline, signed a stipulation of guilt and paid a \$20 fine for failure to yield from right of way with an accident resulting.

McHugh's car struck one driven by Ronald R. Kautz, 17, 43 S Park St., Clintonville, at 1:20 p.m. Saturday at 16th and Anne Streets.

New London Woman Rolls 553 Series

NEW LONDON—Sally Please rapped a 224 game and a 518 set, and Evelyn Myers blasted a 553 series to share honors in the Happy Go Lucky League at Van's Alleys. Evelyn's top line was a 216.

The only other honor count was a 190 game rolled by Dorothy Schmidt.

Boys From the Wood Working Class are receiving instructions from William Shaw, teacher in the agriculture shop at Bear Creek High School, on articles they are completing. Included are a lawn chair, pair of saw horses, nicknack shelf and stool. From left are, Shaw, Lynn Jepson, Tom Jepson, Dan Meidam, John Glocke, and John McClone. (Will Photo)

Sherwood Holy Name Men Hear Calumet County Agent

SHERWOOD — Orrin Meyer, dairying Calumet County agent, showed the men facing tobacco farmers besides and discussed "Yankee go South." at Sacred Heart Holy Name Society meeting Thursday.

Meyer's topic was the result of a tour of the Southern states, and explained that unless the farmer had a large crop to make mechanized farming worthwhile, no one wanted to plant just a few acres. His tour covered 4,000 miles.

The society's monthly corporate communion was changed to 9:30 a.m. mass the second Sunday in the month for February and April instead of 7:30 a.m. mass. The second Sunday in March was designated for the annual Father and Son communion at 7:30 a.m. followed by breakfast.

Robert Steffes, retreat chairman, urged men to take part in a retreat during the summer at Chambers Island.

Driver Jailed 90 Days for Being Reckless

NEW LONDON — The driver of a car that went out of control and hit a tree, injuring four people Jan. 21, appeared in Municipal Justice Court Friday and pleaded guilty of reckless driving.

Russell G. Burns Jr., 21, 208 N. Shawano St., was unable to pay a \$150 fine and was sentenced to 90 days in the county jail by Justice Herman H. Platte. His driver's license also was revoked for six months.

The accident, in which the driver's brother, Richard Burns, 19, 223 Wisconsin St., was the most seriously injured, occurred on Division Street. The younger Burns suffered a fractured neck, a broken nose and severe head cuts. He is reported in satisfactory condition at the New London Community Hospital.

Two other passengers in the car also were injured but have been released from the hospital.

Accident Leads to \$20 Fine for Caroline Man

CLINTONVILLE — Arthur W. McHugh, 57, Caroline, signed a stipulation of guilt and paid a \$20 fine for failure to yield from right of way with an accident resulting.

McHugh's car struck one driven by Ronald R. Kautz, 17, 43 S Park St., Clintonville, at 1:20 p.m. Saturday at 16th and Anne Streets.

NEW LONDON—Sally Please rapped a 224 game and a 518 set, and Evelyn Myers blasted a 553 series to share honors in the Happy Go Lucky League at Van's Alleys. Evelyn's top line was a 216.

The only other honor count was a 190 game rolled by Dorothy Schmidt.

Shiocton Buys Trailer Park

Village Also Creates Post of Municipal Justice

SHIOCTON — The village of Shiocton has purchased three lots on E. Railroad Street, adjacent to the Green Bay and Western Railroad right of way for a trailer park.

Purchased from Lawrence Roberts, the lots have a 310-foot frontage on Railroad Street.

The site was used as a trailer park by construction workers during the installation of sewer and water systems last year. At that time, the park was rented by the village for trailer park purposes.

Village board members have also adopted an ordinance creating the office of municipal justice. The ordinance was passed to comply with state statutes.

Wallace Schoepke, elected village justice will fill the post. It was necessary to create the municipal justice office so court cases could be tried in the village instead of transferring them to Outagamie County Court in Appleton.

PTA Picks Officers at Bear Creek

BEAR CREEK—Mr. and Mrs. Thomas Bessette were elected to head the Parent-Teacher Association Thursday at the meeting.

Other officers elected were Mr. and Mrs. Herbert Suchring, vice president; Mr. and Mrs. Donald Wege, secretaries, and Mr. and Mrs. Reinhold Kriewaldt, treasurers.

Eight-five members attended the meeting and 55 renewed their memberships for the coming year.

Report cards were presented to the parents by teachers Mrs. Theda Polich, Mrs. Ruth Bruchs, Mrs. Carol Steenbock, Mrs. William Bertram, William McIntyre, Frank McClone, William Shaw and Mrs. Cynthia Long.

Clintonville School's Teams Meet Shawano

CLINTONVILLE—St. Martin Lutheran School girls' basketball team will meet the St. James girls' team, Shawano, here at 4 p.m. Friday.

At 2 p.m. Sunday at the St. Martin Lutheran school gym, the A and B squads will clash with the Shawano school's basketball squads.

DePere Angler Wins Contest

STOCKBRIDGE — Norbert Daul, route 1, De Pere took top honors in the weekly pike derby here with a five-pound, eight-ounce walleye.

Runners up were Sylvester Vogel, Chilton, and Gib Hemauer, Stockbridge, with five-pound, seven-ounce, and five-pound, four-ounce-fish, respectively.

The contest is sponsored by the Stockbridge Chamber of Commerce.

Seek to Organize New Explorer Scout Post at Clintonville

CLINTONVILLE—A meeting will be held at 4 p.m. Wednesday at the senior high school for all boys interested in the Boy Scout Explorer program.

The Explorer Post will be sponsored by the high school. Werner Wernberg, faculty member, has been selected as adviser.

Boys who are 14 years old and in the 9th grade or 15 years old regardless of their grade level to 18 years of age may attend this meeting.

Chilton PTA Plans Science and Art Show

CHILTON — The PTA has scheduled a science and art show April 1.

The show will be open to all children and youth in the school district. Prizes will be awarded according to age and category.

The group voted to offer a \$25 scholarship. It will be given to the school board to administer.

Speakers at the April 1 meeting will be Judge D. H. Sobora, Calumet County judge, Michael Gallahue, high school teacher and the Rev. Duane Dinnne.

Topic for the meeting will be "Our Changing Community."

Conservation Speaking Contest to be at Chilton

CHILTON — The annual soil conservation speaking contest will begin at 8 p.m. Friday at the courthouse.

County winners in each class will be eligible to compete in the area contest in Green Bay the first week in February.

Program Training Set

CHILTON — A county home demonstration program planning training session is set at 1:30 p.m. Wednesday at the courthouse.

Joan Prochnow, county home agent, said emphasis will be on procedure and methods in program training.

Ten O'Clock Club At Waupaca Sets Dinner Thursday

WAUPACA — The Ten O'Clock Coffee club, which probably is the most informal club in Waupaca County, has a dinner party scheduled Thursday night at Holiday Inn.

With a total membership of almost 60 men, the club has one of the best attendance records of any unorganized club.

At 10 a.m. each weekday, the club meets at the Arcade Restaurant for a cup of coffee. The average attendance ranges between 35 and 40 members.

The club supports a "sunshine cup" to furnish flowers, baskets of fruit and other gifts for ailing members and \$25 for the Waupaca Community Chest and \$5 for Cerebral Palsy.

Social activities usually consist of two dinners with wives as guests and a rollicking, home-spun type of entertainment provided by members.

There also is an annual steak fry, which last year was held at the Tom Holly Cottage, Long Lake, a venison feed and other informal gatherings.

High Single Game in New London Bowling Is 243; Series, 580

NEW LONDON — Maynard Burton blasted a 243 single game to lead the Major League at Van's Alleys. He finished his three game set with a 571. Series honors of the loop were taken by Bob Schulz who posted a 580. His top game was a 225.

Others hitting high scores were Harland Schmidt, 576; Tom Sarta, 555; Ben Boese, 553; Wayne Sawall, 225-566, and Bill Schultz, 235-563.

The only honor count rolled in the Good Sports Loop was a 576 series posted by Don Anderson.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes . . . Relief Lasts for Hours!
New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription. Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurring attacks of painful asthma. This formula is so effective that it is the physician's leading asthma prescription—safe when used as directed that you can be sold without prescription in most states.

Fox River Tractor Sales Hiked 17 Pct.

Firm Nearly at Full Production in Its New Plant at 41 and 10

The new Fox River Tractor Co. plant at the intersection of U.S. Highways 41 and 10 is nearly in full production, with about 250 employees, Pres. R. A. Saiberlich told stockholders at the annual meeting Saturday.

Saiberlich said the company's sales were up 17 per cent over last year, and considerably more orders were on hand than last year at this time.

He said shipments now are being made daily to Israel and France, England and other European nations.

Year, now has offices and showrooms with 155,000 square feet of floor space. A public open house is slated for this summer, he said.

Officers re-elected to the board of directors are R. A. Saiberlich, president; W. L. Saiberlich, vice president; E. W. Saiberlich, secretary-treasurer; Kenneth R. Krueger, assistant secretary, and H. B. Splitt, assistant treasurer.

Elected to the board of directors by stockholders were the three Saiberlichs, Krueger, G. M. Schwalenberg and H. L. Solberg.

Sales Manager for New London Firm Dies in Indiana Plane Crash

NEW LONDON — Delbert Drenk, Chicago — Midwest sales manager for Curwood, Inc., New London, was killed in a plane crash near Fowler, Ind., sometime Thursday, firm officials learned this week.

Drenk was flying his private plane. Conditions were reported as extremely foggy at the time. He was alone in the plane. Drenk's home was in Des Plaines, Ill.

Machinists at Kimlark Okay K-C Contract

NEENAH — Membership of the Neenah local of the International Association of Machinists has ratified a first contract with Kimberly-Clark Corp. Contract details were reached in negotiations concluded Thursday night at a meeting of union officials and management with Edward Larson, representative of the federal mediation service from Green Bay.

No details of the contract were available. Arvel Kinney, Milwaukee, grand lodge representative of the International Association of Machinists, headed the union team in negotiations.

The local represents approximately 43 machinists at the Kimlark plant of Kimberly-Clark Corp. who last June voted to affiliate with the international association after withdrawing from the independent union which previously represented the entire group. The independent union represents nearly three-fourths of the employees at Kimlark.

Appleton Youth Named Student Senate Head

Election Results Announced at UW Fox Valley Center

Richard Rowland, son of Mr. and Mrs. Charles Rowland, 225 W. Seymour St., has been elected president of the student senate at the University of Wisconsin Fox Valley Center.

Results of the student senate elections were announced by Franklin W. Doverspike, chairman of the center music department and director of the balloting committee.

Rowland defeated Martin Redlin, son of Mr. and Mrs. Norbert H. Redlin, 424 10th St., Neenah, in a close race. Third in the presidential race was William Schaff, son of Mr. and Mrs. Clarence A. Schaff, 1914 N. Racine St.

Eight students make up the student senate rostrum. Freshman representatives in the order of votes received are Patricia Riley, daughter of Mr. and Mrs. William N. Riley, 831 W. Taylor St., Appleton; Judith Ebersberger, daughter of Mr. and Mrs. Richard Ebersberger, 622 Cleveland St., Neenah; Pamela Dresang, daughter of Mr. and Mrs. Willard B. Dresang, 827 W. Harris St., Appleton, and Elizabeth Bayer, daughter of Mr. and Mrs. Kenneth J. Bayer, 2232 S. Carleton Ave., Appleton.

While four girls represent the freshman class, they are counterbalanced by four boys representing the sophomore class. Second year senators are, in the same order, Robert Vogt, son of Mr. and Mrs. Eugene E. Vogt, 838 Maple St., Neenah; Karl Teina, son of Mr. and Mrs. Charles J. Teina, 825 Lincoln St., Menasha; Mark Tummett, son of Mr. and Mrs. Paul J. Tummett, 532 Fourth St., Menasha, and Brian Kobinsky, son of Mr. and Mrs. Albert Kobinsky, 1194 Winchester Road, Neenah.

A total of 23 freshmen and 18 sophomores received voting support in the election.

What's the rest of my life worth?

It depends on what values you use for a measure. Your service — to God, country and your fellow man — counts for a lot. How about earnings? Statistics show you will earn between \$200,000 and \$400,000 in your lifetime. Experience shows life insurance protects this earning power best. As an eligible Lutheran, you are invited to take advantage of the Special Difference AAL members share — LOWER NET COST protection.

AID ASSOCIATION FOR LUTHERANS

Large Cities Portrayed as Parking Lots

Autos Cited as Cause For Big Hike in Urban Deterioration

Post-Crescent Madison Bureau

MADISON — A picture of the central district of a typical large city of Wisconsin one day being converted into a big, paved parking lot was presented to the legislature Monday.

Obviously speaking in a facetious vein, Ed Johnson of the League of Wisconsin Municipalities offered the melancholy image when he was asked for comment about the most critical of urban problems now worrying municipal leaders. He appeared at a meeting of a new legislative interim committee which has been directed by the legislature to review urban growth problems.

Johnson asked the legislators to glance out the windows of the capitol, where they held their meeting, and see construction progress on several additional parking structures now underway in this crowded capital city.

Johnson said he could offer no specific solutions for the problem of urban down-town deterioration which is being accelerated by the automobile and the auto parking problem, but he said local governments are anxious to have the state collaborate in such solutions that may be available.

He added that the deterioration of the central city is a universal problem in this country.

The study committee headed by Assemblyman Harold Clemens of Waukesha, meanwhile, discussed briefly a proposal for enabling legislation authorizing the creation of multi-purpose governmental districts on an area basis. The measure was sponsored in the legislature last year by the Fox River Valley Regional Planning commission. Members informally indicated serious reservations about what they called the creation of an additional layer of local government in a state which critics say already has too many local government units.

Limited Paradise

Fletcher Christian, nine other sailors from the "Bounty" and 19 Polynesians left Tahiti in 1789 secretly to colonize Pitcairn Island. The initial settlement has grown to about 150 in the many years since.

Mrs. Albert Kobinsky, 1194 Winchester Road, Neenah.

A total of 23 freshmen and 18 sophomores received voting support in the election.

Officers Elected At Lutheran Church

WINCHESTER — The annual congregational meeting and election of officers was held Monday evening at Grace Lutheran Church.

The regular Sunday services will be held at 10 a.m., and Sunday School at 9:15 a.m.

Confirmation classes will be held at 9 a.m. Saturday.

Communion services will be held at 8:30 and 10:45 a.m. on Sunday, and Sunday school at 9:30 a.m.

A Sunday School teachers' meeting will be held at 7 p.m.

About 135 children attended the movies on Saturday afternoon at the Winchester School. These are sponsored by the Winchester Parent-Teacher Club. Miss Mary Mather, children's librarian at Oshkosh, held a story time for the younger children.

Fox River Paper Sets 1964 Program

Machinery, Equipment Plans Will Call for \$500,000 1964 Outlay

Fox River Paper Corp. is undertaking a new machinery and equipment program for 1964 totaling approximately \$500,000 after completing its 1963 program of \$520,000 including buildings. President Dr. H. Philip Dixon said.

He said two changes in management responsibilities and the addition of two technicians to serve Fox River printer-customers have been made. Douglas A. Morrissey becomes advertising manager and also will continue to exercise supervision over the copy preparation of Customark Corp., a Fox River subsidiary.

E. D. Roberts will give up advertising responsibility to devote full attention to managing the expanded activities of Fox River's printers service bureau. Pat Johnson and Gerald Zinn have completed six months as printing technicians and are making scheduled calls on the more than 4,000 printers who use this mill.

Valley Iron Credit Group Elects Officers

The Valley Iron Employees' Credit Union elected officers at its annual meeting.

They are: Carl Krause, George Yohr and John Knut; to the board of directors. Other officers named were Merrill S. Filz, president; Willard Mack-Harold B. Barker, secretary; in vice president; Harold H. and Donald Kruckeberg, credit Bressers, treasurer; Carl Krause, assistant treasurer.

That's a Switch

"Be walk on the grass" is the rule for children at San Francisco's Golden Gate Park.

Krause, assistant treasurer; Filz, president; Willard Mack-Harold B. Barker, secretary; in vice president; Harold H. and Donald Kruckeberg, credit Bressers, treasurer; Carl Krause, assistant treasurer.

Some Waupaca Partisans Snub Reynolds Aide

sembly and governor," he added.

Hazen claimed the state needs the accelerated highway program, maintaining that unless highway building was spurred, Illinois vacationers would be traveling directly to Minnesota.

"If you draw a line on State 20 across the state, you will see that the northern area is in the state of decline," he continued, and pointed out the need for the tourist business in the northern part of the state.

Industries he claimed, when questioned said their first desire was to have access to good highways and that the state's tax structure was sixth on their list of requirements.

Financial Boost

He indicated a million vacationers would be the financial boost needed to solve the problems of the people living in the northern half of the state and said "10,000 more tourists and several new industries would help Waupaca County."

Hazen claimed Waupaca County Assemblyman Richard Peterson voted against the highway bill.

Hazen charged Peterson had no reason to oppose the bill because he was reassured of reelection in predominantly Republican Waupaca County.

Blames Knowles

"Warren Knowles, a man running for the office of governor, was responsible for defeating the highway bill," Hazen told his listeners. He said Knowles "whipped the Republicans into line when it was apparent the bill would be passed and the governor would gain popularity."

Hazen hinted Reynolds would run for another term.

Tipsy Driver Fined \$100

Iowa Motorist, C. Q. Cordray, 21, Loses License

WAUPACA — Charles Q. Cordray, 21, Cedar Rapids, Iowa, pleaded guilty of operating an auto while under the influence of alcohol and was fined \$100 Monday when he appeared before Waupaca Municipal Justice George Whalen. Cordray's driver's license also was revoked for one year.

Cordray was arrested about 7 p.m. Sunday in the Town of Farmington by a Waupaca County patrolman.

Undersheriff William Mork said Cordray was "unruly and looking for a fight when he was brought to the sheriff's office." He admitted having four beers, police said.

CD System Is Explained

Credit Union At Marathon Picks Directors

NEENAH — Members of the Marathon Employees Credit Union Sunday re-elected four of their board of directors to new three year terms and selected one new man for the credit union during the 30th annual meeting of the organization.

Directors re-elected were Ronald Farrell, Ray Gannon, Elmer Kohler and Douglas Strong.

Phil Palmer was re-elected to the credit committee and members elected Robert Spiering to fill the office on the committee vacated by Edward Resch.

Members of the board of directors will select officers at a meeting at 7 p.m. today at the credit union building, 312 East St., Neenah.

Charles Hyland of Madison, who organized the credit union 30 years ago, was principal speaker at the annual affair.

Eight members of the first board of directors also attended. They were Miss Nellis Webster, Hugh Geibel, Walter O'Brien, Antone Meyer, Harry Burr, Peter Jung, Walter Brodendick and Phil Grode.

Apology to the School Board

The *Post-Crescent* apologizes to the Appleton Board of Education and to its readers for the erroneous information it published in its Sunday edition in cutlines accompanying two pictures illustrating laboratory equipment in an Appleton and a Menasha school. The error was inexcusable. All we can say is that it occurred during the last-minute rush to get the Sunday edition to press late Saturday night.

Our education reporter, Miss Jacqueline Fix, had written a quality article backgrounding the current discussion in the school board over whether federal aids should be accepted in certain cases for Appleton public schools. A photograph shown to the board at its last meeting was selected for publication with the article. It showed a science laboratory in Butte des Morts Junior High School at Menasha. The *Post-Crescent* then took a photograph of the science laboratory at Madison Junior High, the city's newest secondary school. There was no intent on the *Post-Crescent's* part to declare that one was better than the other.

But the staff member who wrote the cutlines did not familiarize himself with

the story or what the pictures were supposed to illustrate. As a result the cutlines were entirely in error.

Most unfortunately, the cutlines as published gave the impression that the laboratory (at Menasha) furnished with equipment purchased with the aid of National Defense Education Act funds was superior to the laboratory in the Appleton school.

To clarify the *Post-Crescent's* position on the matter of whether or not the Appleton School Board should accept federal aids, may we repeat what we have said before editorially on the subject.

We do not believe that the school board should make its decision on this matter on the basis of the individual beliefs of school board members as to whether the federal government should extend aid to local school systems. We do not believe that a blanket policy not to accept any federal aid is necessarily a wise one.

We believe the school board should analyze each individual situation where federal aids are available on its individual merits. The final decision should be based on what is best for the students in the Appleton public school system.

Weakness of County Government Again

The tragic weakness of the county board system in Wisconsin is being graphically demonstrated in Brown County through a personnel controversy which threatens to damage the effectiveness of that county's Mental Guidance Clinic. The clinic offers out-patient psychiatric service, mainly to children.

The clinic is supervised by a board of directors of interested citizens appointed by the county board. Recently this board asked for the resignation of the psychiatrist who was the clinic's director. The board stated that the clinic had not made the progress the board felt it should during the six months probationary period the director had been in charge.

Then the controversy started. Several county board supervisors demanded a full airing of the matter. Under the basis upon which the clinic was set up, the board of directors does not have final authority in personnel matters. This belongs to the full county board. The ousted director demanded a hearing before the board.

The danger of course in a full public discussion of the personnel issue is that the reputation and public confidence in the clinic will be severely damaged. The personnel committee of the county board tried

to handle the matter privately, reviewed the situation and recommended that the directors' action be upheld. But this did not satisfy other supervisors. They still wanted a full debate and a special session has been called for later this week to go into the whole matter.

The situation is reminiscent of the Brown County Board's administration of its Arena several years ago when supervisors set out to get rid of the Arena manager. Before the matter was concluded the administration of the Arena had been so badly impugned that community confidence in its operations still has not been fully restored.

The fact of the matter is that county government is not organized to operate guidance clinics or arenas. It has no executive branch, no administrative head to handle these personnel problems. The entire board becomes involved in every little personality squabble as well as major personnel difficulties in its public services.

Counties are now permitted if they wish to appoint or elect a county administrator which might offer a partial solution to this problem. But since the Quinn Bill was passed and signed into law not a single county has moved in this direction, notably Brown County which needs one so badly.

The Coordinating Committee Hassle

The public can be excused if the current disagreement on the coordinating committee for higher education sounds confusing and childish. It is. What has really happened is that the political disputes between Republicans and Democrats have now spilled over to the boards of regents which, in the best interests of education, should not be politically motivated.

Of course it is probably too much to ask that such political angles be avoided. When Democrats came into control of the statehouse, the appointment power naturally became important to them. If Republican governors had been able in general to pay more attention to what might be termed the educational rather than the political qualifications of potential appointees, the change was to be expected.

But it has been disturbing that some of the regents appointed by either Gaylord Nelson or John Reynolds have tended to emphasize the political rather than the educational aspects of their positions. This probably had something to do with the choice of at least one college president. The effort of some of the Democrats on the college regents to demonstrate their political power was certainly the primary motivation in the effort to end Jim Dan Hill's tenure as president of Wisconsin State College at Superior.

The desire to change things at Superior was not only because Dr. Hill is a conservative and had at one time been considered for a Republican candidacy. He and his administration have been controversial for years. The city of Superior as well as parts of the college staff have been split about his methods of maintaining control. The dispute erupted into the Ball case several years ago and it should not be forgotten that John Reynolds as attorney general refused to handle the anti-Ball case for the state. The regents may have been able to rationalize their efforts to dispose of Dr. Hill but in view of the fact that he had only three years before compulsory retirement, their declarations that they were

working for educational benefits rather than a political show of power look inadequate.

But the compromise, in inducing Dr. Hill to step down and take a position with the coordinating committee, did not avoid a wide-open fight as the college regents apparently hoped. Instead Governor Reynolds denounced the action and he was echoed by Meyer Cohen, strong Reynold's backer and member of the coordinating committee. The charge by university representatives on the committee that the college regent action was a "unilateral" one only indicates that there has been a return to university versus college factions on the committee since the death of Conrad Elvehjem.

The episode once more demonstrates that Wisconsin should have a single board responsible for all the public institutions of higher learning in the state. The coordinating committee has little authority and the agreements worked out over the years have been the result of dedicated work by dedicated men and women who were immensely concerned about education. One board would not mean the absence of political pressures with the present ratio of Republicans and Democrats in state affairs. But it could hope to minimize the pressure and at least avoid pitting the backers of the colleges and the universities against one another.

The coordinating committee was all that former Governor Walter Kohler was able to sell the reluctant legislature a decade ago. But the task of planning the state's program of higher education has multiplied greatly since then and will continue to do so in the future.

Wisconsin needs one board to do this job and it needs it now. In the meantime the governor and the members of the two boards of regents and the coordinating committee should recognize the great damage which will be done to our institutions of higher learning—and their students—if the latter become pawns in the state's political war.

You Can't Beat Power Steering

People's Forum

Protests Inferences, Accuracy Of Captions for School Pictures

Editor, *Post-Crescent*:

I write in regard to the presentation on federal aid to education in our public schools, which appeared in the *Post-Crescent* for Sunday, Jan. 26.

Firstly, the feature article by Miss Jacqueline Fix was, to the best of my knowledge, factual and objective. Miss Fix does a consistently fine job, and she merits high praise for her efforts.

It is the two pictures and their caption which disturb me. The upper picture purports to show that "An Appleton High School student has difficulty conducting a chemistry experiment in the high school's laboratory. The laboratory was built without National Defense

Education Act (NDEA) funds."

According to Miss Fix's article, Appleton High School was completed in 1938, and with considerable federal aid. It could hardly have been built with NDEA funds, since NDEA was first enacted roughly 20 years later. Might it be that the unidentified "difficulty," if it exists, stems more from the age of the building than from the source of the funds? Much as we may regret it, it seems necessary to use public school buildings over a considerable span of years, and to remodel them infrequently. Comparison of an old facility with a new one almost inevitably shows the new one to advantage.

If the reporter would have us

believe that NDEA assistance is necessary to prevent student difficulties, it would seem that he could have found a more striking comparison. The "well - equipped laboratory," "built with NDEA assistance," shown in the lower photo hardly appears superior to the upper one. He might also have been more careful with his facts. Contrary to the caption, neither picture was taken in Appleton High School.

Federal aid to education is a valid issue, with impressive arguments on both sides. Any newspaper has the right to take whatever position it believes proper, and to support that position editorially. It also has a responsibility to its readers to maintain high standards of objective reporting. Biased presentations, based on innuendo, half-truth, and careless reporting, are unworthy of such a fine newspaper as the *Post-Crescent*.

Young Drivers With Training Are Good Drivers

From The Dallas Times Herald

The American Automobile Association makes a graphic illustration based on driving and accident statistics. Suppose you had 200 children, ages 15 through 24, the AAA asks.

You allow 100 of them to have high school driver training education of 30 hours in the classroom and 8 hours behind the wheel. The remaining 100 were not given driver training education.

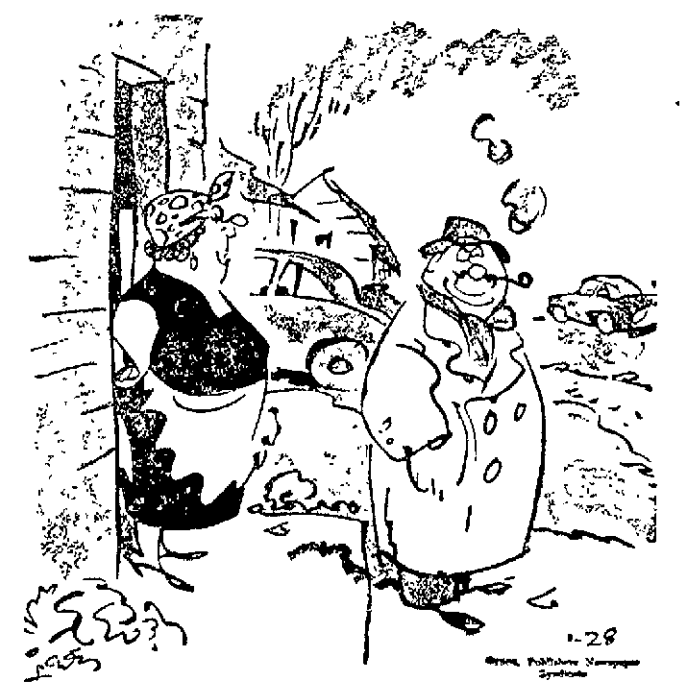

The results: the trained driver would have one accident in his driving career, the untrained driver would have 15.3.

The untrained drivers receive as many as 35 per cent more traffic tickets than the trained drivers, the AAA notes.

This shows the importance of training a driver before putting that driver behind the wheel to gain public experience. Those first years behind the wheel, especially if they are also years of immaturity in actual age, are the ones during which proportionately so much more tragedy occurs.

Wisconsin Report

Johnson Campaign Is Off and Running at Early Date in State

BY JOHN WYNGAARD

MADISON — The Johnson campaign band - wagon is off and running in Wisconsin at such an early date that skeptics might find in it some evidence of anxiety among the drivers in the Democratic state machine.

The first Wyngaard rally of the men and women who want to have a part in getting for the President a full elective term was an impressive one in size of attendance, by any fair test, and indicates that the party is not inclined to write off this state in spite of the discouraging record that it has won only one presidential count here in 20 years.

It may, in fact, suggest that the working Democratic politicians are aware of one of the central facts about Wisconsin political behavior, that the Republicans tend to run better, throughout their ticket, in the presidential election years. If that pattern holds this year, it means that the Democrats are required to build here as effective a national election drive as they can, for the sake of Gov. Reynolds, Sen. Proxmire and all the other running-mates of the president.

THE METHOD

The problem of the working Democratic politician in Wisconsin at a time when a new national administrator is settling down is to reestablish his identity. The death of President Kennedy, besides its dimensions as a national tragedy, was a peculiarly personal thing for many of the Democratic professionals of this state because the late President knew so many of them through his arduous campaigning here in the 1960 primary. It has been said, and it is doubtless true, that the President and his aides, and notably Attorney General Robert Kennedy, knew more politicians here by their first names than

in any other state of the country except their own Massachusetts.

Pat Lucey and the others who staged the first Johnson rally recently devised a characteristically ingenious way for these suddenly rootless local politicians to establish a new allegiance. They were given addressed post-cards, containing space for their pledge of support and their names, which will arrive at the White House as early and possibly considerably earlier than those of most of the other working politicians of the country. One can guess that a fair quantity of such loyalty letters have already been received from the Wisconsin faithful who have observed the pragmatic method of the new President of the United States.

NOW AND THEN

All of which also shows something about the adaptability of local politicians, on the one hand, and perhaps, the change in the outlook and philosophy of Mr. Johnson, on the other.

A visitor at the "Wisconsin for Johnson" rally didn't have to search long to find a couple of dozens of prominent Democrats who were skeptical or hostile about Johnson as recently as 1960. This reporter found half a dozen who were delegates at Los Angeles that summer and who were so enraged at his selection by Mr. Kennedy for the vice presidential nomination that they refused to vote and stalked out. But that was 1960. Mr. Johnson now occupies the most powerful office in the world and there is not the slightest shadow of a doubt that he will be nominated in his own right for a full term at Atlantic City next August. The practical Democratic politician concerned about his future has no choice.

The literal - minded, meanwhile, may reflect upon a situation that finds a Wisconsin campaign machine built and moving, on behalf of a man who has not yet said that he is running for renomination or reelection.

Strictly Personal

Choice of Dog Reveals Personality of Owner

BY SYDNEY J. HARRIS

After an absence of many years, I have rejoined the ranks of dogowners, succumbing to heavy pressure from several junior members of the family, who (falsely) promised that they would do most of the work involved in training, feeding and exercising a large, clumsy and omnivorous Dalmatian puppy.

Harris

What most interests me in walking this spirited creature (who keeps, somehow, bumping into himself) is the high degree of congruence between owners and their dogs. Everyone has remarked on the fact that many old people and their equally ancient canines begin to resemble each other in looks: what is more remarkable is the assonance of temperament.

Why do persons select the breeds they do? On the surface, some of the answers would seem quite logical and rational — this breed won't shed hair, that one is small enough for an apartment, another is a good watch-dog, and still another is said to be gentle with children.

But beyond the "good" reason, there is always the real reason. And the real reason, in most cases, I suspect, has more to do with the psychological needs of the person buying

a dog, even if it is presumably for his child.

It is no accident that mean people have dogs that bristle with hostility toward strangers: that fat, self-absorbed, spoiled rich women tend to have little cuddly beasts that yap and pout and demand pampering; that weak and frightened men prefer large dogs that look menacing but are really quite tractable; that indolent people prefer animals who scarcely move away from the fireplace.

It is not so much — as commonly believed — that people and their dogs begin to look alike; it is, rather, that their attitudes toward the world complement one another. The expressions of their personalities are somehow similar, even when they live together in a kind of hostile symbiosis.

There is also a profound difference between the dog-lover and the dog-liker. The ardent and dedicated dog-lover is often a people-hater, who has displaced the emotion proper to humans onto dogs, perhaps without being aware of it. At bottom, such persons are deeply disappointed in life, scarred permanently by some infantile sense of rejection.

To love a dog too much is to do him a disservice, to bring him too closely and cloyingly into the human orbit, to destroy whatever independent personality and small free will he may have had originally. Dogs and masters (or mistresses) begin to look alike when the dog becomes too much a person, and the owner too little a human being.

Potomac Fever — by Fletcher Knebel

In quitting outer space for politics, you might say that Astronaut John Glenn is toiling down the ladder of success.

* * *

"Television's title for the story of David and Goliath: "That Was The Weak That Wasn't."

* * *

Some liberals are having a change of heart on foreign aid. Instead of giving away billions every year, they'll settle for giving away the Panama Canal.

* * *

"I've got it!" shouted the cigaret marketing executive.

"The perfect name for a new brand—Remedial Action."

* * *

Junior to dad: "What gets me, pop. If you didn't have TV to watch when you were a kid, how did you get your homework done?"

Foot-note on astro-politician John Glenn: Bob Taft, Jr., wants to follow his famous father to the Senate. But dad had it easier. He didn't have to run against the Wright brothers.

Looking Backward

Money Order System Considered

100 YEARS AGO

Quoted from the Appleton Monitor for Jan. 28, 1864.

The establishment of a Post Office Money Order System is being contemplated by the Government. This is a desirable improvement and one we hope to see speedily put into practice as by it much of the present insecurity of transmission of money by mail will be avoided.

In Great Britain the Money

Order System has been in force for many years, and is extensively used. Money Orders are issued and paid at every Post Town in the Kingdom at a charge of 3d. (three pence) for sums not above 2 pounds, and 6d. (sixpence) for not over 5 pounds, which is the highest sum for which a single Money Order is issued.

Payment of a Money Order must be obtained before the end of the third months after it was issued, or a fresh commission is to be charged, and

no Money Order is paid after twelve months.

Fraud is prevented by the refusal of the office drawn on to pay the order until the official letters of instructions from the drawing office has been received, and not then unless the person presenting the Order can furnish the name of the person who first obtained it.

Turbulence Is Forecast From Chinese Problem

BY JAMES MARLOW

WASHINGTON (AP) — The Red Chinese are either backing down on their resistance to a "two-China" policy or they are going to try to use American allies and friends, and even neutrals, to put this country in a box.

The problem of Red China promises to make 1964 a mixed up, goofy, and turbulent year. It started Monday when France recognized the Red Chinese, meaning it recognized them as the legitimate rulers of all mainland China.

France did this against the expressed wishes of its American ally which backs Chiang Kai-shek who claims his Nationalist government on Formosa is the only legitimate government

both of Formosa and the mainland.

From a realistic standpoint this is a fiction and has been for years. The United States got thrown into it and then got stuck with it.

Chiang Defeated

The Reds defeated Chiang and his armies and drove him from the mainland to Formosa 100 miles offshore in 1949 after this country had given up helping him because his government was corrupt and useless.

He has been on Formosa ever since and could never get back to the mainland without American help, which isn't being given him, although this country is pledged to defend him from a Red Chinese invasion.

The Reds not only control the mainland, with its 700 million

people, but show absolutely no sign of losing control. There are 11 million people on Formosa.

When Chiang first fled to Formosa, the United States washed its hands of him, said it wouldn't defend him from Red Chinese attack. It made him an ally, and agreed to defend him, only after the Korean war began.

Add Point

Now comes the odd part, the only point on which Chiang and the Reds agree. Both insist Formosa and the mainland are not two separate Chinas but just two parts of one China.

Both claim to be the legitimate rulers of the one big China. Everything gets murky after that.

The Reds until now have insisted they wanted no recognition of their right to boss the mainland from any country recognizing the sovereignty of Chiang's government over Formosa.

Chiang has insisted on the same thing, but the other way around. To do otherwise, both argue, would be to admit there are two Chinas instead of one.

Forty-eight countries now recognize the Red Chinese, including some of this country's North Atlantic Treaty Organization allies: Britain, Norway, Denmark, the Netherlands. Now suddenly there appears to be a switch.

Red China is accepting recognition from France which also recognizes Chiang's government. It may be they hope outraged Chiang will disown the French recognition, although

this country insists he must not. If such a hope is not the real basis for the Reds' acceptance of the dual French recognition, then the Communists seem to be abandoning their long-stated policy against the "two-China" recognition.

What could they hope to gain? If other countries flock behind France, particularly American allies, in recognizing Red China it should weaken this country's anti-Communist China position and cause trouble with friends.

For years this country has failed in trying to isolate the Red Chinese from the rest of the world, diplomatically and economically. Why the American attitude?

Several reasons: Anger over Red China's part in the Korean war; hostility of Red China to this country, particularly because of American support and defense of Chiang; the fear that the more influential and respectable Red China becomes, the more Southeast Asian coun-

tries will lose their will to resist communism.

Modern Dilemma

The Red Chinese have said they want no dealings with this country until it abandons Chiang. Thus the two countries, the United States and Red China, are in one of the worst dilemmas of modern times.

This isn't all. Now the Red Chinese can be expected to push for admittance to the United Nations, over American opposition, where Chiang's government has

one of the five permanent seats on the Security Council.

The main purpose of the Red Chinese at the moment would seem to be to use some device to weaken American prestige and influence and, in short, change the course of events.

Besides, after their split with the Soviet Union, the Red Chinese need to look elsewhere for help in supplies and trade, if not in arms.

Gas Poisoning Kills 8 Japanese Youths

TOKYO (AP) — Eight Japanese youths died during the night from gas poisoning at a hostel beside Lake Shirakaba, a resort 100 miles west of Tokyo.

The victims, ranging in age from 19 to 23, were found in their beds. A faulty oil stove was blamed.

. . . Then Right Now Is The Time To Put Post-Crescent Want Ads To Work For You

It's that time of the year again. Time to sit down with "old inevitable," the tax return, and wonder where all the money you earned went to. If you're also wondering where the money you need to pay your taxes is going to come from—here's your answer, Post-Crescent Want Ads . . . and here's how it works.

Take a look around your home, inside and out. Write down every worthwhile thing you find that isn't used, enjoyed or needed any more. Keep on the look-out for things like outdoor furniture, yard and garden tools, barbecue equipment, golf clubs, tennis rackets, water skis, transistor radios. Remember too . . . things like furniture, appliances, rugs, drapes, TV sets, good outgrown clothing and toys know no season . . . they're always in demand.

When you have your list, dial RE 3-4411 or PA 2-4243 and give it to the experienced Ad Writer who answers. She helps you word your ad to get fastest results. Soon you're in touch with buyers who pay you cash for things you didn't use any how.

So if your income is taxed by your income tax—put money-making Classified Ads to work for you today. (And it works great the rest of the year too when you can have more fun with the money you get!)

LOOK AT THE RESULTS FROM THESE LOW-COST, FAST ACTION "WANT ADS"

"RESULTS FIRST DAY" 1960 MOTOR SCOOTER—Eagle, Cushman. Excellent condition. \$100. RE 3-2593.	"SOLD AFTER 1st DAY" REFRIGERATOR—10 yrs. old. Excellent condition; Freezer top. \$50. RE 9-3520.	"EXCELLENT RESULTS" 1936 FORD—3 window coupe. Body excellent condition. 10 coats lacquer. \$200 less engine. Inq. 819 W. Commercial, Appleton.

Appleton High School students rehearse a scene from "Kismet," the all-school musical which will be presented Feb. 14 and 15. Linda Reynolds, center, sings while Alice French, Nancy Dafee and Paula Nichols, seated from left in front, and Bruce Witter, at far left, listen. (Post-Crescent Photo)

On the House

'She-Who-Makes-Pencils-Talk' Leads Pupils in Indian Project

BY CHARLES HOUSE
Post-Crescent Staff Writer

DEPERE — A one-room schoolhouse south of here almost went back to the Indians last week when the entire school population — a small handful, as in a scalp — went native.

The wild Indians were, until recently, plain old pale-face farm children living in the Town of Rockland, Brown County, and attendees at the little Schink school on Highway 32. Today they are probably savage folk from the primeval forest who scorn the white man on the grounds that he speaks with forked tongue.

The 29 youngsters, ranging in age from 7 to 11 and grades from first through sixth, were welded into a single tribal unit by their teacher, Mrs. Beatrice Cushman, a pale-face. In the unified classroom, Mrs. Cushman sought to meld history with handicraft, Americana with spelling, English with archeology, woodlore with sociology, music with physical education and art with research.

It seemed to work. Last week in great council the young ones displayed their Indian art and handicrafts. They had lopped off saplings from someone's farm; they had sewed burlap and animal skins and pigeon feathers; they had plied gaudy paints in primitive design onto the whole and it made a likely tipi. The feathers were provided for the purpose by two braves, Steven and Mark Schink, armed to the teeth with BB guns and a grim purpose.

Totem poles had been made from a succession of rising brown paper bags with suitable Kwakwaka'wakw Indian designs. Assembled, too, was wampum, squashes, Indian corn, hand-made gourds, sunflower seeds, pine cones, beaded ornamentation.

Indian Customs, Food

The six great nations never stopped.

Under the leadership of She-who-makes-pencils-talk, the

Burglars Carry Off Police Station Lock

AUDUBON PARK, N.J. (AP) — Police are looking for two guns and two boxes of ammunition missing from the police station.

They are also looking for the lock on the station's front door. Police Chief Louis Sipplee said he discovered the thefts when he arrived to open the station today.

ed into a splendid bread by a helpful pale-face mother, Mrs. Paul Schink.

The braves of the tribe, accoutred with bare bellies and coup-feathers and either moccasins or Lee Store socks, punmeled the 40 year old floorboards in a one-two beat Indian dance while others kept time with rattle - gourds and rubber-topped, coffee-can tomtoms.

Dancing Braves

The dancing braves were such 9-year-old warriors as Robert Hecker, Ronald and Jerry Linzmeier. Bruce Simurdak, Joseph Coenen and Steven and Mark Schink, who are fearless in war even though Mark is only 8.

The leaders of the sing-song Indian airs were squaw-women Bonnie Wicker, 9; Virginia Schink, 9, and Cindy Smits, 8.

In between wild, if imagined, battles with the evil Iroquois, the Schink tribes scrawl out little plays about Indian villages. And She-who-makes-pencils-talk also requires extra reading on the subject of...

Well, you know.

TINY HEARING AID NEVER NEEDS BATTERIES

If you have trouble hearing well, a tiny flesh-colored instrument, the world's smallest aid, will completely solve your hearing problem. Entire unit fits right in your ear to give you natural, normal hearing and understanding. Has no cords, tubes or external wires and never needs batteries. It is the smallest, most effective and least expensive hearing aid on the market today because there are practically no operating costs. Weighs less than 1/4 ounce, and is unconditionally guaranteed by a world famous manufacturer. Write Zimmerman Hearing Aid, 3509 MacArthur Ave., Manitowoc for further information. No obligation.

Today in History

BY THE ASSOCIATED PRESS

Today is Tuesday, Jan. 28, the 28th day of 1964. There are 338 days left in the year.

Today's highlight in history: On this date in 1697, Sir John Fenwick was executed for plotting against England's King William III.

In 1596, the English navigator and admiral, Sir Francis Drake, died aboard his ship off Puerto Bello, Panama.

In 1807, London's Pall Mall became the first street in the world to be lighted by gas.

In 1902, the Carnegie Institute in Washington, D.C., was founded.

In 1922, a heavy weight of snow caused the collapse of roof of the Knickerbocker Theater in Washington, D.C., killing 98 persons.

In 1947, Dr. A.S.W. Rosenbach paid \$151,000 for a copy of "The Bay Psalm Book" — The first book printed in the English colonies in America.

Ten years ago... Anti-British rioting over Gibraltar compelled the British navy to cancel visits by ships of the home fleet to ports of Spain and Spanish Morocco.

Five years ago... Virginia Gov. J. Lindsay Almond told the state legislature he was powerless to prevent the imminent desegregation of public schools in three cities.

One year ago... UN officials seized the records of Katanga's National Bank to find the former secessionist province's assets amounted to only \$116 and that more than \$2 million was missing.
